

2. However, such royalties may be taxed in the Contracting State in which they arise, and according to the law of that State, but the tax so charged shall, provided that the royalties are taxable in the other Contracting State, not exceed:

(a) 20 per cent of the gross amount of patent royalties and royalties for the use or the right to use trade marks, motion picture films and films or videotapes for use in connection with television, or for the use of, or the right to use, industrial, commercial, scientific or harbour equipment; and

(b) 15 per cent of the gross amount of the royalties in all other cases.

3. Notwithstanding the provisions of paragraph 2, copyright royalties and other like payments in respect of the production or reproduction of any literary, dramatic, musical or artistic work (but not including royalties in respect of motion picture films and films or videotapes for use in connection with television) arising in a Contracting State and paid to a resident of the other Contracting State who is subject to tax thereon shall be taxable only in that other State.

4. The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright, patent, trade mark, design or model, plan, secret formula or process, or for the use of, or the right to use, industrial, commercial or scientific equipment, or for information concerning industrial, commercial or scientific experience, and includes payments of any kind in respect of motion picture films and works on film or videotape for use in connection with television, and payments for technical and economic studies.

5. The provisions of paragraphs 2 and 3 shall not apply if the recipient of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise through a permanent establishment situated therein, or performs in that other State professional services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such a case, the provisions of Article VII or Article XIV, as the case may be, shall apply.

6. Royalties shall be deemed to arise in a Contracting State when the payer is that State itself, a political subdivision, a local authority or a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or fixed base in connection with which the obligation to pay the royalties was incurred, and those royalties are borne by that permanent establishment or fixed base, then such royalties shall be deemed to arise in the Contracting State in which the permanent establishment or fixed base is situated.
