PRINCESS VICTORIA LOUISE. Berlin, April 16.-The real ruler of Germany is not the Emperor William II. at all. Instead it is Fraulein Victoria Louise Hohenzollern. Miss Hohenzollern is the only daughter of the German Emperor and it is said that she tyrannizes over the imperial family with a tyranny much greater than that exercised by the Sultan of Turkey over his subjects. TAME RHINOCEROSES. London, April 16.-Lord Curzon, viceroy of India, accompanied by his American wife, has been making a triumphal progress through India. Two harnessed rhinoceroses, ridden by postillions, were among the processional steeds with which Lord Curzon was greeted by the Nawab of Juna-gadh, in Kathiawar. The rhinoceros is a very favorite beast of luxury with eastern potentates, and frequently figures in the accounts of Indian spec-tacular fights of wild beasts, though it is recorded that as a gladiator the rhinoceros is apt to be disappointing, preferring to grub about in the arena for food to paying attention to the business in hand. The only thing which he is always ready to attack appears to be a man.

RUSH FOR IRVING. The usual scenes attending the reopening of the Irving-Terry season were witnessed around the doors of the Lyceum Theater yesterday. STARTLING ANNOUNCEMENT. The startling announcement is made in Lisbon court circles that Queen Marie Amelie, wife of Don Carlos, Turkey over his subjects. Her father is her devoted slave and her six sturdy soldier and sailor brothers bow in royal couple over the king's attitude toward the religious orders of the country. Queen Amelie is a devout Catholic, while Don Carlos sides with the Liberals, and during the recent disturbances he openly espoused their cause against the church. Queen daughter of the late Comte de Paris, thus a sister of Duke Philip of Or-leans, and a sister-in-law of the Archduchess Maria Dorothea. She has two sons, Crown Prince Louis Philip, Duke of Braganza, and infant Manuel Duke of Beja. She is a woman of strong will power.

There are other grievances against the king which steeled Queen Amelie's heart. The king has proved several times of late unfaithful to his marriage vows, which recently led to a public scandal. A prominent physician in Lisbon committed suicide over the loss of his beautiful young wife, whose affections had been alienated by the king.

The climax of royal domestic contention was reached last week when King Charles caused an edict to be issued in the Diaro do Governo, which commands that all religious institutions will be required to make a report of their rules and regulations and that all who fail to comply within a fortnight would be closed up by the

REINFORCEMENTS FOR THE ARMY IN AFRICA

Nearly Forty-Five Thousand Men and Officers Have Been Sent Since January 1.

London, April 15.-The story started by the Express that further reinforcements will not be sent to South Africa has led to a calculation of what has been done along that line since January 1st. In the House of Commons recently, Mr. Schwann asked whether the government had received from Lord Kitchener a demand for 30,000 more men, as well as regular monthly

Mr. Brodrick-No. sir. Sir Charles Dilke asked the numbers of drafts and reinforcements landed in South Africa since January. Mr. Brodrick said the numbers landed in South Africa since Jan. 1 are 1. 052 officers and 20,300 non-commission ed officers and men; 720 officers and

21,580 men are still at sea. Mr. Pirie asked whether instructions were sent to Lord Kitchener by the government as a guide to the negotia-tions with Gen. Botha prior to the interview at Middleburg; if so, what were they, and could they be laid on the table of the house.

Mr. Brodrick said the government

gave Lord Kitchener no definite instructions for the meeting with Gen Botha, for the best of all reasons, that Gen. Botha proposed the meeting, and his majesty's government were not in possession of any proposal he was go-ing to make.
