REASONS WHY.....

PHYSICIANS SHOULD SPECIFY

Shuttleworth's Aromatic Cascara.

○○○○○○○

It is manufactured from the best seasoned bark.

It does not gripe.

It has the true characteristic action of Cascara Sagrada.

It is mild, yet powerful, and free from admixture with foreign cathartics.

It is the most palatable laxative for children and delicate females.

It is reasonable in price.

It gives a better effect from a smaller dose than many so called Aromatic Cascaras now on the market.
