

March 18th, 1925.

The Secretary,
Pharmaceutical Society,
2430 Esplanade Avenue,
Montreal.

Dear Sir:-

Sir Arthur Currie is at present out of town. I might tell you, however, that the matter which you mention is being considered but involves a great many points of considerable difficulty.

I would suggest that your deputation see Professor Simpson of the Faculty of Medicine, in the absence of the Dean, in order that he may explain to you the present situation. I have asked him to do this and he has agreed.

Yours faithfully,

Wilfrid Bovey.
