**ESTIMATING THE DAMAGE**

Witnesses for the Crown and for the  
 Defence Widely Differ.

Former Say About Thirty or Forty Dollars.  
 Latter Think It Almost 200—Evidence  
 of Road Master, Track Foreman and  
 Assistant Superintendent for the Tor-  
 onto Railway Co., and of an Ex-Track  
 Foreman on G. T. R. of John Rich-  
 ards, J. P., and of W. J. Ormerod,  
 J. P., for the Defence—Case Adjourned  
 Till To-Day.

Yesterday was another day consumed  
 in the case against the East Toronto  
 Railway Company's rails into the  
 ravine on July 20 last.

Crown Attorney Dewart, Lawyer  
 Grant, County Constable Burgess, as act-  
 ing clerk, and Magistrate Zedler were  
 engaged until 5.30 last evening on the  
 case, when it was adjourned again until  
 10 o'clock this morning.

The examination yesterday was prin-  
 cipally devoted to ascertaining the  
 amount of damage done to the rails,  
 but the statements of the street rail-  
 way witnesses and those for the village  
 differed widely.

Roadmaster McDougall of the Street  
 Railway Company was the first wit-  
 ness. He told how he had gone out to  
 the scene of the trouble some time near  
 morning, after the rails had been re-  
 moved. In reference to the damage done  
 to the rails, he stated it would be diffi-  
 cult to make an estimate, as they would  
 have to be spiked down before it could  
 be fully ascertained, as many of them  
 were warped and bent. He saw one that  
 was badly twisted and was only fit for  
 scrap iron. He placed the damage to  
 each rail that was bent at from 75 cents  
 to \$1 and said it would cost from \$25  
 to \$50 to remove them from the ditch.  
 He thought it would take six men  
 and a foreman along with the machin-  
 ery to repair a bent rail. The rails were  
 second-hand, purchased at Hamilton, and  
 were in first-class condition. He did  
 not think the rails could be damaged by  
 being thrown from the company's  
 wagons.

In reply to Mr. Grant, the witness  
 stated that he thought there were about  
 100 rails altogether.

Track Foreman Testifies.  
 James Smith, track foreman for the  
 Street Railway Company, was the next  
 witness, and testified that he had exam-  
 ined the rails after they had been laid  
 down in East Toronto, and he pronoun-  
 ced them all right. He also exam-  
 ined them in Hamilton when on the Car.  
 He next saw them on the cars in Tor-  
 onto, when he ascertained the load-  
 ing of them on the cars on to the  
 wagons. He would not swear that none  
 of them were bent before they were re-  
 moved by the East Toronto authori-  
 ties, but he did not think they were, as  
 the men he had following them were ex-  
 periened and would not be any.

Between \$40 and \$50 Damage.  
 Ewan McKee, who is the superin-  
 tendent of the Toronto Railway  
 Company, had seen the rails lying in the  
 ditch and he thought it would cost be-  
 tween \$40 and \$50 to replace them and  
 straighten them. The rails were bought  
 from the G. T. R. and had many bent  
 on board the cars. There were about 130  
 rails, making 35 cross ties. He had ex-  
 amined the rails and found many bent.  
 Being asked as to the cost of replacing  
 the rails, he said he would have to pay  
 \$4.50 per day for a man and a horse,  
 and the necessary laborers at \$1.50 a  
 day.

Opening of the Defence.  
 Mr. Dewart announced that this closed  
 the case for the Crown, when the  
 defence was taken up, the first witness  
 being William Darr, who lives at Scar-  
 borough Junction, where he had been a  
 track foreman for the G. T. R. for  
 about 30 years. He had examined the  
 rails on the west side of Balsam-avenue,  
 but could not find any of them injured.  
 Those on the east side of Balsam-avenue,  
 but he could find only one unfit to lay.  
 He estimated that it would cost about  
 25 cents to remove the rails from the  
 Queen-street he could not find any injury  
 to at all. He had been requested by the  
 Revue of East Toronto to examine the  
 rails and to report what damage, if any,  
 had been done to them. He thought  
 that a team and two or three men could  
 remove the rails in one day.

Thought Little of the Damage.  
 John Richardson, J. P., Revue of  
 East Toronto, said that there are no  
 rails bent on Queen-street, but when  
 they appeared so, and when turned  
 over they bent the opposite way. He  
 also examined the rails on the east side  
 of Balsam-avenue and found only one  
 bent. Those on the west side of Bal-  
 sam-avenue were not permanently bent.  
 He would take the job of removing the  
 rails to level ground for \$10.  
 Saw No Injury.  
 W. J. Ormerod, J. P., corroborated the  
 evidence of the previous witnesses. He  
 further testified that, in company with  
 Messrs. Richardson and Fontaine, he  
 had visited the rails a week ago, but  
 could not find any injured. He visited  
 the pile again on Thursday and found  
 six or eight more rails in the pile than  
 on his previous visit.  
 The case was then adjourned until  
 this morning.

**HIGH ROAD OF PROSPERITY.**

Sir William Van Horne Thinks Canada is  
 Having a Boom That Will Last for  
 Several Years.

Montreal, Aug. 13.—(Special.)—"I  
 think Canada is on the high road of  
 prosperity," was the reply of Sir William  
 Van Horne to-day to a question put to  
 the President of the Canadian Pacific  
 Railway by your correspondent. "Can-  
 ada," he continued, "is having a boom  
 and I think this boom will last for a  
 number of years to come. We have had  
 several years of depression, but the De-  
 pression has been growing all the same.  
 Of course, a good crop will still further  
 help Canada. The prices will sell us,  
 and, in fact, everything of this nature  
 will tend to helping hand. Foreign  
 capital will come in as fast as good  
 investments offer. Capital, however, is  
 constantly coming in, and it is increased  
 every time a Canadian bond or security  
 is sold. I have every confidence in the  
 immediate future of Canada," was Sir  
 William's closing remark.

