

It has been intimated to me that Flowing Fountain Division, No. 118, located at Durham, would likely surrender its Charter; I fear it has ceased working; but as it is under the jurisdiction of the G. W. P. it is to be hoped he will succeed in keeping its name on the "muster roll" of the Grand Division.

Queen's Own Division No. 54, located at Liverpool, must be added to those not in working order.

I have never received any intelligence from Iron Age Division No. 82, located at Londonderry, nor Diligent River No. 120, located at Parrsborough, since I have been appointed to this office.

Salem Division No. 116, of Musquodoboit, and Inkermann No. 123 of St. Margaret's Bay, are dead. Morning Star Division No. 59, also located in the latter place, is not working. The Deputy hopes the Grand Division will not demand its Charter, but allow him to retain it for some time longer in order that he may have an opportunity of rebuilding it; I trust his request will be conceded. I have instructed the Deputies to obtain the Charters, Books, &c. of Salem and Inkermann Divisions and forward them to this office.

Since the Annual Session the Charter, Blue Book, Cards, and some of the Record Books of Mechanics' Division, No. 34, have been placed in my possession. The Deputy has informed me "that the Division was dissolved by a unanimous vote at a regular meeting; that it was in perfect harmony, with ample means, but unable to work from the non-attendance of all the younger members;" and that the members "were still pledged by resolution to remain faithful temperance men."

I neglected to mention in my report to the Annual Session, that the charter of Young Men's Division No. 101, of Yarmouth had been placed in my possession by the late Deputy.

The names of eighty Divisions are now on the Records, which may be enumerated as follows, viz.:
