REV. ALEX. GILRAY,
College Street Presbyterian Church, writes:
Dear Sirs,—

It is with much satisfaction that I learn that you have decided to establish a branch office in Toronto, believing as I do, that the more widely your Acetic Acid remedy is made known, the greater will be the gratitude accorded to you for the relief experienced by many sufferers in Canada. We have used your Acid for over eighteen years, and are now prepared to state that it is worthy of a place in every family. We have found it thoroughly safe and effective and have commended it to many,—for which we have been thanked. We wish you success in your new quarters, as we feel sure your success will bring relief here as it has already done to large numbers in the old land and other countries. Much will depend on the patient and persevering use of the Acid as set forth in your little book.

Toronto, 26th Nov., 1893.

MISCELLANEOUS.

The wine cellar of the House of Commons is 100 feet long, and usually contains about £4,000 worth of wine.

A London writer mentions that the late Maharajah Dhuleep Singh was an ardent advocate of the new theory. She was constantly in a draught herself, and kept her children in draughts, and the result was that colds were unknown in her household!

An organ built for a Jesuit church in Shanghai has its pipes made of bamboo instead of metal. The tone is said to be remarkable for its sweetness and purity. As bamboo can be obtained in all sizes, it is available for open diapason pipes down to CC.

Napoleon was a very awkward dancer. On one occasion he danced with a countess, who could not conceal her blushes at his ridiculous postures. On leading her to her seat he remarked, "The fact is, madam, my forte is not so much in dancing myself, as making others dance."

Dew is a great respecter of colours. To prove this take pieces of glass or boards and paint them red, yellow, green and black. Expose them at night and you will find that the yellow will be covered with moisture, that the green will be damp, but that the red and the black will be left perfectly dry.

Mr. Rider Haggard, the novelist, having asserted in the *Pall Mall Gazette*, as others have also done, that he had seen in the public museum in Mexico the remains of a woman and child who had been walled up in a convent in that city, Mr. Jas. Britten, secretary of the Catholic Truth Society, denied that such immuring ever took place, but the accuracy of Mr. Haggard's statement has been corroborated by further correspondence.

"My Optician," of 159 Yonge St., is an old established firm in Toronto, having made optics a specialty, examines eyes correctly, charging only for spectacles.

University extension has just reached the continent of Europe. Courses of instruction of this character have been undertaken under the auspices of the University of Ghent with great success. A similar movement has been started in Brussels, where the society having the work in charge is presided over by the rector of the University. In both cases the lines marked out by the University Extension movement in England are closely followed.

Rheumatism Cured in a Day.—South American Rheumatic Cure for Rheumatism and Neuralgia, radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. The first dose greatly benefits. 75 cts. Druggists, or 44 Church St., Toronto.

Snakes are carnivorous, and do not feed on dust, as some people believe. For the best treatment for snake bite, the early application of a ligature above the bite is the most important preliminary step; then rub in, and even drink, salad oil freely. The delusion that there is in India a two-headed snake called the *bis-cobra*, is explained by "bis" being a corruption of the "bish," meaning poison, and cobra, of "Khopra," meaning hard; the term bish-khopra being applied to a lizard said to be poisonous. — *From Colonies and India.*

All men covet perfect health but very few have it, because of the wide-spread prevalence of dyspepsia. K. D. C. is the cure for dyspepsia. Try it.

Be your character what it will, it will be known; and nobody will take it upon your word. — *Chesterfield.*

MR. WM. CALDER, 91 Spadina Avenue, Toronto, cured by Acetocura of spinal disease nearly 40 years ago. endorses all we say about our remedy.

Endurance is the prerogative of woman, enabling the gentlest to suffer what would cause terror to manhood. — *Wieland.*

A LARGE WAIST
Is not generally considered a necessary adjunct to the grace, beauty or symmetry of the womanly form. Within the body, however, is a great waste made necessary according to the condition of things—continually in process and requiring the perfect action of all bodily functions to absorb or dispel the refuse. When there is irregularity or inaction, ladies who value a clean, pure, healthy body will take Dr. Pierce's Favorite Prescription—the only remedy for woman sold with a positive guarantee to right all her peculiar wrongs.

To those about to become mothers, it is a priceless boon, for it lessens the pains and perils of childbirth, shortens labor, promotes an abundant secretion of nourishment for the child and shortens the period of confinement.

Dr. Pierce's Pellets cure biliousness, constipation, sick headache, indigestion, or dyspepsia, and kindred diseases.

Saved Her Life.

Mrs. C. J. Woolnough, of Wortham, Texas, saved the life of her child by the use of Ayer's Cherry Pectoral.

"One of my children had Croup. The case was attended by our physician, and was supposed to be well under control. One night I was startled by the child's hard breathing, and on going to it found it strangling. It had nearly ceased to breathe. Realizing that the child's alarming condition had become possible in spite of the medicines given, I reasoned that such remedies would be of no avail. Having part of a bottle of Ayer's Cherry Pectoral in the house, I gave the child three doses, at short intervals, and anxiously waited results. From the moment the Pectoral was given, the child's breathing grew easier, and, in a short time, she was sleeping quietly and breathing naturally. The child is alive and well to-day, and I do not hesitate to say that Ayer's Cherry Pectoral saved her life."
