BRIEFLETS.

Rev. Father Campeau came to St. Boniface yesterday.

Rev. Frederick Gigault, O. M. I., of Buffalo, N.Y., has been transferred to the church of the Immaculate Conception, Lowell.

Rev. Father O'Dwyer, O. M. I., preached a very instructive sermon on Indulgences in St. Mary's Church last Sunday evening.

A beautiful white marble cross "In loving memory" of Hubert Galt, the ten year old son of Mr. George Galt, has been erected in St. Boniface cemetery.

The surest sign any man can give of the extremely thin veneer that makes him pass for a gentleman is proneness to take offence.—Leigh Hunt.

We were not a little astonished to find Dr. Williams' Pink Pills advertised in "La Semaine Religieuse de Paris." To be sure, the advertisement begins with an allusion to the victory of Clovis at Tolbiac in 496.

Professor Warman's interpretation of Poe's "Raven" last Thursday was a very scholarly analysis, and, though his theory does not solve all the knotty points, it explodes many of the current renderings of this weird poem.

The report of the serious illness of the Very Rev. Father Soallier, Superior of the Oblates of Mary Immaculate, was greatly exaggerated. His recent indisposition has not prevented him from transacting the usual business of his office.

The beautiful autumn weather we have had lately is the rule in Manitoba; the exception, in the form of wet, cold days, is noticeable because, when it occurs, it is an exception. Beautiful autumns are common enough all over America, but nowhere are they more delightful than here.

Rev. Father Judge, S.J., writing last December from Fort Mile, Alaska, says he is going to the new gold fields of the Klondyke, and adds that he had the happiness of giving the last sacraments to a Canadian miner that died in that region last autumn. The Prefect Apostolic of Alaska has obtained from Mgr. Grouard all necessary faculties for spiritual ministrations in the Klondyke.

Rev. Fr. Sinnett delivered an interesting lecture on "The Bible," in St. Augustine's Church, Brandon, Monday of last week. At the close of the eloquent lecture Rev. Fr. Sinnett announced that Fr. Sinnett was about to leave Portage la Prairie for Montreal. Thereupon Mr. E. Boisseau, on behalf of the parishioners, presented the Rev. Father with a beautiful gold-headed cane, at which Father Sinnett expressed his astonishment and his

thanks. General regret is felt at Father Sinnett's departure from Manitoba.

The many friends of Mrs. C. H. Royal (nee Gellely) will regret to hear that she is seriously ill with typhoid fever.

Rev. Father J. A. Magnan, O. M. I. who has been laid up for some time at St. Boniface Hospital, is now convalescent.

Rev. Father Lacasse, O. M. I., returned to the palace last Wednesday. On Thursday evening he delighted the St. Boniface College students with one of his amusing talks.

The "Voice" of Winnipeg, while endorsing our recent forecast that the present social conditions bid fair to end in an upheaval of Society, adds that "the people's lawmakers are as blind as bats and as talkative as parrots."

The N. Y. Freeman's Journal says there never was any foundation for the rumor that Cardinal Ledochowski was about to resign his office as Prefect of the Propaganda, and that Cardinal Sattoli was to take his place.

The London "Universe" is printing a series of articles tending to prove that the real Roger Tichborne is, after all the Orton fizzle, still alive in the Parramatta lunatic asylum in Australia, under the assumed name of William Cresswell.

Very Rev. Father Allard, O. M. I., V.G., returned last Wednesday from Selkirk, where he met His Honor Lt.-Gov. Patterson returning from the longest expedition ever undertaken by a Governor of Manitoba, the farthest point reached being Fort Churchill on Hudson's Bay.

Little Johnny (after a spanking)—"Aunt Susie, are you going to heaven?"

Aunt Susie—"Why, yes; I hope so."

Johnny—"Well, when you die and I die and we both go to heaven and get to be angels, I shan't fly when you fly."

The feast of Blessed Bernardine Reolino was kept, for the first time, in July, 1897, in the Jesuit church of the Sacred Heart, Edinburgh. The sermon at High Mass on Sunday, July 4, was preached by Father Matthew Gaughren, Superior of the Oblate Fathers, Leith, Edinburgh.

The Northern Pacific announces rate of single fare for the round trip from points on their line in Manitoba to Grand Forks on account of Grand Forks Street Fair, held in that City September 29th and 30th and October 1st, the tickets being on sale September 28th and 29th with final limit of October 2nd.

Rev. Fr. Cherrier left for Illinois last Thursday. During his absence of probably three weeks Rev. Fr. Beliveau has charge of the Immaculate Conception parish. Rev. Fr. Chartier, S.J., Rector of St. Boniface College, will be Mass last Sunday morning and Rev. Fr. Drummond, S. J., preached in the evening.

