

# Torontos' Two—

WHEN next you visit Toronto, the Queen City of Canada, let us operate on your pocket-book, at a reasonable price, for hotel accommodation.

We consider ourselves specialists in American plan hotel keeping, and we believe that the exclusive cost plan is preferable to the indefinite European plan, where your appetite at times is liable to cause you financial worry and particularly this is true when you have only set aside a definite amount for your holiday.

The Walker House Cafeteria is open at all hours day and night to cater to the wants of travellers arriving in our city at unreasonable hours. Our slogan is pure food at reasonable prices.

## *The Walker House*

*"The House of Plenty"*

We have plenty here in Canada, thanks to our glorious climate, the energy of our citizens and the fertility of our soil. Let us be sparing in our wants so that we can conserve and save for those who are fighting the battles of Democracy in Europe.
