## THE GREAT TRADE AGREEMENT

In the course of an able editorial the Toronto Globe says, in part, that the foes of reciprocity in both countries are making the strongest possible efforts to convince the farmers that there can be nothing but injury for them from its operations. The reason for the swing of the opposition in this direction was crudely but quite truthfully presented during a recent discussion before the American Protective Association. The manufacturers of the United States, argue that if the farmers on both sides of the border find that they can be prosperous without duties on natural products, they are not unlikely to think that the manufacturers also can get along with them. It is for this reason that the campaign of the anti is now directed to the position of the farmer under free trade in natural products. There is no doubt at all that the farmers of considerable sections of the American border states have been roused to vigorous action against the agreement. The slogan of the National Grange is all-round tariff reduction. The Canadian farmer is told by high protectionist organs on this side of the line that the movement of foodstuffs will be from the south to the north in much greater volume than from the north to the south. The home-market cry is the latest and probably the last to be raised against the agreement. We doubt very much whether it will prove of any value on this side of the line. The farmers of Canada have for a long time been doing their own thinking on economic questions. They understand perfectly well the value of the home market, but they know also that for many years great quantities of Canadian produce must find markets abroad. They know that the United States is no longer essentially a farming country, and that the growth of its urban population will ere long place it among the nations that do not produce enough food for their own needs. The farmers of Canada know, too, that they are in the best position to supply that need, and therefore they are very strongly in favor of a policy that will let Canadian food products duty free into the United States while duties are maintained against those of other countries. That is a preferred position the farmers understand pretty well already. The longer the discussion lasts the clearer will it become that the farmers of Canada have much to gain and nothing to lose by free trade in natural products.

There are, as says another paper, only two features of the agreement. One is reduction of taxation, the other expansion of trade. These have been the leading features of the policy of the Liberal party ever since it succeeded to power 15 years ago. As witness the tariff reductions of 1897 and 1907, the British preference, the French treaty, and the standing offer of the intermediate tariff. Canada's present material prosperity and strength of national sentiment have been attained under and because of that policy, and her commercial and political future demands its continuance and expansion, as provided in the proposed arrangement. By reducing the burdens on the Canadian tax-payer and opening wider and more profitable markets for three out of the four creative industries of Canada; farming, lumbering and fishing, it would aid in the development of Canada's resources by her own people and to their greater profit. Canada's foreign trade is greater than ever before. Her interprovincial trade is greater than ever before. When her foreign trade was least, prosperity resulting from increase of foreign trade inevitably increases interprovincial trade. By giving Canadian producers all the advantages of the United States market without political association of any kind, even to the limited extent of a trade treaty, it would take away any possible reason for a tendency towards political union with the United States.

It was the busy hour of 4. When from a local hardware store emerged a gentleman who bore, 1 hoe, 1 spade, 1 wheelbarrow. From these out he went to a great into another establishment. And for these things he money spent: 1 peck of bulbs, 1 job lot of shovels, 1 quart of assorted seeds. He has a garden under way. And if he's fairly lucky, say, he'll have about the last of May 1 squash vine, 1 egg plant, 1 radish.

## THE SENLAC.

It has been said that the steamer Senlac, which was put up at auction at Dalhousie on the 5th, and withdrawn, will be put again on the Gaspe route. In Campbellton there is a report that the Canada, now on that route, will be taken off and the Senlac put on. Formerly, with keen competition, the route, was said to be unprofitable but with a single boat on there are more inducements. As P. W. Thomson of Wm. Thomson & Co. of the city the report could not be verified.

## CURE YOUR RHEUMATISM

50,000 Boxes Given Away To All Who Apply

John A. Smith and His Remarkable Rheumatism Remedy Cured Himself First and Now Proposes To Cure the World.

A Box of This Great Remedy Mailed Free to Any Suffering Reader Who Will Send Name and Address.

Cured Many Cases of 30 and 40 Years Standing. Deformity of the Hands in General Chronic Articular Rheumatism. On the theory "that seeing is believing," John A. Smith of Milwaukee, wants everyone to try his remedy for the cure of rheumatism at his expense. For that reason he proposes to distribute 50,000 free boxes among all persons sending him their address. Mr. Smith had suffered all the agony and torture from rheumatism, tried all the remedies known and yet utterly failed to find relief.

At times he was so helpless that he had to take morphine and after considerable doctoring he gave up in despair. He began studying into the causes of rheumatism and after much experimenting, finally found a combination of drugs which completely cured him. The result was so beneficial to his entire system that he called his new found remedy "Gloria Tonic." Those of his friends, relatives and neighbors suffering from rheumatism were next cured and Mr. Smith concluded to offer his remedy to the world. But he found the task a difficult one as nearly everybody had tried a hundred or more remedies and they couldn't be made to believe that there was such a thing as a cure for rheumatism. But an old gentleman from Seguin, Texas, U. S. A., wrote him saying if Mr. Smith would send him a sample he would try it, but as he had suffered over thirty years and wasted a fortune with doctors and advertised remedies, he wouldn't buy anything more, until he knew it was worth something.

