What the goldier Boys in Camp Are Doing-Routine Work Commenced.

The soldiers at the camp, numbering on parade about 2,200, were tired out last evening when they reached Carling's Heights after their long tramp about the city, and consequently they were not particularly sorry when the heavy rain came and forced all in camp to stay in their tents, and thus was afforded a chance for rest. Early this morning routine work was commenced. For the most part company and battalion drill, and instruction in the manual exercise, was the order of the day.

The following non-commissoned officers of No. 1 company, R.C.R.I. have been detailed to act as instructors during the camp: First bilgade—Corp. Hawthorne, Lance-Corps. Edeson, Melmer, McIntyre and Sergt.-Bugier Bell, 7th Fusiliers. Second brigade— Sergt. Farnsworth, Lance-Corps. Evans, Glenn and Walsh.

One-half of the 21st Regiment were practicing individual firing at the range today.

The brigades take turns at provid-

ing bands to play at the divisional staff mess each day at 7:30 o'clock. The principal medical officer must detail a medical officer to be present at both the miniature and rifle ranges at all times when the troops are fir-

Hospital-Sergt. Copeman, who at present is divisional hospital sergeant, has just received a well-deserved promotion. In the latest militia orders from headquarters he was made a warrant officer-that is, the highest rank possible of attainment for a noncommissioned officer, and also he was promoted to be a sergeant in the army medical corps. Sergt. Copeman, who is also drill instructor at the Normal School, is recognized as one of the most efficient non-commissioned officers in the service. It is a matter of gratification to the officers and men of No. 1 company that two of the very warrant officers in Canada are members of this depot-namely, Sengt .-Major Munroe and Sergt. Copeman.

Last evening three old artillerymen, Sergt. Harry Pratt, of the stores department; Pte. H. T. Millie, of No. 1 company, R.C.R.I., and Trooper Livermore, of the 1st Hussars, overcame all difficulties and fired a salute of 21 guns with the three old cannon that are at the barracks.

License Inspector Henderson and Lieut.-Col. Stacey inspected the can-teens today and stated that the rule against the possession of liquor was being adhered to strictly. The members of the county council

dine with the officers of the 26th (Middlesex) this evening. The council has always taken a keen interest in the regiment, and it is largely due to its grants and other assistance that the esprit du corps of the 26th is main-

Arrangements are being made for the competition. Cricket and baseball fill in the men's

Station Will Be Enlarged and Improved-Miles of Double Tracking To Be Laid-New Cove Bridge.

G. T. R. Civil Engineer Crowley and Roadmaster O'Dell have been in the city for two days conferring with the local officials as to several important improvements to the G. T. R. property in and near London. The following improvements have been definitely decided upon: Work will be at once commenced upon the completion of a double track from London East to the Cove bridge. This track will, in the near future, be continued westward to Komoka. A new bridge will be built at the cove to accommodate The little daughter of Mr. William the double track. This double tracking is the nucleus of the double track which will soon extend from Hamilton to Komoka. West of Komoka the double track will not be needed, as the traffic divides at that junction.

Many changes will be made in the yard here, and two extra tracks will be put in at the station, making four tracks exclusively for passenger traf-

fic and two for freight. The station platform will be lengthened and widened, and will be constructed of cement or asphalt. The customs department has been removed to the main station building, and the building occupied by the customs office, which encroached three feet on the street line of Clarence street, is being moved so as to be entirely on station property.

Other important changes are being discussed, which will be made public Higgs vs. London Street Railway Co. in the course of a couple of weeks.

TROUBLE IN CHINESE COLONY

Lee Lin Has Two of His Fellow Coun trymen Arrested Charged With Assault-Case Dismissed-Minor Mat-

There is trouble in the Chinese colony in London. On Sunday last, it is alleged by Lee Lin, when returning from St. Andrew's Church Sunday school, Lee Bing and Jim Lee followed him down Waterloo street and east on York street, calling him offensive names in both English and Chinese, and offering to "ligk" him. They followed him to Hop Sing's laundry, East struck him. He told his story in the police court this morning, and Charlie fields. Sing corroborated his story, but Hop Sing and Lee Ging, for the defense, swore positively that no assault was emy. committed. The magistrate dismissed the defendants, no case being made

out. The charge against Henry Pugsley of keeping a vicious dog was thrashed out this morning. Several witnesses testified to the dog's previous good record, but the magistrate held that the dog had committed the offense charged, biting a child on William street, and it was ordered to be destroyed.

King Oscar Starts for Gay Parce-Gets a Good Send-Off.

London, June 7 .- [Special to the Toronto Globe.]—The report of the official receiver on the statement of affairs of the Klondike and Columbian Goldfields Company, in bankruptcy, has just been issued. This is one of a group of Canadian ventures, frequently mentioned in my cables and letters, promoted by one J. Morris Calton, and having certain prominent Canadians as local directors. The receiver states. among other things, that the directors acted in bad faith, in the interests of the promoter and not of the company, and he proposes to report their conduct to the court as fraudulent. He also proposes to report that the total sum of £11,395 has been paid by the company to Calton, and that there has been fraud in connection with the promotion and formation of the company and in the conduct of its affairs. The present estimated value of the company's assets is nil.

Union Meets in Annual Convention-Satisfactory Report Read.

Montreal, June 7.—The 47th annual meeting of the Congregational Union of Ontario and Quebec was opened in Emmanuel Church yesterday. There were about 100 delegates in attendance. Mr. C. E. L. Yeigh, of Toronto, presided. A very satisfactory report was read from the union committee. alluded to the propriety of holding the union's quarter-centenary celebration in Montreal. It was organized here 25 years ago. The growth of Congrega-tionalism in the city had been most pronounced. The report also alluded to the general prosperity of the congre gations, which, though not what could be desired, yet in many places there had been manifest tokens of prosper-ity. Particularly gratifying was the activity of the young people.

The afternoon was devoted to committee work, and in the evening a public meeting was held, at which addresses were delivered by Rev. J. W. Pedley and Mr. C. E. L. Yeigh, of To-
