The Legal Library of the members of the bar, 13,000, and the Literary and Historical Society, 19,000 volumes. In 1890 a free workman's library was opened at St. Rochs, one of the divisions of Quebec, which received a subvention from the city, and now contains 4,000 volumes. In addition to these libraries in the cities of Quebec and Montreal, are to be found a town library in Sherbrooke containing 5,000 volumes, and college libraries in St. Hyacinthe, Sainte Anne de la Pocatiere and Three Rivers, respectively, 25 000, 13 000, 7,000. The Province has, therefore, 40 libraries containing 670,025 volumes.

Under this Act six cities and towns, with 65,367 volumes, had (when I reported in 1887) availed themselves of its permissive powers, which number has now been increased to 120. The work treats of the present social conditions in the churches, showing the lack of force and power in spiritual life by the encroachment upon it of social pleasures. Its reasons for failing to reach the masses: the sizes of power and influence on the part of some of its rich members, who frequently use the church as a cloak for the advancement of their selfish ambitions and designs. While the book has a religious flavor, at the same time it advances some very strong theories of morality and philosophy. You should read it.

## A Kent Squire

By F. W. Hayes.  
PAPER, 75c.; CLOTH, \$1.25.

"This is something like a story. We took it up prepared for a quiet country idyll full of discussions of land values and the iniquities of poachers, with, perhaps, an occasional parish scandal or fox hunt, or country ball by way of enlightenment. But 'A Kent Squire' is neither countryfied nor idyllic. It is a full blooded romance of wildest adventure, and we are delighted to exchange the dull and pompous squire of our expectations for the luckless but daring Ambrose Gwynett, squire of Thomhaugh, the hero of Mr. Hayes' novel."—Methodist Times.
