The sixth annual convention of the association meets next Tuesday at the Normal School, the Queen's Hotel being headquarters of the association. The sessions will begin at 9 a.m. and 2 p.m. daily, on Tuesday, Wednesday and Thursday, with a morning session or Friday. The Executive Committee will meet at the Queen's on Monday at 11 a.m.

Due care will be taken as to the festive side of the gathering. On Tuesday svening there will be a reception at the Pavilion, tendered by the Employing Printers Association of Toronto. The Mayor and Prof. Goldwin Smith will be among the speakers. On Wednesday at 11 a.m. there will be a fake excursion to Niagara, with dinner at the Queen's Royal and a trip to the Falls. The Q.O.R. Band will accompany the excursion. On Thursday evening there will be a hanquet at the Rossin. Friday will be marked by a lunch given by Mr. Robert Jaffray and by a drive around the city and suburbs.

Jaffray and by a drive around the city and suburbs.

The business to be transacted will be important, the shorter workday being a prominent feature of the approaching discussions. Representatives from all over the continent will be present, and as the membership is over 300 and includes the leading employing printers of every state and province it will be an important occasion.

The last president was a Torontonian, Mr. W. A. Shepard, and Mr. C. Blackett Robinson is the present president. Toronto thus occupies a somewhat unique position with regard to the convention about to meet here.

Was a son of the late T.G. Beard, at one time Mayor of Toronto, and he himself represent description of the city Council for several years. He moved to Montreal with his family about 10 years ago and since then was engaged in the coal business and in South American trading. Mr. Board leaves one son and four daughters, all grown up. He had been in feeble health for several months.

In addition to this telests are good going by any regular train on the holiday and to return following day. The special train will leave Parkdale at 7.10 a.m., Union Station 7.30, Don Station 7.40, Queen-street east to crossing 7.45, calling at all these places on the street from the C.P.R. track to the north city limits in Yonge-street. The agreement between the city and the Toronto Railway Company provides that the latter shall have the avalence of the street from the class of the return trip. With such cheap fares as 51.25 for adults and 50 cents for children this should be the greatest exencision of the sea-

between the city and the Toronto Railway Company provides that the latter shall have the exclusive right to operate in Yongestreet north of the track so far as the city can legally grant that right. The Toronto company seem to think this is legal authority and have written the Mayor as follows:

We hereby beg to protest against the resolution of your council of the 9th inst. adopting an agreement with the Metropolitan Street Railway Company, by which you purport to grant them power to place their railway track upon the centre of Yongestreet from the C. P. Railway tracks to the north city limits, or to such points south from there as your engineer may deem proper. We beg to call your attention to the terms of the agreement entered into between our company and the city, and to state that the company on its part are prepared to carry out fully the terms of their agreement, and now offer to build at once the railway upon the said street between the points aforesaid and pay to you the mileage and percentage as provided in our contract.

We wish also to give you notice that our company will claim from the city whatever damage they may suffer by reason of your granting any supposed, privileges upon the said street to the said Metropolitan Company.

The consolidation of the Canadian Mutual Life Association and the Mass fit Association is reported. The former company is well known to the Canadian put in this city, for the past 12 years. The other has recently commenced business in Canada, having put up the required Government deposit of \$50,000 and otherwise satisfied the depost of \$00,000 and otherwise satisfied the insurance department of its ability to carry on insurance business here. With the union of the two a large and prosperous business should be done. A number of the smaller companies have found it to their interest and the interest of their policy-holders to unite their business with larger and stronger companies.

"I have been a great sufferer from Asthevery Winter, and last Fall my friends as well as myself thought because of my feeble condition, and great distress from constant coughing, and inability to raise any of the accumulated matter from my lungs, that my time was close at hand. When nearly worn out for want of sleep and rest, a friend recommend-ed me to try thy valuable medicine, Boschee's German Gentle.

Syrup. I am confident it saved my Refreshing life. Almost the first dose gave me great relief and a gentle rerelief and a gentle re-freshing sleep, such as I had not had for weeks. My cough began immedi-tely to loosen and pass away, and I found myself rapidly gaining in health and weight. I am pleased to inform thee—unsolicited—that I am in excellent health and do certainly attribute it to thy Boschee's German Syrup. C. B. STICKNEY, Picton, Ontario."
