Scald Head, Sore Eyes.

From Harvey Sickler, Esq., the able editor of the Tunckhannock Democrat, Pennsylvania.

"Our only child, about three years of age, was attached by pimples on his forchead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilled physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrups wound which covered his whole face. Having tried every thing clse we had any hope from, we began giving your SAESAPARILLA, and applying the iodide of potash lotion, as you direct. The sore began to head when we had given the first bottle, and was well when we had fair had the second. The child's eyelashes, which had come out, grew agein, and was well when we had fair as any other. The whole neighborhood predicted that the child must die."

Reading, Pa. 6th May, 1861.

J. C. Ayer. M. D. Dear Sir :1 have a long time been afflicted with an cruption which covered my whole body, and suffered dreadfully with it. I tried the best medical advice in our city without any relief. Indeed, my disease grew worse in spite of all they could do for me. I was finally advised by one of our leading citizens to try your Sarsa-PARILLA, and after taking half a bottle only, I found that it had reached my complaint, and my health improved surprisingly. One single bottle completely cored me, and I am now as free from the complaint as any man in the world. Publish this, and let the at flicted know what you have done for me, and what may be done for their relief.

Yours, with great respect and gratitude, JACOB H. HAIN. The above certificate is known by us to be

true, and any statement from Mr. Hain entirely reliable.

It has not failed to come upon her in cold weather, nor has any remedial aid been able to besten its departure before spring, or at all alleviate her sufferings from it. This season it began in October with its usual violence, and he the advice of my physician I gave her your Sansapanital. In a week it had brough: the hungr out upon her skip worse than I had ever seen it before; but it soon began to disappear. The itching has ceased, and the humor is now entirely gone, so that she is com-pletely cured. This remarkable result was undoubtedly produced by your Sansapaniela.
