Con Jones Gives Views About Lacrosse in General

The Vancouver Lacrosse Club is behind no sporting institution in the world at playing their game in the winter, not even the major league baseball organization. On Caristmas a year ago Con Jones received the greetings in token form of the Tecu Lacrosse Club and this year Vancou ver is right up to the mark.

BASEBALL SCHEDULES

Major Leagues to Be Drawn Up This Week and Given Out in February.

NEW YORK, Dec. 26.—An important baseball meeting will be held on Friday of this week, the result of which will not be known until next February. Only the members of the joint schedule committees of the National and American Leagues will be in attendance. President Ban Johnson of the American League and President Thomas Lynch of the National, both members of the committee, are busy preparing for the annual meeting of the National Commission at Cincinnati next week and desire that the work on the 1912 schedules go on without interruption.

Outlaws Visit Reading.

READING, Pa., Dec. 26.—Representatives of the proposed outlaw baseball league, of which Reading is to be a member, were in this city looking over the situation. They called on William Abbott Witman, owner of the Circus Maximus grounds, and they pronounced his grounds among the finest in the United States. It is claimed that it will be an easy matter to get together a first-class baseball club, to represent Reading in the league, and that there are any number of minor league men who will jump at a chance to get a boost in their salaries. There are a dozen men ready to become manager of the Reading team.

Mr. Witman says he built Circus Maximus for a baseball ground, and that baseball will either be played on the grounds in 1912 or else he will tear down the grand stand and use the site for building purposes. Outlaws Visit Reading.

Juarez Jocks Disciplined.

JUAREZ, Dec. 26.—The stewards made another ruling to-day, this time against Jockeys A. Walsh and A. Wrispen, and both these riders, like J. Howard vesterday, were warned off the Jockey Club Juarez track for attempted fraud. The investigation is still going on and the stewards are carrying their enquiries on in secret. Walsh halls from Montana and has been riding for years, and as a consequence is known on all the prominent American racetracks. A. Wrispan was brought out by W. C. Daly and is the rider Ed. Corrigan had a dispute with Daly over last summer, which was settled in favor of Corrigan by the Canadian Jockey Club. Both jockeys have been riding in winning form here.

C. JONES WANTS MAGNATE, ALSO LACROSSE PLAYERS FOR WEST

British Columbia Association To Be Three Team Affair Next Season With Eastern Men To Manage Victoria -Welsh Gives Up New Westminster.

up to the mark of the regulars.

Besides players Con. Jones is also looking for a lacrosse magnate. The British Columbia Lacrosse Association will be a three-team affair next year if the plans of Mr. Jones, and a few other Mainland enthusiasts materialize. Mr. Jones left the west determined to interest a prominent official of the N.L.U. in the proposition to organize a club in Victoria in 1912, and he is confident that he will be successful. Mr. Jones declined to disclose the identity of the official, but he doesn't anticipate any difficulty in enlisting the services of the eastern man, in managing a team in Victoria.

"I know they want lacrosse in Victoria," stated Mr. Jones, "and I believe that he will be successful in bringing the Capital City into the league in 1912. However, the financial backing for a team may give us some worry, but I am of the opinion that there are a number of gentlemen in Victoria who will back a club if they have a capable man at the head, and I am going to make an effort to land the best manager in the National Lacrosse Union."

Before leaving the west Mr. Jones talked over the situation with Charles Welsh, manager of the New Westminster Club, and altho Mr. Welsh was non-committal,

the usual interest.

Con. Jones, owner of the world's champion lacroses club of Vancouver, B.C., is here on a scouting trip. He resents the recapture of several western stars, and in turn will take some more good men back home with him. Con. wants four or five and he wants them badly.

Clubs are figuring on for next season.

Mr. Jones proposes to play twenty-four games next season in the league scheduled, ten of them on the coast and the other fourteen at different points thruout Canada and the Eastern United States. Of course the New Westminster Club must first give its consent to the trip and unless Con. can show in black and white where the trip will be financially successful it is hardly likely that the Salmonbellies' management will undertake to go in with him.

