J. H. PICKERING

East Lambton's Liberal Candidate

John H. Pickering, V.S., who has accepted the position of standard bearer of the Liberals of East Lambton in the coming general election for the Dominion Parliament, is well and favorably known throughout the greater part of Lambton. He is a son of Isaac Pickering, one of Lambton's pioneer farmers, and was born in Plympton 38 years ago last November. He received his early education in the Forest public and high schools, after which he farmed several years in Rosanquet, and later attended the Ontario Veterinary College, Toronto, where he graduated in 1902. In the same year he went to Alberta, where he spent ten years in the practice of his profession. During these ten years' residence in the West he became deeply imbued with those principles of political

independence and democracy which have carried the people of our western provinces to a front place in matters of progressive legislation, and which places the welfare of the people before party expediency. In 1912 Mr. Pickering returned to Forest, and has since taken a lively interest in all matters pertaining to the progress of the town and surrounding country. He has also purchased a farm in Plympton, on which he has erected dwelling house, barns etc., and is paying constant attention to the development of the place. He is also deeply interested in live stock and, being a lover of horses, has invested deeply in several standard bred stallions, as well as drivers and farm horses. He has built for himself and family a neat and commodious home on Main street, Forest, and has spent considerable time and money in improving the locality. Mrs. Pickering is a daughter of H. McFarlane, of Forest, ex-reeve of Warwick. In Mr. Pickering the people of Lambton have a most desirable candidate for the representation of the Riding in the Parliament of Canada a man who will devote his best energies to the welfare of the Riding and country as a whole. He will be free from the dictations of corporation interests and the influence of organized wealth, which are doing so much to impede the agricultural progress of this agricultural country. Mr. Pickering declares that, if elected, his sole aim will be to serve the best interests of the country, regardless of party influences.
