Special Bill Will Be Passed in the Legislature

Supply Will Be Wiped Out.

and the legislature is determined to and the legislature is determined to see that active steps are taken to instal a plant that will suit the demands of the population. There will be no further voting either in the city or in the house upon what is to be done but an alternative is laid before the council. Either the Currie McVeity council. Either the Currie McVeity scheme of river water filtration or the Binnie proposal of piping a pure supply from 31 Mile Lake in the Gatineau system will perforce be adopted by a special bill, which was passed thru the private bills committee yes-

By a vote of 34 to 8 the committee decided to substitute a government measure introduced by Mr. Hanna for that of Ald. Ellis which favored the lake scheme. A sub-committee will prepare the final draft for report in

the house this afternoon. Considerable opposition was stirred up in committee by members and Ottawa delegates who favored the Currie scheme and claimed that if the provincial board of health had power to rule out that method, it would force to rule out that method, it would force an eight million expenditure on the city regardless of their voice. The Hazen filtration scheme would be much more acceptable. In spite of warm argument, however, the only point gained was that the mayor might assist in drawing up plans and specifications that would do justice to the river scheme. The spirit of the committee and the chairman, Hon. Mr. Hanna, was that the reputation of Ot-Hanna, was that the reputation of Ot tawa for having a poor water supply should be wiped out forever.

GIVE PEOPLE A CHANCE TO GET THEIR MONEY

Four Years More Allowed for Completion of Ontario West Shore Railway.

With the object of allowing holders of shares and bonds some opportunity of getting something for their money, of getting something for their money, the railway committee of the legislature approved a bill submitted by A. H. Musgrove to give the Ontario and West Shore Railway four years more to complete the line. The bonds are guaranteed to the extent of \$400.000 by the Townships of Ashfield Huron, Coderick and Kharayalan. Goderich and Kincardine.
The committee also granted an ex-

tension till March, 1915, to the Ni-agara Falls, Welland and Dunnwille Electric Railway, while the Morris-burg and Ottawa Electric Railway ob-tained permission to increase its bor-rowing powers from \$20,000 to \$30,000
