Lived in Canadian City Fifteen or Twenty Years Ago-Estates in France and Germany.

somewhere about fifteen or twenty years ago the morgantic son of one of the kings of Europe lived in Montunder the name of Meurling real under the name of Meurling.

Among his acquaintances was the late senator Forget, who befriended him in a very marked manner. He had at that time only \$10,000, which, on the sovice of Senator Forget, he invested as directed, and made over \$75,000. He went away from Montreal later, and no news has been heard of him until the city council of Montreal received a notice that a Mr. Gustave Meurling had left \$100,000 to the peor of Montreal in memory of countesies and lendnesses received from its citizens. Montreal in including the states in France and Germany, and American securities, the value of which has not yet been devalue of which has not yet been devalue.

ng to details supplied Mayor According to details supplied Mayor Gueria in London by Messrs. Stibbard and Gibson, the London firm that drafted the will, Mr. Meurling was married many years ago to a French countess of considerable social prestige, but several years later they were diverced. Five years later the married another French lady, who filed in three years. He himself died at the age of seventy.

Deceased was without children, and consulted with his London solicitors as to whom he should leave his money. He did not take their suggestions, but eventually decided in favor of Montreal, in memory of a courteous and kind people.

GERMAN WARSHIP Will Arrive in Montreal Harbor Next Thursday.

MONTREAL, July 14 .- It was stated at the offices of the harbor commission to-day that special arrangements had been made to accommodate the firstclass cruiser battleship Bremen, of the imperial German navy, which is to arrive in Montreal next Thursday. The Bremen, which is close upon 300 feet long and carries a complement of more than 400 men, is one of the

ost modern fighting craft in the sea forces of the Kaiser. The occasion will be the second upon which the Bremen has visited Montreal, the last time being in August, 1907, when she called here on her way home to Germany, after having been stationed in West Indian waters.

Tons of Water. A grass plant will, in the course of a hot day, exhale its own weight or water, and a young leaf of wheat or tye exposed to the sun may even exhale its own weight in an hour, is a surprising statement to be found in the Agricultural Year Book. Experiments summarized by Storer indicate that "more than 300, pounds of water pass thru a plant, and are transpired from its leaves for every pound of dry matthru a plant, and are transpired from its leaves for every pound of dry matter fixed or assimilated by the plant."

In Wisconsin, King found the mean smount of water used by barley, oats.

inches, for each ton of dry matter.' Animals Smoke Cigars.

A curious fact is described in The Strand Magazine regarding the taming of wild camels by the natives of Morocco. A three-cornered piece of wood, thru which a hole is drilled, is placed in the mouth of the camel, and a lighted eigar, very large and loosely rolled, is then inserted in the hole. As soon as the animal starts to draw it becomes very tame and continues to inhale the smoke and cmit it thru its nose. As soon as the first cigar is flinished, a new one must be put in its place, otherwise the camel becomes furious and very stubborn, fixes its legs in the ground and cannot be made to
