"Tough" for the Teachers

"Watt, Mr. Reporter, till I tell you one of the most contemptible actions on record," said a London Wester on the market to-day. Murdock and Brown are chairman and secretary of the School Board, and have the handling of the finances. Well, the teachers can't get a cent of their last month's salaries, so perforce they have to stay and and wait the pleasure of those exceedingly small-souled officials, instead of being able to go and enjoy their well-carned holidays. I believe their action is in the proposal of the city and subject to time."
