

while new laid eggs have been practically unobtainable. Speaking to a breeder a few days ago, he told us that he had been pressed to send his new laids to a first-class house in Toronto at fifty cents per dozen, and this all through the winter.

Mr. L. G. Jarvis gave the Port Hope breeders a short call last week, his object being to purchase stock for the Poultry Department at Guelph W. F. Langdon sold him a choice pen of Indian Game and Mr. J. Topley a fine trio of black Minorcas.

Special Notice to Show Secretaries.

In reply to several enquiries we desire it to be distinctly understood that no show will in future be reported in REVIEW that is not advertised in our business columns. This is but just to those who do advertise.

Mr. J. H. Cayford, Box 1,168, Montreal is our Agent and Correspondent for the Province of Quebec. Any correspondence relating to subscriptions or advertising may be addressed to him.

AN EASY WAY TO GET FELCH'S GREAT BOOK.

To any one sending us four new subscribers with \$4 we will send a copy of "Poultry Culture" by I. K. Felch,

value \$1.50 a book no fancier should be without. We have lots of these books so don't be afraid the supply will run out. Send four new Subscribers with \$4 and get a NEW STANDARD free.

The current number of *American Gardening* (New York City) contains beautiful half tone illustrations of some of the best new Chrysanthemums, together with other entertaining matter relating to the conservatory and garden. A copy will be sent free to any of our readers who care to apply for it.

We are pleased to again call our readers' attention to the Ad. of the Famous Manufacturing Company of Chicago, who, if all do not, should know by this time, manufacture the "CHAMPION" Incubators and Brooders. They have for this season a machine that cannot fail to give satisfaction, as it embodies all of the best principles that their years of experience have proven to be correct, as well as new improvements that they have found to be valuable in artificial incubation. Their elegant catalogue full of practical information will be sent free on application if you enclose a two cent stamp to pay the postage.

AN INTERESTING CATALOGUE.

There are many interesting features contained in the handsome catalogue lately issued by the Reliable Incubator & Brooder company of Quincy, Ill., a copy of which we have before us. From the first to the last it is shown that the author is qualified to handle the different subjects in a manner that will please every reader. After the ably prepared Introductory comes a short chapter—An Ideal Life, well worthy of special notice. Then follows: Does the Poultry Business Pay?; Overdoing the Poultry Business; Rearing Chickens by Artificial Means, etc., etc. It is free from the boastful assertions that so often detract from literature of this kind. This company has met with remarkable success during the past twelve months, which has been accomplished under serious disadvantages, their plant being completely destroyed by fire last February and immediately replaced with a much larger and more expensive one. The Reliable Incubator

is gaining favor rapidly, and this fine catalogue is only in keeping with the goods they manufacture. A copy will be mailed from their office on receipt of six cents in stamps.

SEND A STAMP FOR REPLY.

We receive annually some hundreds of postal cards asking for information *not of a business nature*. Each reply costs us a three cent stamp not to mention the trouble. The latter we don't mind, but don't you think the enquirer should bear the former expense? We do and no enquiries not relating strictly to business will in future be answered unless such is attended to.

Two Subscriptions for \$1.50.

If you send us the name of a new subscriber together with \$1.50 we will extend your own subscription for one year as well as send REVIEW to the new name for one year. This makes it but seventy-five cents each. The only condition we make is that the name of the subscriber be a new one and not a renewal.
