Herring Fishery.

Herring continues plentiful in Bay of Islands. Last week some of the fishermen had to tie up their nets in Middle Arm and vicinity owing to the abundance of the fish. On Monday there was big fishing in the Humber Arm. Boats loaded on the Bar and some were unable to free their nets. One man loaded his boat from one net.

The greatest difficulty the fishermen are experiencing is the disposal of their catches. There is very little market. The packers are unable to handle any great quantity, and there is very little buying for salt bulk. So far only one outside vessel has entered into the business. Other years there would be quite a fleet of vessels

here by this time seeking salt bulk herring cargoes. The price of herring was \$2.50 per barrel from the nets yesterday.—Western Star, Dec. 3.

From Cape Race.

Special to Evening Telegram. CAPE RACE, To-day. Wind E., fresh, weather dull; the s.s. Coban passed in yesterday afternoon; several small schooners passed west and a three-masted schooner is in sight bound in this a.m. Bar. 30.28; Ther. 34.

ASTRACHAN.—We have received a small shipment of Black Astrachan, \$5.00 and \$11.50 per yard; Navy, \$4.25 per yard. G. KNOWLING, Ltd.—nov29,dec2,5

At the Majestic.

What O Henry, Edna Ferber and other story writers have done for department store workers in literary form, Charles Klein did for the stage in "Maggie Pepper," and now Paramount has pictured the play, as a screen attraction with beautiful Ethel Clayton as the star. The picture will be shown at the Majestic Theatre to-night. "Maggie Pepper" was prepared for the screen by Gardner Hunting and directed by Chester Withey.

It would be difficult to select a more perfect cast than that chosen to support Miss Clayton in this photoplay. Elliott Dexter plays the leading role opposite the star. It is hardly necessary to call attention to his record for splendid work. He was leading man for Miss Clayton in "Women's Weapons" and has been seen in leading roles in many of Cecil B. DeMille's celebrated Artcraft specials.

Tully Marshall, a famous character actor, is cast for a heavy part and Raymond Hatton is an imitable brew drummer. His work is artistic to the last degree. Winifred Greenwood is excellent as the wife of the crook and the mother of little Claire. Edna Mae Wilson is seen as Claire, the child—a fine role. Marcia Manon, a skillful actress, has a good character part; Clyde Benson is the hated manager; Billy Elmer is a crook; Bud Duncan is a messenger; C. H. Geldart and Fay Holderness are detectives.

With such a cast, "Maggie Pepper" should prove delightful as a screen attraction.

Studying Sprinkling System.

Mr. R. G. Ash, Secretary of the Board of Fire Underwriters, is expected to return shortly from Montreal, where he is studying the Board's system of inspection. He is giving particular attention to the sprinkler system of fire protection, and is qualifying himself for the position of inspector. Many sprinkler systems have been installed here. The Standard Mfg. Co., the Imperial Tobacco, the Knitting Mills, and F. B. Wood factories were equipped some time ago. Experts are now engaged in installing the system at Baird's premises.

Poor Herring Fishery.

The total catch of herring up to nov. 30, for the whole of Hall's Bay is not five hundred barrels. Price now is four dollars per barrel from the nets. Weather is stormy and there has been no fishing there since Friday. There are no vessels here and none expected.

Damaging Messages.

"St. John's, N.F., Nov. 10.—Reports from Port aux Basques and Galt Top-sail points indicate that winter has closed down on the west coast of Newfoundland. Heavy storms since Nov. 1st have brought several feet of snow. Train service, though delayed, has been maintained by the use of many rotary plows."

The foregoing, evidently a message from St. John's, is taken from Boston papers. While the people of this coast know of the weather conditions which prevailed on the West Coast of Newfoundland during the month of November, and how that up to the present it has not been necessary to pass even a push plow over the Western division of the railway, yet we cannot permit such lying statements to go unrefuted. Winter and winter weather is considered a certainty and a necessity in Newfoundland, as in other countries, yet there are many parts of the continent to the south-west of us where the weather is often much more severe than ever experienced in Newfoundland.—Western Star, Dec. 3.

Ethie From Labrador.

CAPT. ENGLISH'S REPORT.

The S. S. Ethie returned from Straits on Friday morning. Captain English reports lot of snow on Labrador when the Ethie was at Battle Hr. on the 22nd ult. but the weather was mild. Not much fur caught along the coast this season. Two schooners bound for St. John's and one for Flower's Cove were in Red Bay when the Ethie came South; these were the only schooners on the Labrador Coast. R. Kean's foreign vessel was loaded with dry codfish at Flower's Cove ready to sail. Not much gear salvaged from the schooners lost at Henley; the weather being too rough to work. When coming south the weather was so rough that the ship could not call at Daniel's Hr. or Cow Head. She landed 34 passengers here.

Shipping Notes.

Barq. Clutha is loading codfish at Cresble & Co.'s premises for Alicante. Schr. Marion Adams has entered at Burin to load codfish for across. S.S. Westerman is now at Job Bros. premises loading codfish and oil for New York.

The vessel Admiral Drake has not yet made port, although it was thought she passed Cape Race a few days ago.

A large number of ladies attended the annual meeting of the W. P. A. held yesterday in the Presbyterian Hall. Various committees were formed to outline and carry on the Child Welfare work, to which the members intend devoting their energies exclusively. Annual collections will be taken up to provide funds. The splendid work performed by the W. P. A. during the war, leaves no room for doubt but that their efforts in this direction will be successful.