The sample was sent, he purchased more and the result was astonishing. He was completely cured. This gave Mr. Smith a new idea and ever since that time he had been sending out free sample boxes to all who apply. At the U. C. College, Toronto, it cured Mrs. J. Whitley, who had suffered excruciatingly. Fred K. McDonald writes from Sunny Brae, N. S., that "Gloria Tonic" has cured him of a case of rheumatism of many years' standing. From Ambrose M. Melanson, Meteghan River, Digby County, N. S., comes a letter that he has been cured of a severe case. Even the first sample box cured Mrs. E. Brett at 12 Powell St., Guelph, Ont. Two boxes left Mrs. Geo. Wright, of Coaticook, Que., well and happy.

Mrs. T. Deline, West Plain, Ont., writes that she could scarcely dress herself because of rheumatism, but that "Gloria Tonic" has completely cured her. Mr. George Lees, of Dundas, Ont., says that he tried many different remedies, but found no relief until he tried "Gloria Tonic," while Clarence A. Scott writes from Toileton, N. B., that he feels that he owes his life to this great remedy.

A case of 13 years' suffering is reported by James McFarlan, of L'Amable, Ont., but "Gloria Tonic" cured it quickly. Even prominent physician have to admit that "Gloria Tonic" is a positive success, among them Doctor Quintero of the University of Venezuela, to whom it was recommended by the United States Consul. In hundreds of other instances the result had been the same. It cured many cases which defied Hospitals, Drugs and Electricity, among them persons of upwards eighty years of age.

Mr. Smith will send a trial box, also his illustrated book on rheumatism, absolutely free of charge to any reader of THE GRAPHIC who is anxious that everybody should profit by his good fortune. Mr. Smith's address in full is:

JOHN A. SMITH, 825 Laing Bldg., Windsor, Ont.

## SUCCESSFUL CONCERT

The Opera House was well crowded on Friday evening on the occasion of a vocal and instrumental recital given on behalf of St. Andrews Pres. church organ fund. The stage was nicely decorated and the concert went with a swing that delighted the hearts of the promoters. The programme was as follows:

1. Chorus—"Hail to the Chief" choir.
2. Solo—"By the Fountain," Miss Patterson.
3. Solo—"The Bell of the Lighthouse," Mr. H. W. Ferguson.
4. Quartette—"Annie Laurie," Glee Singers.
5. Violin Solo—"Mazurka," Miss Redden.
6. Solos—(A) "I know a Lovely Garden" (B) "Bonjour Suzon" Miss Haddow.
- 7—"I Dream of You," Mr. R. J. Lavoie.
8. Piano Duet—"Dance of the Demons," Misses Lingley and Mowat.
9. Reading—"The Soul of the Violin," Miss LaBillois.
10. Quartette—Negro Melodies, Glee Singers.
11. Solo—"Rory Darlin'," Mrs. H. F. Fair.
12. Violin Solo—(A) "Berceuse" (B) Percipio Mobile," Miss Redden.
13. Solo—"Mary, of Argyle," Mr. J. G. McColl.
15. Chorus—"O Canada," choir.

God Save the King.

Mrs. H. Lunan accompanist.

It would indeed be difficult to single out any one number yet the singing of Miss Haddow in her French number being a distinct hit, and Mrs. H. F. Fair's lovely contralto voice was heard in all its beauty in "Rory Darlin'." We can ill afford to lose a violinist of such ability as Miss Redden whose playing shows a great breadth of feeling and splendid technique. The negro number as usual was received uproariously. The committee's thanks is due to all who assisted especially Mr. P. H. Blyth and Mr. J. L. Inman who painted the scenery, and also to Mr. Geo. Beckwith of Rhodes Curry who kindly sent his assistants to help in the decorations. The sum received from the sale of tickets amounted to over \$160.

## UNIVERSITY NOTES

Fredericton, April 10.—At a meeting of the Senior Class held at the College on Wednesday, it was decided to invite His Lordship Bishop Casey to preach the Baccalaureate Sermon in St. Dunstan's Church. Arrangements were made for the events of Ecceania Week, Mock Parliament adjourned on Saturday night after a very stormy session. The House opened with the Liberals in power. Considerable legislation was enacted, including an Act to extend Suffrage to Women. During the passage of their Bill, the Suffragettes stormed the Chamber. When it became law, they signified their appreciation by voting with the Conservatives on a want of confidence motion, and the Liberals were put out of power. But both members and Suffragettes forgot their differences in a very pleasant little dance in the Acts Building after the adjournment.

Lectures stop for the Easter recess on Wednesday, the 12th, and the bunch may be expected home on Thursday morning's express.

The richest tungsten mine in the world is located in Guysboro County, Nova Scotia. It has recently been sold to a syndicate of Canadian capitalists.
