FRIDAY, Nov. 13th, 1914.
Earning Golden Opinions.

It is gratifying to learn that the Newfoundland Regiment is earning golden opinions in England. They are held to be the best disciplined and best drilled battalion outside the Regulars. The War Office is well satisfied with the quality of the men we have sent out, and has offered to furnish their remaining equipment, ammunition wagons, and the like and to provide the commissariat free of cost. They also offered to furnish the complete equipment to provide for and to furnish the pay at the rates of the regular army of any future contingent leaving our own Government to supplement this to bring it up to the scale of the Canadian contingent, at which our own boys on Salisbury Plain are paid. The Newfoundland Government while accepting the offer considered that they should hold themselves responsible for the whole pay. A meeting was held last evening of those members of the House of Assembly who could attend with a view of offering their services to local patriotic committees with a view to the holding of meetings about the war and Newfoundland's connection with it. His Excellency the Governor is lecturing in Harbor Grace and Carboneau. Mr. F. J. Morris held a meeting at Placentia, and Mr. Morine and Mr. Coaker will address a meeting at Catalina on Sunday next, and other meetings will be addressed by other speakers. There is a special call for Naval Reservists, the Admiralty has accepted the offer to bring up the naval reserve to 1,000 men and the men are needed as soon as possible. We have about 450 naval reservists already about and about 200 on the Calypso. As our young fishermen settle up their season's fishery, they are offering their services, and we have no doubt as they grow alive to the need, they will more readily respond, and we shall have the naval reserve brought up and kept to a thousand strong. A fund has been started to supply our soldiers and sailors with tobacco from home, somewhat on the lines of the London Daily Mail scheme. His Excellency the Governor has started the fund with a cheque of fifty dollars. The idea is to send a packet monthly to each man on land and afloat consisting of 1/2 lb. of smoking tobacco, 40 cigarettes and a box of matches, as a reminder of home. The scheme will cost about \$500 a month, and we have no doubt this will be easily raised. Messrs. A. Macpherson, C. O'N. Conroy and F. H. Donnelly have been asked by His Excellency to take charge of the movement and they have already set to work energetically. Mr.

F. H. Donnelly asks that all subscriptions be sent to him addressed to the City Club.

Bazaar Closes.

A FINANCIAL SUCCESS.

The C. L. B. Bazaar was very liberally patronized again yesterday afternoon and night, and as a result the total receipts will be in the vicinity of \$4,000. The stall-holders did a brisk business and succeeded in disposing of practically all the goods offered for sale. The dance which was held by the N. C. O's was largely attended the battalion band furnishing the music for the occasion. The bazaar on the whole was a great financial success, particularly in view of the present conditions. The proceeds will go towards the funds of the Brigade Armory. To the ladies who promoted the sale, and prepared the attractive articles with which the stalls were filled, much congratulation is due on the results achieved. **EARL OF DEVON BACK.**—The S.S. Earl of Devon, Capt. Carter, returned from the White Bay Service, at 7.50 p.m. yesterday. The ship was as far north as Cape Norman, and reports very stormy weather all along the coast, considerable snow having already fallen at many of the ports. She brought a small freight and several passengers.

11.30 A.M. CASUALTY LIST.

LONDON, To-day. A casualty list dated November 3rd, issued here gives the names of 10 officers killed and 28 wounded. Among the killed are Lieut.-Colonel Moreland, Welsh Regiment; Lieut.-Col. Percival, Northumberland Fusiliers. In the list of wounded appears the names of Lieut.-Colonel Boys, Royal Engineers, and Major B. K. Pell, Queen's Royal West Surrey Regiment.

GERMANS IN TURKISH NAVY.

HOPE ABANDONED.

LONDON, To-day. The Admiralty to-day announced that in the absence of further information, the loss of the British cruisers Good Hope and Monmouth is now "officially" presumed.

ANOTHER MILLION SOLDIERS WANTED.

LONDON, To-day. It is reported in Parliamentary circles that the Premier will on Tuesday ask Parliament to sanction the raising of one million additional troops for purposes of the war. It is understood the Government intends to issue a war loan of One Billion Dollars, probably at four per cent, redeemable within 10 years. It is estimated Great Britain is spending thirty-five million dollars weekly on war, and in addition to the war loan the Government may propose to raise a further \$250,000,000 by increasing the income tax to half a crown in the pound. This would provide for necessary expenditure till next March, end of Financial year.

ABSENCE OF PARTY SPIRIT.

LONDON, To-day. The absence of party spirit was the conspicuous feature at the opening of Parliament. Bonar Law's admirably discreet speech was cheered in several instances by both Ministers and members of his own party. The appeal for more liberty for the press and more generous treatment for soldiers and their dependents were cases in point. Asquith's refusal to enlighten the extremists concerning allies pleased many members of the Opposition and the Times commends his attitude. Arthur Henderson, Labor Leader, upon the continuation of the debate on the Address in Reply to the Speech from the Throne, said that organized labor felt that the only course now open was to go straight through with the war until complete and final success had crowned the allies' efforts. When the end came he said labor would use its powerful influence towards a settlement on the lines of true nationalism and democracy. William Joyson Hicks, Unionist regretted the widespread anxiety concerning the presence of German spies in this country. The Home Secretary in reply, said the Government must be careful that injustice was not done any person. He said that at any rate his department in this matter was acting under the instructions of the military authority.

