SONS OF SCOTLAND**HELD FINE CUTTING**

Big Picnic at Forest Was Attended By More Than Two Thousand People.

[Special to The Advertiser.]

Forest, June 21.—The annual Scotch picnic held here today to Valley Grove at the lake shore under the auspices of the Sons of Scotland was the most successful of a long line of successful outings that have been held. Fully two thousand people from all parts of the district gathered here today, and it took every auto, bus and available vehicle in the town to take the crowds out to the picnic grounds.
Three pipers—A. McEneaney, from Dundee, Scotland; Angus Bricker, of Wainwright, and Robert McGill, of Forest—played a fine programme of Highland music which delighted the crowd. During the afternoon Peter MacArthur gave an address that was greatly enjoyed on "The Sons of Scotland."
Mr. H. J. Pettipiece, of the District, presided in his usual capable manner, and addresses were given by Dr. Fairbank, of Clonack, and Dr. McCracken, of Dumfries. In the afternoon a fine programme of athletic events proved a great attraction.

WORMS ARE DESTROYING**ALL THE POTATO BUGS**

The Crops in London Township Promise to Break All Records This Year.

[Special to The Advertiser.]

Arva, June 21.—Farmers in this district are looking forward to one of the best years they have ever known. Oats will be a record crop, and hay was never better. Wheat is in good shape. In some districts the corn will be a failure, owing to poor seed and the late-ness in sowing, but in many localities a good yield is expected. Potatoes are being kept down by a worm, which preys upon them and are doing no damage at all to the plants. The prospects are for a good yield of all kinds of fruit. Mr. Oscar Fraleigh has already started having.
The garden party, held under the auspices of the Epworth League of the Arva Methodist Church last evening, was a great success, notwithstanding that the threatening weather necessitated holding the programme indoors. Rev. Mr. Salton was in the chair and the programme included numbers by Miss Hoskin, soloist; Mr. Moyer and Miss Daniels, of Lobo, and a quartette under the leadership of Mr. Reginald Hudson. Rev. Mr. Moorehouse gave an address that was much enjoyed.
Mr. Hawkins recently received a shipment of 4,000 bushels of wheat. This is one of the largest he had ever

AUDITORIUM RECITAL

Advanced Pupils of Parnell Morris Give Splendid Programme.

Notwithstanding the inclement weather, a large audience gathered last evening to head advanced pupils of Mr. Parnell Morris, assisted by Miss Carrie MacDonald, reader, Miss MacDonald gave three numbers of varied character, which were well received. The programme opened with an overture, "The Merry Wives of Windsor" (Nicola), played by Miss Robinson and Edith Line. This brilliant composition

was beautifully interpreted. Miss Margaret McGregor (West Lorne) has a high, clear soprano voice, and sang with telling effect. Miss Winnifred Pick (Orillia) has a beautiful mezzo-contralto voice, a fine stage presence, and sang her group in an artistic manner. Miss Jessie M. Perry, in her piano numbers, showed a good technique, and a grasp of the finer points of the compositions. Mr. George Andrews has much histrionic ability, coupled with a baritone voice of power and quality. Miss Gwendolen Ware was a delight, her deep rich contralto voice and perfect enunciation being much admired. In the opera number from "Der Frieschutz," Miss Edna Weston showed careful preparation, and good tone production. Miss Claire Darville, in the difficult "Tarentelle" by Liszt, was a revelation to the audience. With an abundant technique and true musical instinct, her playing marks her for a brilliant future.

In a splendid group of songs Mr. George White revealed a rich tenor voice, most carefully trained. Miss Irene Straloch sang with seizing effect Champlin's "Summer," and "Love's Echo," by Newton.
Mr. Leslie Roberts, as accompanist, added to the success of the evening in no small degree.
Beautiful bouquets were presented to Miss Straloch, Miss Darville, Miss Weston, Miss Ware and Miss Perry.
Mr. Parnell Morris is to be congratulated on his success in being able to produce the splendid results shown last evening, and the performers on having so capable an instructor.

trial, and is expected home this afternoon.

Mr. and Mrs. William Frost, of Smith's Falls, are here attending Mrs. Dr. Patterson, who has been very critically ill for several days. Mrs. Patterson is slightly improved today.

The need of the automatic stops for railway trains is emphasized by the

report that 171 persons lost their lives and 331 were injured last year in accidents caused by engineers running past danger signals.

Such automatic stops are said to be perfectly practicable and to be in successful use on some electric systems.
