TWO BYLAWS SWAMPED ANNEXATION FAVORED

Weston Opposes Town Improvements—Dovercourt Favors Union—Notes.

TORONTO JUNCTION, April 29.—A special meeting of the high school board was held to-night for the consideration of granting increases in salaries to the entire staff of the collegiate institute. The salaries paid at the present time are as follows: Principal, Colbeck \$2000, Vice-Principal, Gonsley \$1800, F. J. Johnson \$1200, Miss Charles \$1400, C. L. Barne \$1200, C. L. Barne \$1050, Miss K. McLellan \$950, W. A. Evans \$900.

A letter was read from the principal stating that the teachers were ill-paid; conditions of living were as high in the Junction as they are in the city; and urged that teachers in the institute should be enabled to occupy positions relative to those held by city teachers. After a lengthy discussion the board decided to raise the salaries to the following level: Principal, \$2300; vice-principal, \$1900; F. J. Johnson, \$1400; Miss Charles, \$1600; C. L. Barne, \$1200; Miss McLellan, \$1000; W. A. Evans, \$1000. The teachers' increases will go up at the rate of \$50 per annum. The principal's increase will be reached by \$100 per annum.

The want of a quorum prevented the board of works from meeting to-night. It was arranged to meet to-morrow night. The property committee, which also met to-morrow night, J. M. Maxwell was fined \$2 and costs this morning for refusing to pay his fare and using abusive language on C.P.R. train No. 3 on Saturday night.

Fred Hazelwood, son of Rev. Dr. Hazelwood of Annet-street Methodist Church, after competing against 24 other applicants from all parts of the United States, has been appointed a surgeon on the Erie County Hospital, Buffalo.

Mr. M. J. Newton, formerly of the Empire, is now proprietor of the Imperial Hotel, corner of King and York streets, European plan.

Dovercourt.
DOVERCOURT, April 29.—A fairly representative gathering of taxpayers assembled at the school house to-night to talk over public matters pertaining to the district.

The "Old Age Pension" committee reported that they had advised the Dominion government to seek information of the scheme from countries where old age pensions is established, and to inaugurate such a system in Canada.

A letter of condolence was sent to Mrs. J. W. St. John.

John Wanless was called upon to outline the system of a police village, and stated that three concessions are open to the district, for the citizens to decide upon, namely, (1) to organize into a police village, (2) to annex to the city, and, (3) to continue with the township.

Weston.
WESTON, April 29.—(Special).—The defeat of the two bylaws submitted to the taxpayers here to-day to raise the sum of \$15,000 came in the nature of a big surprise. It was confidently expected that both the measures, one of which was to raise the sum of \$15,000 for sidewalks, and the other \$1500 for improved fire protection, would carry by substantial majorities, and the defeat of the sidewalk bylaw by a majority of 24, and the fire protection bylaw by 15, is attributed to apathy on the part of the citizens generally.

The local option committee of the town, in view of the fact that applications have been lodged in the high court to quash the local option bylaw, met and unanimously decided to support the village council in defending the bylaw in the courts. Public sentiment in the town generally warmly supports the action taken by the executive.

The A.Y.P.A. of St. John's Church will meet on Tuesday evening.

The Young People's Society of the Presbyterian Church will also hold a meeting on Tuesday evening.

J. Gardhouse is said to have bought the old G.T.R. freight shed, and will move it across his lot on Dufferin-avenue, to be used as a coal-shed.

The members of Weston Lodge, I.O. O.F., attended divine service in the Presbyterian Church here on Sunday morning, when Rev. Mr. Hamilton officiated.

Weston High School attendance is increasing all the time, four more pupils having entered last week from Boston. There will be over twenty candidates for the junior matriculation and junior teachers' certificates, and one for the scholarship class.

A. M. Burchill of the high school staff is being warmly congratulated. Mr. Burchill was among the list of successful candidates at the recent examinations at Queen's University.

Maple.
MAPLE, April 29.—James Oliver, ex-manager of the Sterling Bank, Maple, has been confined to his home with lumbago. He is now convalescing.

T. A. Cousins, the horse king of Maple, has been afflicted with Job's complaint. Under the skilful treatment of Dr. Logan he is making rapid progress towards recovery.

The farmers in this vicinity are busily engaged seeding.

Messrs. R. Jarrett and J. Snider of the 6th con. Vaughan, finished seeding on Saturday, the 27th inst. from Bolton. Fall wheat is looking pretty brown. A good warm rain is needed.

The remains of Joshua Oliver were laid to rest on Monday, the 22nd inst. He was in his 86th year and had lived in this vicinity over fifty years.

HOW TO DRESS FOR THE HORSE SHOW

The incongruities in dress are so apparent at such important social functions as the horse show that nine out of ten gentlemen would do themselves a favor in asking us face-to-face

"What's Correct?"

A two-minute talk will set you straight on what to wear—"the kind and the color" from head to foot.

and ask the council to do as much as they have power.

In order to establish a police village the district has to circulate a petition and present the same to the county council, asking them to organize the district into an unincorporated village. The government of such police village consists of three trustees, to be residents of the district or live within two miles. Non-residents are electors and the annual election of the trustees is similar to a regular municipal election, such trustees to hold office for one year. Ten mills on the dollar is the limit these officials can levy on the ratepayers. They have power to pass bylaws for letting contracts, employing labor, and purchasing material. The establishment of a fire brigade has to be submitted to the electorate. The township treasurer holds all moneys and pays them out to the order of the trustees. The trustees can establish parks and gardens by a petition signed by three-fourths of the electorate. Re fire protection a ladder and two water pails shall be kept in every house.

To annex to the city is the only solution for the sewage question. If annexed this year the levy would be 18 1/2 mills, next year it might be double. It would give the district a limited police protection, fire protection, water without paying double rates, and they would get good sidewalks on the local improvement plan.

The proposal to allow the township to keep control of the district would be next to consider. Mr. Wanstater stated that the township council has never risen to the conception of governing a township such as York, because the northern part is purely rural, while the front is practically a town. Mr. Wanstater asserted that if the south had stood together at the last election they could have elected three representatives to the council board. He then outlined the powers of the township council as per statute, and urged the ratepayers to stand for their rights. To establish a sewer system would be impracticable owing to the absence of water to flush them, and the city asks a high rental for sewage collection.

Allan Royce, manager of the Toronto and Suburban Railway, also spoke briefly.

At the close of the meeting a vote was taken to test the feeling of the ratepayers with regard to annexation to the city, the motion to unite being carried by a majority of 13. Further discussion was deferred.

Mr. Young has received the contract for building the addition of four rooms to Dovercourt new school, and four rooms to Dufferin-street School, to be completed for \$25,125. The school is ready for occupation at the commencement of the autumn school term.

North Toronto.
NORTH TORONTO, April 29.—While E. H. Harcourt was moving from Erskine-avenue to Victoria-avenue, and had only part of his goods in the latter place, the house was broken into on Saturday night. The extent of the depredation is not fully known as yet. Both the town and county constables are working on the case.

Ex-Councilor James Pears is Just finishing a part of a semi-detached building (dwelling) on West Eglinton-avenue. The houses are intended to be occupied by his teamsters. He also intends to open up a private street west of his residence, and to build half a dozen brick houses on it for the convenience of his brickyard employees.
