

The next township is Elizabeth Town, which is well watered by the river Tonianta, and three other streams. The isles du Barril lie in front of this township.

The township of Yonge lies next, and is of irregular shape. The river Tonianta empties itself into the St. Lawrence, near the south-east angle of this township. Towards the upper part are the narrows, made by a peninsula from the north shore, and Grenadier Island, which lies in front of this township, as do several smaller ones.

Lansdown is next ; it has several small streams, and many islands in its front, but none of any size.

Leeds adjoins Lansdown, and is well watered by the river Gananoque, which affords a good harbour at its entrance.

Howe Island lies partly in front of this township, as do several small islands.

Pittsburgh lies above Leeds ; part of Wolfe Island and part of Howe Island are in its front. This township adjoins to Kingston ; from hence westward, the St. Lawrence opens into the lake Ontario, it being about 120 miles direct from Kingston to Pointe au Bodét.

The St. Lawrence may be classed with the most noble rivers in the world ; its waters flow for the extent of 2000 miles before they reach the ocean : the commercial advantages from such a situation increase in proportion to the population of its banks. The Indian trade, in a great measure, takes its current down the St. Lawrence, particularly
