The various lodges throughout the city are in a flourishing condition.

In the opinion of many the efforts of the organizer are often misdirected. His sole ambition apparently is to institute new courts, even going to the length of organizating lodges in districts already occupied, this action often resulting in two weak courts working where there is scarcely room for one. The efforts of the organizer should be in the direction of assisting courts more form. The efforts of the organizer hand weak condition rather than hampering them.

Court Brighton, at its meeting on Tuesday night, disposed of considerable wisiness, and the new officers were placed in charge of the court's business, and the new officers were placed in charge of the court's business. P. D. C. R. Bro. H. Sutherland, assisted by P. C. R. Bro. George Young, conducted the installation ceremony. The newly-elected officers made the customary replies to the votes of thanks. At the next regular meeting the court will entertain the members of the juvenile branch in the lodge room, where refreshments will be served, and a programme has been arranged that will serve to pleasantly pass the time. This is done in order to encourage the boys, and probably at some future time a like invitation will be extended to the Companions of the Forest circle, which was started two years ago in connection with Court Brighton, and is now in a flourishing condition. The committee arranging the juvenile concert reported all in readiness for a good turnout of members on Monday evening. Several propositions, as usual, were handed to the proper committees.

Court Pride of Brighton, juvenile branch, will hold its first annual entertainment in St. James' school house Monday evening, and the committee having the matter in hand promise a pleasant time to all who attend, having arranged an excellent programme for the occasion. The year just closed has been a successful one, with bright prospects for the future. Foresters intend to appear in full regalia.

MASONIC.

A rather novel Masonic complication has arisen in some of the Eastern jurisdictions which will furnish a subject for Masonic diplomatic correspondence in the near future. The French Masons have already established several lodges in New York and Pennsylvania under charters granted directly by the Grand Orient of France, and it is said that the work of organizing these lodges is to be pushed with vigor in this country. Canadian Masons will be wise to keep clear of the innovators.

A commandery of the People's Five Year Benefit Order is about to be organized in this city. This order is rapidly finding favor with the people of Ontario, and is now one of the most popular orders of the kind in the United States or Canada. Its membership is increasing at the rate of 3,000 members a month. The total enrollment is about 14,000.

Speaking of the prospects of forming a commandery in this city, the P. F. Y. B. O.

Journal, the official organ of the order, published in Boston, says. "London will give a good account of herself in a very short time, as applications are being sent forward from some of its best citizens. Our deputy there is a host in himself, and under his dray the prospects for a large commandery to be organized in North Toronto has been secured.
