THE FISCAL AND TELEGRAPHIC STAMPS OF BRITISH NORTH AMERICA.

In recognition of a general demand for a high-class and reliable illustrated work on these popular and interesting stamps, we are glad to be able to announce that the above named handbook is now in press and will be ready for delivery on or before June 1, 1898.

The work is by all odds the most complete and reliable that has yet appeared, being compiled by one who has for years made a careful study of the revenue stamps of the British North American Colonies.

It is illustrated throughout with the finest photographic reproductions of all the various types and is the only complete illustrated catalogue on the market.

Further, the prices quoted for the various varieties are not a dealer's quotations which require to be discounted from 10 to 90 per cent. in order to determine the actual cash value of the stamp. The prices affixed have been arrived at through a careful study of the available supply and the average cash (not catalogue) quotations of the trade.

The work is typographically perfect and in view of its general excellence and low price it should be in the hands of every dealer and collector.

The edition is limited to one thousand numbered copies and will be sent to any part of the world for **TWENTY-FIVE CENTS POSTPAID.**

Orders may be booked now and the work will be forwarded immediately on publication.
