There has never been an occasion of more enordiality and warmth of the audience increased as the proceedings drew to a close until the finale was a whirlwind of patriotic and philanthropic sentiment. The applause was leafening, and when the pipers lined up to play the people out, the Nationa Anthem was spontaneously started and sung with Canadian vigor. The normal capacity of Massey Hall is 3800, but there must have been over A 4000 seated last night. Every available space on the platform was filled and there were no vacant seats anywhere. The decoration committee had made a thoro job of their work, and the whole of the hall was gay with bunting, flags, in trophies and festoons, and color in quantities brightening the walls and galleries, while at the back of the orchestra a huge try to figure it out: red cross on a white ground flanked

Action Taken Under Fiat From the Attorney-General.

WINDSOR, Ont., Oct. 4.-A surprise was sprung at the beginning of the Essex session of the supreme court at Sandwish this afternoon, when Crown Prosecutor Pike, under a fiat from the attorney general of the Province of Ontario, laid before the grand jury an indictment against Albert Kaltschmidt, a wealthy Detroit German, charging him with being a party to conspiracy in connection with the dynamiting outrages at Windsor and Walverville some months prosecutor's action came as a distinct surprise. Mr. Pike stated that furupon instructions from Toronto. Jusbill can be returned in the matter.

And hist! Sss'h! Listen! What do you think? A kilted woman picket marched silently to and fro before the gates of Dundurn Heights last night—watching. What for? Nobody knows. It's a secret. Was she the outpost of a strong force hidden behind the fences and waiting for a signal to charge, or was she there only to make a report?
It would seem according to Miss Mc-Nab's idea of it that the latter was the case. She told a reporter for The World last night that no orders were given by her for a change of drill quarters, and that the arrangement must have been made by Col. Galloway and some of the members of the emporary executive committee, when

she was unable to attend, owing to illness, last Monday week.

Flight Lieut. Erroll Boyd, 121 Bedord road, Toronto, who was one of the five aviators in the raid on Zeebrugge Sunday, cabled his parents late last night that he was "quite safe." Five aeroplanes of the allies bom-

were dropped weighed 75 lbs. The aeroplanes were attacked by antiair craft guns, which brought down one of the machines. Another was compelled by a defective motor to land near Nieuvliet, on Dutch territory. A British officer was interned. Lieut. Boyd's parents believe he was in the

latter machine.

At midnight last night a wire from Ottawa stated that Boyd's aeroplane shipping firm of Stettin. had been shot down and that he had been interned in Holland. It was understood that he was uninjured.

Lieut. Boyd is the son of J. Tower Boyd, who is superintendent of agen-cies for the Confederation Life Assurance Co. These attacks, which were pressed with determination, were all repulsed with severe loss to the enemy and he failed to reach our trenches. Further to the northwest the enemy succeeded in recapturing the greater portion of the Hohenzollern redoubt. On the remainder of our front the situation is unchanged."

DARIS, Oct. 4.—(10.40 p.m.)—Trench fighting of a violent nature in Artois thruout the day is reported in the French official communication issued tonight, which adds that to the south of Givenchy the Germans have gained a footing at the crossing of five roads, but were repulsed everywhere else.

The text of the statement follows:

"In Artois the struggle from trench to trench continued during the entire day. On the crests to the south of Givenchy the enemy was able to regain a footing at the crossing of five roads, but was repulsed everywhere else, notwithstanding the violence of his repeated counter-attacks. The artillery and trench gun action was especially intense to the south of the Somme, in the sector of Lizons and Chaulnes, as well as to the north of the Alsne, in the valley of the Miette and on the Alsne-Marne Canal in the environs of Sapigneul.

## SIR JOHN FRENCH PRAISES DASHING WORK OF AIRMEN

ONDON, Oct. 4.-(11.17 p.m.)-Field Marshal Sir John French has issued an order of the day expressing his appreciation of the valuable work don by all ranks of the Royal Flying Corps in the battle in France, which began Sept. 25 under extremely adverse weather conditions, which compelled

flying at very low altitudes under heavy fire. Gen. French especially thanks the pilots and observers of aircraft for their plucky work in co-operation with the artillery and in photographing and makpenhagen says that the Svionia ran ing bomb attacks on the railways, which, he says, was of great value in interrupting German communications.

Ultimatum Has Apparently Been Ignored, But Situation is Beclouded --- Uneasiness Reported in Greece Over Landing of Anglo-French Forces at Saloniki.

ONDON, Oct. 4.—The time allotted Bulgaria by the allies thru Russia to turn her back on Germany, Austria and Turkey, expired this afternoon, but the expiration of the time limit brought no immediate surface indications to clarify the situation.

The latest proposals made to Bulgaria by the ministers of the entente powers at Sofia have lapsed, recent developments indicating that the Bulgarian Gevernment has rejected them, it is stated authoritatively. This statement refers to the proposals

A despatch to Reuter's from Sofia. dated Oct. 2, says:

"It is officially announced that the government will immediately reply to the last note of the entente powers." London Mystified.

Whether the Russian minister promptly left the Bulgarian capital as his government threatened provided Bulgaria declined to meet the Russian ultimatum; whether Bulgaria dissembled asking for further time; or whether King Ferdinand and his supporters merely observed silence was not known in London tonight. Either the censorship or the vagaries of wartime cable service, or the two combined resulted in keeping London in the dark, altho definite news is expected hourly.
