10,000 JOIN HUGE PROCESSION IN TORONTO LAST WEEK

Soldiers Cause Several Riots as Procession Passes

Toronto, March 9.—That the referendum on prohibition to be submitted to the provincial voters of Ontario will depend on a bare majority vote, and that the government will do all in its power to enforce such a law, if sustained, was the statement made by Premier Hearst, in a brief address of several of his ministers, in reply to the bulky petition presented by the committee of One Hundred for a dry Ontario, headed by a procession of some ten thousand persons, at the parliament buildings last week. He stated that the government would look to the Committee of One Hundred to assist in enforcing the law as well as advocating it. The petition was an endorsement of the prohibition measure which has already been decided on by the government.

Short Cut For Water-Wagon

The procession comprised a number of women, some marching on foot and others driving in 300 automobiles, and left the Y.M.C.A. on College street shortly after 1 o'clock. At the start there was some trouble, some returned soldiers in the convalescent home taking exception to an allegorical representation of Old Man Ontario on a water-wagon. A placard bearing the inscription "We Fought For You; Would You Deprive Us of Our Liberty?" was affixed, and torn off by an angry delegate. The incident almost precipitated a free fight, and the water-wagon subsequently took a short cut to the parliament buildings.

Everything went well thereafter until the parade, with all its banners proudly spread, was passing the armories on University avenue. Here were congregated a number of soldiers of the overseas forces. The men instigated, it is said, by some civilians who were opposed to the prohibition measure, entered into argument and persinage and vituperation with members of the passing show, and a small riot was the result. The half-mile-long banner, a feature of the parade, was reduced to shreds, and in the mix-up several persons were injured, one man having been taken to the hospital. Mounted police forcing their horses into the embroglio succeeded in restoring order. The military authorities will conduct a strict investigation it is said.

Liquor Wagon in Procession

In the rear of the procession were brought up some floats, and among them, greatly to the surprise of the spectators, were two wagons of a liquor dealer, bearing the following Wait Till the War is Over, and "If Germany Wins, Nothing Else on Earth Matters."

The parade was a success. The early figures showed that probably 20,000 were in line. It is well within the mark to say there were 10,000 temperance workers, the large portion of whom came from out of town to register themselves as opposed to the liquor traffic. The anti-booze "Who's who" was a most voluminous affair, to say the least of it. It is calculated that some 350,000 signed the petitions, and the statesmen at Toronto will have plenty of time to scrutinize how their constituents viewed the situation.

The soldiers put the procession in a bad way on University avenue, in front of the armories. There were evidences when the parade was nicely started that the men in khaki were going to use the occasion for improving recruiting, and also to have some fun with the temperance advocates.

At James and Albert streets a number of them indulged in singing such fetching hymns as "We Want More

TOOK THE ADVICE OF HIS FRIEND

Stomach Trouble and Rheumatism Relieved By "Fruit-a-tives"

MR. L. LABRIE

594 Champlain St., Montreal.

"I have been restored to health by taking 'Fruit-a-tives'. For two years, I was a miserable sufferer from Rheumatism and Stomach Trouble. I became very weak, had frequent dizzy spells and when I took food, felt wretched and sleepy. I suffered from Rheumatism dreadfully, with pains in my back and joints and my hands swollen.

A friend advised me to try 'Fruit-a-tives' and from the outset, they did me good. After I had started the second box, I felt I was getting well and I persevered in the treatment. I can truthfully say that 'Fruit-a-tives' is the only medicine that helped me.

Beer, "How Dry I Am," and "We Want Ten Thousand More," referring to recruits. There was nothing untoward however.

The parade was well organized and well handled, considering weather conditions and the soldiers. It was not a pleasant task to walk the streets in the condition they were in. Many old men well past three score years and ten did the trick, and many women no longer in the blush of youth did likewise.

It was evident to the casual onlooker that the obsequies of J. Barleycorn were being prepared. The corpse was not present, but there was every manifestation of sudden death, but not an untimely one. In this city the sentiment is practically unanimous that the bar is doomed.

The Luton Branch of the Women's Institute held its March meeting at the home of Mrs. Partial Welter, on Thursday afternoon last. There was a large attendance and program as follows: Opening song, Maple Leaf; Patriotic Prayer in unison; Roll call; Irish quotations and jokes; current events, Mrs. Eugene Hill; Piano solo, Mrs. Fred Haggan; paper, "Women in War Time," Mrs. Thos. O'Bryan. After the program, the autograph quilt from which about sixty dollars has been realized for a hospital chair and supplies for Red Cross work, was presented by the members of the Institute to their president, Mrs. Michael McKnight, as a slight token of their appreciation of her untiring efforts during the two years she has been president. Mrs. McKnight, although taken completely by surprise, in a few well chosen words made a very fitting reply. The April meeting will be held at the home of Mrs. J. C. Haggan.

The above figures represent the estimated loss by farmers through SMUT in grain crops in Ontario in 1915.

If you had a field of oats, barley or wheat you no doubt contributed to the great loss. By reason of the prevalence of smut last year the danger is rendered greater this year. There is one way to prevent this and that is to

TREAT YOUR SEED

FOR SMUT

The method usually adopted is as follows: Mix one pint of formalin with 40 gallons of water or 2 table-spoonfuls to 1 pail of water. Place the grain to be treated in a heap on clean canvas or floor. Sprinkle the formalin solution over the grain, then shovel. Repeat this until every grain is moistened by the solution; then cover the pile with sack and leave for 3 or 4 hours. At the end of this time spread the grain out thinly to dry; shovelling it over three or four times will hasten the drying. Forty gallons of the formalin solution is sufficient to sprinkle thirty or forty bushels of grain, smaller amounts in proportion.

Immersing the grain in a bag is sometimes practised and equally effective.
