THE

QU'APPELLE LAND CO.

(LIMITED)

Capital - - - - - \$500,000.00.

This Company has a large tract of land immediately North of Regina, the new Capital of the N. W. T., on the East side of Long Lake, at the foot of navigation. Settlers are invited to take up Homestead and Pre-emption Lots, in even numbered sections, on the usual Government terms. Entries may be made now for settlement in the Spring. A projected line of Railroad passes through the land. This Company has purchased all the odd numbered sections, and, in accordance with Government terms, must settle the whole tract in five years. The land is rolling prairie, loam soil, well wooded and watered, &c.

Several towns have been located on the lands, viz., Long Lake, Victoria, New Haven, Merchiston, Scottston, Harold, Marieton and Rexton, which offer good openings to Merchants and Mechanics.

Entries should be made at once, as the lands near the City of Regina are rapidly being taken up.

For Maps, Blank Applications for Homesteading, &c., address:—
