

for a time chiefly in the west of Britain, though it still continued visible even among the heathen invaders, when, towards the close of the sixth century, the attention of Gregory the Great (afterwards Bishop of Rome) was directed towards this island in the following manner: Having one day observed some light-haired youths, remarkable for the beauty of their complexions, standing in the market place of Rome, exposed for sale, Gregory enquired who they were; and having been informed they were Angles, "Ah," replied he, "they ought rather to be called Angels." Then demanding from what province they were brought, he was told, "From Deira, a district of Northumbria." "Deira!" he answered; "that is well; they are called to the mercy of God from his wrath, de ira.—But what is the name of the king of that province? He was informed it was Ælla. "Hallelujah!" he exclaimed; "Hallelujah must be sung in his dominions." From that day Gregory resolved to endeavour to convert the Anglo-Saxons; and for this purpose, after he succeeded to the bishopric of Rome, he sent Augustine, a venerable monk, and forty of his brethren, over to this country. They landed in Kent, where Ethelbert and Bertha (daughter of Clothaire I., King of the Franks,) a Christian princess, then reigned. The king, whom the amiable conduct of the young queen had dispossessed of all prejudice against Christianity, received them favourably, gave them a house in Canterbury, and allowed them the use of St. Martin's Church, where Bertha had previously been in the habit of performing her devotions, and where a Christian bishop (Ludhard) had been permitted to officiate publicly in all the rites of Christian worship; by which means many of the Anglo-Saxons had already become very desirous of being better instructed in the principles of that religion. Here, then, the Romish missionaries commenced their labours; which in a short time proved so successful, that Ethelbert himself believed and was baptized (597;) and although no authority was used, the converts to Christianity were numerous.

The Subscriber may be found at H. PIPER'S, where he would be happy to give any information required, or to receive orders to protect private dwellings or public buildings. All orders left at H. PIPER'S, Tinsmith, 50 Yonge-street, will meet with prompt attention. REFERENCES in Toronto:—Captain Lefroy, Royal Observatory; F. W. Cumberland, Esq., Architect; J. T. Smith, Esq., Councilman; A. T. McCord, Esq., Chamberlain. E. V. WILSON, General Travelling Agent. Observatory, Toronto, Sept. 9 1851.

At the request of Mr. Wilson I have examined his Lightning Conductor, and heard his explanation respecting it. His views appear to me to be reasonable and correct, and the Metallic Point a good form of the Instrument, the Platinum Point is an essential part of it, but I do not consider the Magnets to be so, or that they can have any possible effect, good or bad as such: as additional points, the opinion of the best authorities is that such are of no use; one good point being all that is necessary, but they can do no harm. I further state, at Mr. Wilson's request, that in my opinion any building so elevated as the St. Lawrence Hall, or the Lunatic Asylum, ought to be provided with several Points, and several Conductors, which latter should be placed in good metallic communication with the tin covering of the roof and any other considerable masses of metal about the building. The conductors should be led off to the iron water pipes under ground. J. H. LEFROY, Captain, R. A. Toronto, September 22nd, 1851. 21-19in

HEALTH WARE 'TIS SOUGHT HOLLOWAY'S PILLS. Cure of a Case of Weakness and Debility, of Four Years' Standing. Extract of a Letter from Mr. Smith, of No. 5, Little Thomas Street, Gibson Street, Lambeth, dated Dec. 12, 1850. To Professor HOLLOWAY,—

Sir,—I beg to inform you that for nearly five years I hardly knew what it was to have a day's health, suffering from extreme weakness and debility with constant nervous headaches, giddiness and sickness of the stomach, together with a great depression of spirits. I used to think that nothing could benefit me, as I had been to many medical men, some of who after doing all that was within their power, informed me that they considered that I had some spinal complaint beyond the reach of cure, together with a very disordered state of the stomach and liver, making my case so complicated that nothing could be done for me. One day, being unusually ill and in a dejected state, I saw your Pills advertised, and resolved to give them a trial, more perhaps from curiosity than a hope of being cured, however, I soon found myself better by taking them, and so I persevered in their use for six months, when I am happy to say they effected a perfect cure. [Signed] WILLIAM SMITH. These celebrated Pills are wonderfully efficacious in the following complaints. Ague Female Irregularities Scrofula, or King's Evil Asthma Fevers of all kinds. Erysipelas Bilious Complaints Fits Sore Throats Blotches on the Skin Gout Stone and Gravel Bowel Complaints Headache Secondary Symptoms Colic Indigestion The-Doloureux Constipation of the Bowels Inflammation Tumours Jaundice Ulcers Consumption Liver Complaints Venereal Affections Debility Lumbago Worms of all kinds Dropsy Piles Weakness from what Dysentery Rheumatism ever cause, &c., &c. Erysipelas Retention of Urine Sold at the Establishment of Professor Holloway, 224, Strand, (near Temple Bar,) London, and by all the most respectable Druggists, and Dealers in Medicines throughout the civilized World, and at the following prices—1s. 10d., 4s. 6d., and 7s. 6d., each Box. There is a considerable saving by taking the larger sizes. N. B.—Directions for the guidance of Patients in every case are affixed to each Box. For Sale by S. F. AYER'S CHERRY PECTORAL. For the Cure of Coughs, Colds, Hoarseness, Bronchitis, Whooping-Cough, Croup, Asthma, and Consumption. Among the numerous discoveries Science has made in this generation to facilitate the business of life—Increase its enjoyment, and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following opinions of eminent men, and refer further enquiry to the circular which the Agent below named, will always be pleased to furnish free, where in are full particulars, and indisputable proof of these facts. From the President of Amherst College, the celebrated Professor Hitchcock. "James C. Ayer—Sir: I have used your Cherry Pectoral in my own case of deep-seated Bronchitis, and am satisfied from its chemical constitution, that it is an admirable compound for the relief of laryngeal and bronchial difficulties. If my opinion as to its superior character can be of any service, you are at liberty to use it as you think proper. EDWARD HITCHCOCK, L.L.D. From the widely celebrated Professor Silman, M.D., L.L.D., Professor of Chemistry, Mineralogy, &c., Yale College, Member of the Lit. Hist. Med. Phil and Scientific Societies of America and Europe. "I deem the Cherry Pectoral an admirable composition from some of the best articles in the Materia Medica, and a very effective remedy for the class of diseases it is intended to cure." New Haven, Ct., Nov. 1, 1849. Major Pattison, President of the S. C. Senate, states he has used the Cherry Pectoral with wonderful success, to cure an inflammation of the lungs. From one of the first Physicians in Maine. Saco, Me., April 26, 1849. Dr. J. C. Ayer Lowell. Dear Sir: I am now constantly using your Cherry Pectoral in my practice, and prefer it to any other medicine for pulmonary complaints. From observation of many severe cases, I am convinced it will cure coughs, colds, and diseases of the lungs, that have put to defiance all other remedies. I invariably recommend its use in cases of consumption, and consider it much the best remedy known for that disease. Respectfully yours, I. S. CUSHMAN, M.D. Prepared and sold by James C. Ayer, Practical Chemist, Lowell, Mass. Sold in Toronto by Lyman Brother & Co., in Hamilton by Hamilton & Kneeshaw; in Kingston by E. W. Palmer; in Montreal by Lyman & Co.; in Quebec by Joseph Bowles, and by the Druggists everywhere throughout the Provinces and United States. Toronto, March 9th, 1852. 31-3m