NOON.

RUMOR KARLSRUHE CORNERED.

LONDON, To-day. It is rumored among shipping firms in London that the German cruiser Karlsruhe has been cornered.

GERMAN DEFEAT AT KALISH.

ACTIVITY IN KIEL CANAL.

LONDON, To-day. A despatch from Copenhagen to the Times says: Military experts here attach importance to the news that great and unusual activity prevails among German warships and auxiliaries in the Kiel Canal.

GERMAN SUBMARINE SUNK.

PARIS, To-day. A special from Dunkirk states that a French torpedo boat sank a German submarine off Westende, Belgium. The submarine, it appears was trying to torpedo a French warship, when the latter's commander caught sight

of her periscope, put on full speed and charged down on the enemy which disappeared. A large quantity of oil rose to the surface marking the spot where the submarine sank. The torpedo boat sustained only slight damage and returned to port for repairs.

12.30 P.M.

57,000 BRITISH CASUALTIES.

LONDON, To-day. The British casualties in the war to October 31 were approximately 57,000 men of all ranks. This estimate was given by Asquith in the Commons yesterday in reply to Edward T. John, member of House from East Denbighshire.

TWO GERMAN WARSHIPS AT VALPARAISO.

VALPARAISO, To-day. Two warships of German nationality have just steamed into Valparaiso Harbor; their names have not yet been ascertained.

GERMAN COLLIER INTERRED.

NEW ORLEANS, To-day. Twice chased by cruisers, the Hamburg-American liner Macedonia which sailed from here on August 24th, supposedly laden with coal for the German cruiser Karlsruhe, is interned at Las Palmas, Canary Islands, according to a letter received yesterday. The whereabouts of the Macedonia had been a mystery for more than two months, as the vessel had not been reported since shortly after she slipped out into the Gulf on her mysterious mission.

THE EXTRA MILLION.

LONDON, To-day. Supplementary estimate to provide for another million men required by the British Government during year ending March 31st, was introduced in the Commons to-day. This brings the total army, not including territorialists, to 2,188,400 officers and men.

LEIPZIG AND DRESDEN.

VALPARAISO, To-day. Two German cruisers Leipzig and Dresden steamed into Valparaiso Harbor this morning and at once started taking on supplies and provisions.

Lecture on the War.

BY HON. J. A. ROBINSON.

An interesting and instructive lecture entitled "The Cause of the War, and why the Empire is involved" was delivered by the Hon. J. A. Robinson at the Salvation Army Citadel last night. The lecturer reminded the audience, who listened with an attentive ear, that the cause of this great conflict is due to the half-crazed anarchist who assassinated the Crown Prince of Austria. This man, said Mr. Robinson, is no less than an Austrian, but because his people are of Serbian descent, Austria demanded recompense from Serbia. An ultimatum which made ten demands was served on Serbia, who complied with nine, but the tenth, they said we cannot comply with, but we are willing to send it to the Hague Tribunal and abide by their decision. Germany had an eye on the Balkan War, and could plainly see by the way their little differences were settled, that was getting her farther away from her purpose, she therefore urged, and almost forced Austria into this war. Russia who is known as the great bear, told Austria to keep her hands off little Serbia or she would compel her to do so. Russia was then drawn into the conflict. France and Russia being allied drew France into the fray. Germany therefore made a declaration of war on Russia and France.

The lecturer then continued, Germany's first object was to give a quick decisive blow to France, but in order to do so she had to send her troops through Belgium territory. Belgium had been the scene of many battles, but in 1870 the nations decided to keep the neutrality of Belgium. Great Britain asked France if she intended to adhere to the neutrality of Belgium, to which she answered, "We will keep the neutrality of Belgium." Germany was also asked but an unsatisfactory reply was given, hence the reason why the British Empire was drawn into the struggle. We are living in peaceful Newfoundland, continued the speaker. Our five hundred sons have rallied to the colors. Our naval reserve have gone to the assistance of Jellicoe. What would happen if the German Navy were bottled up in the North Sea, and we did not have British ships to protect us. Why we would wake up some fine morning and find a German warship off our coast. She would not come in the harbor but would send and demand the surrender of Newfoundland. Failure to do so would mean that our city would be bombarded and the city laid waste. But what would happen if the city surrendered. Our banks would be looted, our money stolen, our men from 17 to 45 would be taken and trained for the army and navy. Our language would be changed and those who use the British language shot. After the lecture Brigadier Morehen proposed and seconded a vote of thanks to the lecturer, and asked the audience to rise and give a hand-clap. The audience responded with enthusiasm after which the band rendered the National Anthem which brought the meeting to a close.
