15,000 Steel Workers To Quit

Pittsburg, June 2.—The Amalgamated Association of Iron, Steel and Tin Plate Workers today declared that if the American Sheet and Tin Plate Company will refuse to sign a wage scale on July 1, when the present scale expired, they decided that they would not give up the organization without a fight.

The executive board will hold a meeting within five days, when preparations will be made to call a strike at the union plants of the company. Strikes will also be called at the sheet plant of the company, as they also are affected by the decision of the Steel Corporation.

When the strike order is issued it will affect not less than 15,000 men. There is no question of wages involved in the dispute. The American Sheet and Tin Plate Company will pay the wages decided on by the Amalgamated Association, but will refuse to sign a wage scale.

Strike Riots at the Quaker City

Philadelphia, June 2.—The attempt of the Philadelphia Rapid Transit Company to operate its cars tonight with strike breakers started serious rioting.

In the Kensington district, where many mills are located, the feeling ran high. Women, and children pulled the motormen and conductors from their cars and beat them severely. In many instances cars were set on fire and other cars were thrown across the tracks. The police were powerless to control the angry strike sympathizers. When they charged the mob it separated only to form again in the vicinity of another car.

The officials of the company announced today that night cars would be run tonight for the first time since the beginning of the strike. When the rioting started after midnight every car that could be gotten into the barns of the company was taken off the street. Several firemen were injured during the rioting.

TOO MUCH SAWDUST ON SARNIA STREETS

Complaints Against Mill Men—Lively Ball Game Looked For—Church Parade.

[Special to The Advertiser.]
Sarnia, June 2.—At Monday evening's session of the town council a great deal of discussion was indulged in regarding the quality of the wood blocks for the new pavement, and the board of works were empowered to look after the guaranteed quality and call upon the blocks to their own satisfaction. As numerous complaints have been received from residents of the north ward against the practice of placing refuse sawdust from the mills on the streets (mainly Water street), the mill companies will be notified to discontinue the practice at once.

A special G. T. R. train, which was a model of elegance and the object of much favorable comment, passed through the tunnel on Monday evening en route to Chicago and points west. The private cars, Algonquin, Canada and St. Clair, engine No. 1005, and a baggage car, made up the train, which carried General Manager C. M. Hays, W. G. Brownlee and other officials of the Grand Trunk Railway company.

The Lambton County Council, in session here this week. Among the important matters considered is the question of county equalization. The assessment of the town of Sarnia for county purposes, as fixed by the assessment commission last December, is generally thought to be very unfair, and a strong effort will be made to have the assessors reassess the county for the purpose of striking the rate for 1910.

Some fast and classy baseball should be seen at the tunnel diamond tomorrow (Thursday) evening, when the Port Huron Chronicle and the Imperial Oil Company nine meet for the second time this season in a regular scheduled game. The Imperials have already won a victory to their credit over the boys from across the border, having won the Victoria Day contest by a score of 3 to 0. The teams are, however, very evenly matched and the nine will line up the same as on the 24th, a fast game may be expected.

All the members of the Twenty-seventh Regiment, the Army Medical Corps and also the Collegiate Institute Cadets, are to attend service next Sunday morning at St. George's Church, Rev. Canon Rees, chaplain of the regiment, will preach. The parade will form on Victoria Square at 10 a.m., headed by the Twenty-seventh Regiment.

The Grand Trunk Railway delivered a large trainload of logs to the Cleveland-Sarnia Sawmills Company on Tuesday.

The engagement is announced of Gertrude Weffer, only daughter of Mr. and Mrs. R. J. Weffer, 129 Crawford street, to Mr. Lynn Valentine, of Chicago. The wedding will take place at the family residence on June 16.

A large number from this section intend taking the excursion to the West on Thursday. The excursion is under the auspices of the East and West Lambton Teachers' Associations. The Nashville, an American war vessel, passed up the river, carrying a large number of troops, where she will be used as a training ship.

Mr. Peter Clark has been awarded the contract of supplying groceries for the Sarnia General Hospital.

SHAM BATTLE WAS REAL
Kingston Militiamen Are Now Picking Powder Out of Their Skins.
Kingston, June 2.—Militiamen hereabouts are picking powder out of their skins, the result of aggressive warfare at the sham battle on Barrieff Heights last night. The Royal Military College cadets sought to take Cataraqui Bridge, but "the enemy" was there in shape of the Fourteenth P. W. O. Rifles. There were lively encounters and owing to firing at close range more than one person's face or hands were burned with grains of powder. One cadet is in the hospital and two Fourteenth men are badly burned.

CONFERENCE AND THE PROBATIONERS
Stricter Examinations Wanted in Regard to Doctrinal Views.
GENESIS CONTROVERSY
Appeared To Be Uppermost in the Minds of Several of the Speakers Yesterday.
It looked yesterday afternoon as though the discussion on the Corman-Jackson controversy would once more be revived. Though the matter was never definitely mentioned, some of the speakers, only too eagerly had it in mind when they were agitating for the examination of the young men about to be ordained before the full conference, instead of being satisfied with the district meeting examination, as has been the custom of late years.

CONFERENCE AND THE PROBATIONERS

Stricter Examinations Wanted in Regard to Doctrinal Views.
GENESIS CONTROVERSY

It looked yesterday afternoon as though the discussion on the Corman-Jackson controversy would once more be revived. Though the matter was never definitely mentioned, some of the speakers, only too eagerly had it in mind when they were agitating for the examination of the young men about to be ordained before the full conference, instead of being satisfied with the district meeting examination, as has been the custom of late years.

The two splendid addresses, delivered at the educational anniversary last night by the Rev. H. S. Douglass, of Goderich, and Rev. Professor Bowles, of Victoria College, proved a rather strong antidote for anything approaching heresy hunting.

The question as to whether the examination of candidates for probation will be held, was entered for the first business this morning.

CATARH CAUSES EAR-RINGINGS
This is the beginning of chronic catarrh. If not checked, the result is deafness. A simple remedy that many physicians advise is to slowly inhale "Catarrhose" a few times each day. The soothing vapor of Catarrhose cures the catarrhal condition and hearing improves at once. Head noises, ringing ears are cured. For catarrhal deafness, throat, nose and lung catarrh there is probably no remedy so efficient.
