

## TRUE MORAL CAMPAIGN RATHER THAN POLITICAL

Present East Middlesex Election  
Beyond Pale of Party Fight,  
Says Speaker.

A good attendance of electors greeted the speakers at the Finsbury meeting Wednesday night in the interests of the fusion candidate, Mr. J. W. Laidlaw.

The chairman, Mr. Gough, after declaring himself a life-long advocate of temperance, called on Mr. W. Mossop, of London, to address the gathering. In a spirited address, Mr. Mossop told his audience what a fine temperance candidate they had in Mr. Laidlaw. He appealed for the womanhood of our country, against whom the liquor traffic is waging a relentless and unchivalrous warfare.

Rev. A. D. Whaley, after declaring his deeply-rooted temperance principles, declared it to be his firm conviction that this campaign was a moral rather than a political one. In clear, convincing arguments he brought home to each one their moral responsibility, and expressed the hope that the electors of East Middlesex would rise to their great opportunity by electing the temperance candidate.

**Traveller's Experience.**

Mr. Gordon Wright told of his long career as a traveller, and the opportunities he had of seeing the evils of the drink traffic.

Referring to the fact that he had never voted Reform in his life, he told of the failure of the Government to keep pace with the temperance sentiment of the country, and that for this very reason he was taking part in this campaign, and doing what he could to elect Mr. Laidlaw. He called attention to the fact that the Government representatives in this campaign were doing everything in their power to divert the attention of the electors from the one issue of this campaign—the temperance issue.

**Comparison With Kansas.**

He compared the splendid conditions that prevailed in Kansas, where prohibition had been in force for 40 years, with the conditions in Ontario, showing what might be expected here under intelligent legislation in regard to the liquor traffic.

Mr. J. Bailey followed with a forceful address, in which he showed the great opportunity that was before the electors of East Middlesex to strike a death blow to the liquor interests. He reviewed the many advantages, financially, morally and from the public health standpoint that would accrue from prohibition. He told of the efforts that had been made in the past to secure legislation that would wipe out the traffic, and how the temperance people had been handicapped by the imposition of the fifth class.

**Could Cancel Shop Licenses.**

A question was asked by one of the audience as to what Mr. Bailey's policy of "Abolish the bars" really meant in securing total prohibition. For answer Mr. Bailey exhibited a map of the province, in which the numbers of bar licenses in each municipality were contrasted with the shop and club licenses. The bars were shown to predominate by about twenty to one. "With the bars wiped out, the shop and club licenses could be easily cancelled by local option on a straight majority vote," said Mr. Bailey.

## PAYMASTER MISSING

British Navy Officer May Have Stolen  
About \$60,000.

[Canadian Press.]

New York, Nov. 27.—A cable to the Tribune from London says that a sensation has been caused in naval circles by the disappearance of Fleet Paymaster Lowry from H. M. S. Ganges, a cruiser which is stationed at Harwich. A large sum of Government money, believed to amount to about \$60,000, has also disappeared, and the missing naval officer is wanted in connection with the matter by Scotland Yard.

## SLAUGHTER SQUIRRELS

Hunters Kill More Than in Many Years Past.

[Special to The Advertiser.]

Ingersoll, Nov. 27.—Many local hunters are congratulating themselves on the success they have had this season and especially while in quest of squirrels. The squirrels have been more plentiful than in the past, and in addition to this the weather has been very favorable. During the two preceding seasons wintry weather set in comparatively early, and only an odd day of the open season was suitable for squirrel hunting. Thus far the hunters have had considerable fine weather, and the squirrels have been slaughtered as not in many years. Local trap shooters are anticipating a very successful season. The indications point to a large membership, and as all the present members are enthusiastic a number of interesting shoots will be arranged at regular intervals.

**MADE LIQUID COAL.**

[Canadian Press.]

Breslau, Germany, Nov. 27.—Dr. Otto Lummer, director of the Physics Institute of the University of Breslau, announced at a meeting of scientists last night that he had succeeded in rendering coal fluid by electricity.

## PLYMOUTH SUFFERS BY LINERS NOT STOPPING

New Schedule of the Hamburg  
American Line Abandons  
English Port.

[Canadian Press.]

New York, Nov. 27.—A London cable to the Tribune says:

The decision of the Hamburg-American Line to abandon Plymouth as a port of call for its express steamers from New York is a serious blow to the prestige of the port. Local hotels, too, will suffer greatly by the imperator ceasing to call, as in addition to the large number of friends going there to meet passengers, those who embarked there for the continent had to spend the night in the town.

