

NEWS AND NOTES.

The King of Blood Purifiers is a name that rightly belongs to Estey's Iron and Quinine Tonic.

General Middleton captured Riel's position at Batoche on the 12th May, and drove the Rebels from their rifle pits, putting them to flight.

In the House of Commons (England) Mr. Childers said, on the 12th May, that about \$35,000,000 of the credit of \$55,000,000 had then been absorbed.

To persons whose skin is delicate or sensitive to changes in the weather, winter or summer, Philoderma is invaluable on account of its emollient, non-irritant character.

FOR ASTHMA AND PHTHISIS. Mix one teaspoonful of Perry Davis' Pain-Killer in three tablespoonfuls of Syrup, and take two or three teaspoonfuls of the mixture every fifteen minutes, till relief is obtained.

The cartridge factory at Québec is running night and day, 115 hands being employed. A daily average of 20,000 cartridges is turned out, but it is said that the Government want, if possible, to double this number.

It is stated that all emigrants arriving at Quebec for Manitoba and the Northwest are in future to be forwarded via the North Shore Railway. A number of the new immigrant cars have been put on that line for the purpose.

We would advise all that are in any way troubled with indigestion, General Debility, or loss of Appetite to give Estey's Iron and Quinine Tonic a trial—we have no hesitation in stating that it is a reliable preparation. All Druggists sell it.

Earl Kimberley announced in the House of Lords, on Monday, the 11th, that a plan had been officially sanctioned involving an outlay of five millions for railways and military roads, including a line to Quetta for the defence of India.

It is rumored in political circles that Sir Charles Tupper is to return from England and re-enter Parliament, his absence having been severely felt by his party in the loss of debating power. Mr. Chapleau has not satisfied expectations in this respect.

Sir Leonard Tilley has gone to England to negotiate a loan for \$30,000,000 in order to meet the loan of 1860, C.P.R. payments, &c. If the Finance Minister succeeds in his plan it is expected that a saving of \$250,000 a year in interest will be effected.

A useful invention for small dairies is that now being introduced by Garth & Co., of Montreal, from the Manufactory of H. C. Peterson & Co., Copenhagen. This is a small centrifugal milk separator suitable for dairies of from ten to forty cows. The drum of the separator holds five pounds of milk.

Hon. M. J. WAGNER, Mayor of Marshall, Mich., has a large stock farm adjacent to the city, with upwards of forty breed mares and a fine lot of well-bred young horses and colts. He also owns the celebrated stallions, Black Cloud, Recorder, Strathmore, Jr., and Comanche Chief. Wilkes Spirit of the Times says that Mayor Wagner is one of the leading breeders of this State and a gentleman of experience, and the Turf, Field and Farm adds that Mr. Wagner is doing much for the breeding interest of Michigan. Besides being Mayor of the City and superintending his stock farm, Mr. Wagner gives personal attention to the business of the Voltaic Belt Co., in which he is a large stockholder. This company under his judicious management and care has built up a very large trade both at home and abroad. It allahows what one man of enterprise can accomplish.

Extracts from a Letter from C. H. S. Cronkhite, Esq.

Canterbury Station, York Co., N.B., October 10th, 1876.

Dear Sir,—In reply to your letter of enquiry, I would say that your Phosphorized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime is the best preparation of the kind I have ever seen or taken.

I was ordered by my physician to take it, and commenced about the last of August, and since that time I have felt a different man, and also look differently, and all for the better, as the doctor can testify.

I was unable, in the summer to walk any distance without much fatigue. I can now take my gun and travel all day, and feel first-rate at night, and eat as much as any lumberman. Have not bled any since I took your preparation, and can now inflate my lungs without feeling any soreness, and I think I can inflate them up to full measurement, same as before I was sick, have also gained in flesh, my weight in the summer was 173 lbs. and now it is nearly 190 lbs., which is pretty well up to my former weight.

The foregoing is a correct statement which I am prepared to swear to, and I hereby authorize you to give it publicity in my name.

I am, dear sir, truly yours (Signed) C. H. S. CRONKHITE.

We, the undersigned, hereby consent to have our names published as witnesses to the effects of Robinson's Phosphorized Emulsion on the person of Mr. Cronkhite and do assert that the foregoing statement is correct in every particular.