Mr. Jones also has a grouch and will incidentally register a protest on behalf of the British Columbia clubs on the cutting down of the number of players from twelve to ten as has been done by the Dominion Lacrosse Union and will hand out notice to all concerned that any challengers for the Minto Cup will have to play twelve men if they desire any games for the cup. Con. says that the New Westminster club is backing him up in this respect.

Mr. Jones also talks of a national com-mission to handle all lacrosse affairs in the Dominion. He sees no chance for it going thru the coming year, but it is bound to come, and this visit is expected to help.

Mr. Jones is accompanied by his family and brother-in-law, and will combine business with pleasure. He expects to return to Vancouver the latter part of February, making the return journey via the Southern States.

Heavyweight Battles. Two heavyweight battles.

Two heavyweight battles between evenly-matched men are announced for this week in New York. Tom Kennedy is to meet Carl Morris, the Oklahoma giant, to-night, while Ai Kaufman and Al Palzer fight on Thursday. If these two bouts provide clean-cut winners, a match between the two victors would go far toward selecting a possible opponent for the colored champion.

EATON'S

Young Men's Suits

It may be interesting to note that a fashion exists in men's figures, as well as in clothes. Time was when the broad shouldered strapping figure was applauded by the young man. Now the fashionable figure is slim, and the young man's clothes are cut to accentuate this effect of slenderness and grace. Curves are more pleasing than corners, and in even an older man much of the young mannish aspect of litheness and grace can be simulated if the coat is well cut. But to-day we wish to demonstrateour suits for young men who are just budding into manhood, and for whom we

carry a special range of sizes, 33 to 37. One splendid line is shown in English worsteds, in the dressy olive or brown mixtures with thread stripes and is made in the single-breasted style with shapely lapels, natural shoulders and modulating curve at waist line -all of which tends to the slim effect, so much desired-perfectly tailored and trimmed with fine twill body linings; sizes 33 to 37 only. Big Demand For Big Four Season Tickets at Quebec

recedented demand for season tickets for the coming series of hockey games of the N. H. A. at the Quebec rink this afternoon, when the plan for reserved seats opened. Never before, possibly, has there been such an amount of interest displayed in the game as this year, and the "big four" in the hockey world promises to have one of the most successful seasons which it has ever had, so far as Quebec is concerned. The sale of tickets for the entire season exceeded all previous years by a large amount.

While the weather is far from propitious for skating, the rink authorities are doing all that is possible to preserve the ice for the opening game, and this evening (band night) had to be cut out. This was done not alone on account of the hockey game,

While the weather is far from propitious for skating, the rink authorities are doing all that is possible to preserve the ice for the opening game, and this evening (band night) had to be cut out. This was done not alone on account of the hockey game, but also in the interest of the skaters themselves, who this year also bid fair to outnumber former years, over 1200 season tickets having already been illued.

There will be a meeting of the central section of the Boy's Union Hockey League in the Boy's Club at the Central Y.M.C.A. to-night at 7.30.

Jimmy Breen, drafted from Milwaukee by Erroklyn, will be turned over to Los Angeles, if he does not make a major league reputation first chance. Indeed, there is a strong possibility of Breen not going south with the Dodgers, as Rill Dahlen has still a great deal of pruning to do to get his squad down to the required number of forty.

Failing to secure Catcher Ainsmith of the Senators, Manager Harry Woiverton of the Yankees, is angling for Nig Clarke of the Prowns. At least this is the story that comes from St. Louis. Having let out Walter Blair, it is up to the new pilot to get a tried and reliable backstop before the training season begins.

The fact that Bresnahan is holding up by waiver all the available first base material that presents itself leads St. Louis critics to believe that big Fd. Konetchy may be placed on the bargain counter. Konetchy and Roger have never hitched very well, and as the manager is by far the more popular in the Mound City, the fans would stand for what might appeal as a good trade.
