To-day's Messages.

PERFECTLY JUSTIFIED.
 WASHINGTON, Sept. 30. State Department officials hold that Great Britain is well within her rights in closing the port of Queenstown to trans-Atlantic vessels. This opinion was elicited by a report that passengers aboard the American steamship Panhandle State had prepared a protest to the Department because that vessel was not permitted to enter Queenstown harbor.

TAKING HOLD.
 WASHINGTON, Sept. 30. Price cutting has taken hold of the wholesale trade in the United States to an extent that soon must be felt substantially in lower prices to consumers, according to the Federal Reserve Board's Municipality Board. Revival of the wave of price reduction, which has spread to many retail lines, was attributed to "a more exacting demand by the buying public as to price and quality." Retail purchasers are showing continued determination to await a move by the dealers to meet those demands, while foregoing luxuries and semi-luxuries, reports to the Board declared.

TO COMPEL LAND SALES.
 LONDON, Sept. 30. The New South Wales Society is proposing legislation to compel the large landowners to sell on reasonable terms, in connection with the Government's settlement scheme. Twenty thousand soldiers are waiting for land and only four thousand cases have been dealt with.

FATAL TRAIN WRECK.
 SPOKANE, Sept. 30. Great Northern passenger special mail train, number 27, was derailed near Troy, Montana, late to-day, according to word reaching this city, and several persons are believed to have been killed or injured. Doctors and nurses have left here for the scene. The wires were reported down between Spokane and Troy, and confirmation of the wreck was unobtainable at a late hour to-night.

TRADE BARRIERS TO BE REMOVED.
 BRUSSELS, Sept. 30. To-day's session of the International Conference was divided between a resume of the past and a forecast of the future with the tariff question bobbing up as the most likely subject of controversy. The word "Free Trade" was mentioned only rarely, and the trend of the greater part of the discussion was toward beating down barriers to international trade.

DON'T KNOW HOW.
 CHICAGO, Oct. 1. Mismanagement of ports of United States is responsible for the fact that her power on the sea is secondary to that of Britain, George F. Sproule, director of the Department of Wharves, Docks, and Ferries of Philadelphia, told the American Association of port authorities here to-day.

HOMEWARD BOUND.
 NEW YORK, Oct. 1. "Incognito" cricketers, of England, sailed on the Mauretania for home yesterday, after sojourning in this city since August twenty-eighth.

THE FIFTIETH DAY.
 LONDON, Oct. 1. MacSweeney passed another bad night in Brixton prison, where he began the fiftieth day of his hunger strike to-day, according to a bulletin of the Irish Self-Determination League.

KHARKOV CAPTURED.
 CONSTANTINOPLE, Oct. 1. Kharkov, an important city in southern Russia, has been captured by the anti-Bolshevik forces of General Wrangel.
