## The Markets.

## Barley

There is practically nothing doing, and prices are nominal at 40c. to 44c. for No. 1 outside and cars of feed at 30c.

The Western Receive reports:
There is nothing doing in barley as
yet. Samples of No. 2 Milwankee, fine
in color, but light in weight, are shown
and offered at tike, but was fine
sales. There is a very first
fested among dealers, so pleng manfested among dealers, so pleng manfested among dealers, so pening of the
many of the total crop places it at from
\$5,000,000 to 5,000,000 bushels less than
1938, but will probably be of good color
but generally light in weight, so much so
malting purposes.
The marker for
The marker for barley mult is quiet but
firm, with light offerings and no change
in prices, to wit:

in prices, to wit :

State, six-rowed

The stocks in store at Toronto on Aug. 28th were 45,706 bush, against 19,315 bush, last year.

The visible supply in Canada and the United States is 263,000 bush., against 356,000 bush, in 1893 and 343,000 bush, MARKET PRICES.

## Hops

Prices have taken another drop. There is every indication that there will be abundance to meet all requirements and that the market will continue weak for some time yet.

The hop crop at the Mission promise The hop crop at the Mission promises to be an extremely large one this seam. Hop culture has now passed beyond the experimental stage in this district, and an extensive addition to the across of this crop will be put in next spring. Fernon B.C. Nors.

this crop' will be put in mext spring. Fernon B.C. News.

The Western Breeze reports. The hop market continues duil, with prices considerably lower than last quoted and scarcely enough doing to furnish market values. Crop prospects from all quarter continue favorable in the main, and it nothing unforseen occurs there will un doubtedly be a large crop everywhere which thus far bids to be exceptionally fine in quality. There is little doing it contracts for the coming crop. but whear of some being made at from 12c. b. 13c. for choice states.

Our before mentioned contemporar.

Our before mentioned contempora also notes: Canada is not generally givalso notes: Canada is not generally give the credit of being be grow hop and most people would say that 'I climate was unsuitable for it. Some co-signments, however, of hops from Briti-Columbia were sent over to London la autumn and sold well. Untario is in entering the field, one grower having lanted brity-five acres this year at proposing to prepare twenty acres mo for next year. In about three years states that he will have 100 acres und hous.