Nothing is definitely known concerning the cause for the alteration of the plans of the Hamburg-American Line, with regard to their vessels, but the attitude of the naval authorities may have played an important part in the matter, as it is known that they refused their sanction for the imperator to be berthed inside the breakwater. So far this has never been necessary, as it is only in rough weather that ocean liners calling at Plymouth are not dealt with well outside the harbor.

## Big New Battleship Launched at Barrow

Emperor of India Is Last of This  
Year's Program.

[Canadian Press.]

Barrow-in-Furness, Eng., Nov. 27.—The British battleship Emperor of India, the last of the four battleships on the 1911-12 naval construction program, was launched here today. It was at first intended to call her the Delhi. Her construction had been considerably delayed owing to labor troubles at the shipyard, so that the new vessel is not of such modern type as some of the ships already launched. She was laid down on May 31, 1912.

The British admiralty today departed from its recent custom and invited the naval attaches of the foreign embassies in London to be present at the launching, its reason for doing this being probably because the details concerning the new battleship were already known.

## GOING THOROUGHLY INTO GAS PROBLEM

Public Meeting of Ingersoll Ratepayers Will Be Held.

[Special to The Advertiser.]

Ingersoll, Nov. 27.—Representatives of the natural gas company were in Ingersoll yesterday. The company is very anxious to get matters straightened out relative to the introduction of natural gas. No definite action has been taken by the council with the matter as it was submitted to them recently, and it is expected there will be more or less discussion at the meeting Monday night.

The deputation that visited places in the Tilbury districts will set forth the advantages and disadvantages, and it is probable that a public meeting will be called to further consider the question. There are quite a number of advantages, according to information gathered from users in the Tilbury district, and there are also some objectionable features. The question is by no means a small one, and it is receiving mature consideration.

## Lord Ballyrot In Slangland

While sojourning with a friend in the parlor, one day, we heard a tremendous crash from the direction of the kitchen. On hastening back to ascertain the dimensions of the catastrophe, we discovered a male servant lying on the floor, surrounded by soot and pieces of stove pipe, which he had been striving to adjust. His employer shouted:

"Have you been trying to fix the pipe or just doll yourself up in minstrel show tunic? As a pipe artist you're a hunk of smudge, but as a scene shifter you're a dabb at changing a kitchen into a coal mine. You're the guy that put the soot in damage suit, and that put the cuss in muss. Beat it, you he-Cinderella, before I make you wear these pipe joints for collars and cuffs!"

MY WORD!

Patient Book Salesman (after fifteen minutes)—Would you like to purchase that book, madam? I've nearly read it through.

## PARTY OF MASKED MEN TRIED TO ROB BANK

Manager's Nerve Was All That  
Prevented Daring Attempt  
Being Successful.

[Canadian Press.]

Vancouver, B. C., Nov. 26.—Six masked men, heavily armed, entered the Agassiz branch of the Bank of British North America this afternoon and attempted to hold up the manager and his clerks, but owing to the quickness of Manager A. McCallum, the robbers were forced to decamp without getting any money. They are now being pursued by a posse of provincial and special police, and it was reported over the telephone today that they were surrounded in the woods.

Just as the bank was about to close for the day the six men appeared suddenly before McCallum and his clerks. The manager was near the open door, and as the leader of the gang approached and demanded money, presenting a heavy calibre revolver, he stepped suddenly forward and struck the gun from the robber's hand and reached forward and slammed the heavy vault door closed.

Followed in their attempts to gain admittance to the vault the men ran away, making for the nearby woods.

## DOCTORS DID NOT HELPER

But Lydia E. Pinkham's Vegetable Compound Restored  
Mrs. Bradley's Health—  
Her Own Statement.

Winnipeg, Canada.—"Eleven years ago I went to the Victoria Hospital, Montreal, suffering with a growth. The doctors said it was a tumor and could not be removed as it would cause instant death. They found that my organs were affected, and said I could not live more than six months in the condition I was in."

"After I came home I saw your advertisement in the paper, and commenced taking Lydia E. Pinkham's Vegetable Compound. I took it constantly for two years, and still take it at times, and both my husband and myself claim that it was the means of saving my life. I highly recommend it to suffering women."

**Mrs. ORILLA BRADLEY, 284 Johnson Ave., Winnipeg, Manitoba, Can.**

Why will women take chances or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?
