IN THE REALMS OF SPORT

INTER-TOWN FOOTBALL. City Wins Third Game Of Series.

The third game of the Inter-Town football series, between Grand Falls and St. John's, took place at St. George's Field last night, before a large gathering of spectators, and victory again went to the City by 3 goals to 1. The evening was all that could be desired for the game, although the strong sun in the early stages was somewhat bothersome for the players.

INTER-TOWN BASEBALL.

The attraction for this afternoon is the Baseball game at St. George's Field, between Grand Falls and the City. It is now four years since a game of baseball was played in this city. This is the game that the fans have been looking forward to for a long time, and it would not be surprising that a large attendance will turn up this afternoon to witness what will undoubtedly prove to be a real good game.

Second Half.

Upon resumption of play the game took on an entirely different aspect and saw Grand Falls team taking matters practically all their own way. A terrific bombardment followed near the City goal, and but for the wondrous quick and deft things would have fared badly for the City. The locals, however, renewed their efforts and a splendid dash west by the forwards looked like another goal. Phelan and Young took through the G. F. backs, with only the goalkeeper in front, and saw Baird redeem himself by making three spectacular stops in rapid succession. This play called forth the plaudits of the gathering. The game grew very lively from then on, with Grand Falls having the upper hand.

Pleasant Round Trip on S.S. Prospero

Passengers returning from the round trip on the Prospero speak enthusiastically of the wonderful time enjoyed by all and the many pleasant hours spent. The weather was delightful during the entire trip and the various deck games and other forms of amusement which have recently been provided for the benefit of passengers on this popular boat, were eagerly indulged in. Captain Keen who is adding to his reputation, as a capable and expert master—that of an excellent host also—left nothing undone that could in any way add to the comfort and pleasure of those on board, and personally saw that each and every passenger was well looked after. Not only in a nautical manner, but in a social way as well, has the genial Captain Wes, been a great success since taking command of the Prospero. In the various ports of call the people spoke very highly of Captain Keen's many acts of thoughtfulness on the service. The coastal boat is very often the only means of communication with the outside world many people living in isolated sections have, and upon the Captain evolves many duties little dreamt of by those who have not been on the route. The coming of the Prospero means much to many people. Everywhere the steamers' popularity and good work were referred to by the residents.