Mgr. Emard's "Revue Ecclesiastique" for September 15th published a good French translation of the Holy Father's latest encyclical, "Militantis Ecclesiae," addressed to the archbishops and Bishops of Austria, Germany and Switzerland. The first twelve numbers of this excellent review can be had, bound, at Valleyfield, Que., for 50 cents.

The most powerful telescope now in use magnifies 2,000 diameters. As the moon is 240,000 miles from the earth, it is thus, to all intents and purposes, brought within 120 miles of our world, a distance which, for terrestrial objects has actually been spanned by the naked eye, since the summit of Mt. Katabdin in Maine has been seen from the summit of Mt. Washington in New Hampshire 120 miles off.

Additional information about the late lamented Bishop Lemmens is given by various Catholic newspapers. The last letter received by his Vicar General, Very Rev. Joseph Nicolay, of Victoria, B.C., was dated June 22, and contained the news that his Lordship had been suffering from an attack of fever which he found it very difficult to throw off, and was about to start for Floris, which is on the Atlantic coast of Guatemala. Between Cartha and Coban, which is about 60 miles north of the city of Guatemala, the Bishop breathed his last on August 10th. The government of that republic had exiled the Archbishop and the sacrament of Confirmation had not been administered since 1887. Bishop Lemmens, when he went to Guatemala eleven months ago, was unexpectedly well received by the government officials, who even restored the exiled Archbishop to his see in the presence of Bishop Lemmens.

All the poetry, ideal in the wide, wide world is bound up in that one word: "Motherhood." A woman's greatest happiness, her greatest duty and her greatest privilege is to become the mother of a healthy, happy child. Untold thousands of women fall short of this because of weakness and disease of themselves. Either they live childless lives, or for a brief spell bear the agonies of puny, sickly children that bring them only pain, and leave them only sorrow. The woman who suffers from weakness and disease of the distinctly feminine organs is certain to become an invalid. No woman can suffer in this way and be a healthy, happy, amiable wife and a competent mother. Troubles of this nature sap the strength, rack the nerves, paint lines of suffering upon the face, destroy the temper, make the bright eyes dull and the once active brain sluggish, and transform a vivacious woman into a weak, sickly, invalid. This is all wrong. It is all unnecessary. Dr. Pierce's Favorite Prescription is a marvelous medicine for ailing women. It acts directly on the delicate and important organs that bear the burdens of maternity and makes them strong and healthy. It allays inflammation, soothes the nerves, soothes pain and tones and builds up the nerves. It banishes the discomforts of the expectant months and the discomfords of the little new-come's health and an ample supply of nourishment. Thousands of women have testified to its marvelous merits. An honest dealer will not endeavor to substitute some inferior preparation for the sake of an extra little profit.

"I took Dr. Pierce's Favorite Prescription previous to confinement," writes Mrs. Corda Culpepper of Tanks, Cottle Co., Texas, "and never did I so well in my life. It is only two weeks and I am able to do my work."

In most healthy families you will find Dr. Pierce's Common Sense Medical Adviser. For a paper-covered copy send 31 one-cent stamps, to cover customs and mailing only. Cloth bound, 50 cents. Address Dr. R. V. Pierce, Buffalo, N. Y.

St. Boniface College. THE ONLY Catholic College In America...

That competes annually with half a dozen Protestant Colleges & Collegiate Institutes. In proportion to the number of its pupils, St. Boniface College...

Has Won... More Scholarships Than any of its Protestant Competitors.

Read the following extract from the Northwest Review, July 8th, 1897:—

The students of St. Boniface College came off with even more than usual success. They captured the two scholarships for Greek, Achille Rousseau, of the previous year, winning the coveted \$40 over 26 competitors from his own and other colleges, and Jean Arpin the corresponding \$25 in the Preliminary over twenty competitors. As our candidates numbered only eight against forty from three other colleges, this double victory redounds greatly to their credit. Moreover Achille Rousseau was fourth out of seventy-seven in Latin and Algebra, Antonin Dubuy was first out of one hundred and thirty from St. Boniface, Winnipeg, Portage la Prairie, Brandon and Regina, in the Latin of the Preliminary. The French and History scholarship of \$60 in the previous year was won by Fortunat Lachance. In the Latin course of Mental and Moral science, Marius Cinq-Mars took his B. A. degree with first class honors and the Silver Medal, while Noel Bernier and E. J. Golden divided the two scholarships in the Junior B. A. year, receiving \$100 each. The only other student in this year, Gustave Rocan, obtained first class marks in all the honor papers of his course. The St. Boniface candidates maintained their long established reputation for thoroughness in the past subjects. Cinq-Mars being second out of twenty-eight in Latin and first out of thirty-three in Physics. Not one of the St. Boniface men failed in anything.
