A Popular Event.

To-morrow night the Jazzola Orchestra is giving another of its popular dances in the C.C.C. Hall which will no doubt meet with the usual success. In order to cater more efficiently to popular demand, and comply with numerous requests, there will be a number of square dances on the programme. As it is not usual for a jazz orchestra to play square dances, a ten-piece brass band selected from amongst the best performers in the city, has been engaged to play lancers and waits, lancers for the occasion. The arrangement of the programme is such that everybody who attends will be pleased. The catering is under the direction of Mr. John Robinson, and will be carried out in his usual good style. The latest New York successes will be rendered by the jazzola orchestra and with the brass band as an added attraction, the success of to-morrow night's dance is assured.

Trade Review Wrong.

Editor Evening Telegram.

Dear Sir,—Please allow us space in your paper to contradict an item appearing in the Trade Review of today's date, which states that "it is common knowledge that the industries here are crippled. The Newfoundland Clothing Factory has discharged over fifty operatives and those kept on are only getting half time."

We have not discharged any employees owing to business conditions to date, and as for working half time only, this was brought about by the inability of the Reid Nhd. Co. to supply the factories with electric power on afternoons for the past 4 or 5 days.

The Trade Review has consented to contradict their statement in next issue.

Thanking you in anticipation for the insertion of the above,

We are, sincerely yours,

Mr. F. Hand Suffers Severe Injury. His many friends will regret to learn that while crossing the Gulf on the night of 11th Oct., in the S.S. Kyle, Mr. Pierce Hand was thrown from his berth and received severe injuries. Upon arrival in Halifax he consulted Dr. McLaren, of 137 Barrington St., who pronounced Mr. Hand suffering from curvature of the spine and lacerated ligaments of the shoulder. He advised an X-ray examination upon the patient's arrival in New York, where he was due on Saturday. The injuries received were very painful and require 10 or 12 days treatment.

Plenty of Money.

Witnesses in the Insolvency case now before Court, declared that at St. Philip's, Broad Cove, the people there keep their money at home as they are afraid to trust the banks. The speaker declared that he knew of families having as high as \$18,000 in their homes and that altogether there must be over \$200,000 in cash in the settlement. One principal in the insolvency case said that he had over \$4,000 in cash at one time in his house.
