CLOTHING TRADE. DURING the past two months thousands of people have bought from the "Globe Incendiary" stock of Clothing. It is dwindling down and only a few thousand dollars' worth now remains to be sold. We have decided to give the public ONE MORE CHANCE to secure what they require in clothing in the next three business days—Saturday, Monday and Tuesday. We expect three days will clear out the balance of the "Globe Incendiary" stock of clothing. At the prices given below trade will be rushing in every department. Never in the history of any firm in Canada have goods been marked to sell at such insignificant figures. Turn your money as you will there's no possibility of making it go within 50 or 100 per cent. as far in what you went in the clothing line. want in the clothing line.
