

SIDEWALKS

NOTICE TO RATEPAYERS

The City Council has decided to increase the rate for the maintenance of sidewalks for the year 1907. The rate will be increased from 10 cents to 15 cents per front foot of sidewalk. This increase is necessary to cover the cost of the increased price of materials and labor. The City Council has also decided to increase the rate for the maintenance of sidewalks for the year 1908. The rate will be increased from 15 cents to 20 cents per front foot of sidewalk. This increase is necessary to cover the cost of the increased price of materials and labor. The City Council has also decided to increase the rate for the maintenance of sidewalks for the year 1909. The rate will be increased from 20 cents to 25 cents per front foot of sidewalk. This increase is necessary to cover the cost of the increased price of materials and labor.

W. A. DUBOIS

 Montreal, Quebec, Canada

Incineration Department

The Incineration Department has received a large quantity of refuse for incineration. The refuse is being incinerated in the incinerator at the rate of 100 tons per day. The incinerator is a large brick building with a tall chimney. The refuse is loaded into the incinerator by a crane. The incinerator is operated by a team of men. The incinerator is a very important part of the City's refuse disposal system. The incinerator is a very important part of the City's refuse disposal system. The incinerator is a very important part of the City's refuse disposal system.