**NEFF COLLEGE OF ORATORY.**

Closing of the Summer Session—Branch  
 Organized in Toronto.

The summer session of the Neff Col-  
 lege of Oratory, which opened in the  
 Guild Hall on July 5, was brought to a  
 close last evening. The exercises, which  
 were of a special character, were carried  
 out in the home of Mr. and Mrs. Wil-  
 son, 5 Lower-avenue, under the direc-  
 tion of Mr. Henry of New York city. The  
 first hour was given to the discussion of  
 selected literary and scientific subjects.  
 Mr. Day of Toronto was then called to  
 the chair. Stimulating addresses were  
 delivered by Revs. George Mitchell of  
 Georgetown and N. Lindsay of Iva, Va.,  
 members of the class in extemporaneous  
 speech, and Miss Friday, teacher of the  
 class, the interpretation of literature.  
 A humorous character sketch of the  
 students was given by Mr. Henry. The  
 closing address of the evening was de-  
 livered by Rev. D. B. Macdonald of  
 St. Andrew's, Scarborough, and Miss Lot-  
 tie E. Wiggins of Toronto, in moving  
 and seconding an address from the class  
 to Dr. S. S. Neff, president of the col-  
 lege. Neff made a very suggestive and  
 helpful reply. After conference by the  
 members of the oratory class, an as-  
 sociation in connection with the Neff  
 College of Philadelphia was organized in  
 Toronto. The Rev. D. B. Macdonald  
 of St. Andrew's, Scarborough, was elected  
 president. Miss W. Wilson, 5 Lower-  
 avenue, Toronto, was appointed secre-  
 tary. Messrs. E. Murray and Lotie E.  
 Wiggins were associated with the presi-  
 dent as financial secretary and an Executive  
 Committee.

**AN OLD MURDERER HANGED.**

He Was a Drunkard and a Vagabond But  
 Did Not Die Young.

Baltimore, Md., Aug. 13.—Peter Mon-  
 shan, 74 years old, was hanged here at  
 9.50 o'clock this morning for the murder  
 of his wife. The crime was committed  
 on May 25, 1897. Monshan, who was  
 74 years old, was a confirmed drunkard  
 and vagabond, who lived on the proceeds  
 of his labor and spent most of his time  
 in jail serving short-time sentences  
 for petty offences. The couple had sev-  
 eral grown children, but none of them  
 lived at home, and Mrs. Monshan ear-  
 ned a living for both at the wash-  
 tub. Quarrels between them were fre-  
 quent and on the day of the murder Monshan  
 appeared after two days absence from  
 home and demanded money. The de-  
 mand was refused, whereupon he went  
 outside to the wood-yard, procured an  
 ax, and, returning, attacked his wife  
 with it. The first blow is thought to have  
 knocked her senseless. A young wo-  
 man who lived with the Monshans came  
 into the room just as this happened and  
 found Monshan raining blows with the  
 weapon upon the head of his wife.  
 Monshan fled, but was captured a few  
 hours later.

 concourse of the crowd and the celebra-  
 tions were made by the Rev. Daily Oil  
 Springs; Rev. Bell, Napier; Rev. Cuthbert-  
 son, Wyoming; Rev. McKee, Brimley. After  
 the addresses a sumptuous supper was  
 served by ladies of the congregation in the  
 skating rink. Music was furnished by the  
 Alvinston Cornet Band during afternoon and  
 evening.

Never think of us as being too busy to be mindful of the  
 petty things. We know we differ from many houses in this  
 regard, but we want to differ. We differ intentionally, and we  
 propose to continue to differ. It is attention to the little things  
 that wins the day.  
 Things great and little are talked of in the store news of  
 to-day. We know that Monday shoppers have thought for  
 things of a staple character—Dress Goods, Silks and goods

**BRYAN WELCOMED AT BUTTE.**  
 Thirty Thousand People Joined With the  
 Steam Whistles in Screaming.  
 Butte, Mont., Aug. 13.—Amid the  
 screaming of steam whistles and shouts  
 of welcome from 30,000 throats, W. J.  
 Bryan was received in Butte. The  
 crowd at the depot was so dense that the  
 police were unable to cope with it.  
 On reaching the hotel Mr. Bryan re-  
 sponded to calls of the people and made  
 a brief address.  
 "I had not thought," he said, "of  
 celebrating the event in this place, but  
 I am forcibly reminded of the material  
 difference between the two cities. I  
 said on going to New York that I was  
 going to the enemy's country. It would  
 take a lot of big dimensions to declare  
 I was in the enemy's country on this  
 occasion."  
 Garden Party at Sunnyside.  
 On Saturday next the annual garden  
 party under the superintendence of the  
 Sisters of St. Joseph will be held in the  
 beautiful grounds at Sunnyside. In ad-  
 dition to the games and amusements, a  
 first-class concert will be given in the  
 evening. Amongst those who will take  
 part are: Mrs. Cadwell, Miss Lizzie  
 Klieser, Miss Falconbridge, Mons. P. X.  
 Mercier, Mr. H. N. Shaw, claustronist;  
 Mr. J. W. Baker, Mr. W. E. Bamsey,  
 Signor Dinello, and Miss Shippe, accom-  
 panist. Rev. Father Ryan will be chair-  
 man, and the garden party will be under  
 the patronage of His Honor Sir George  
 A. Kirkpatrick, Lieut.-Governor.

**With Masonic Honors.**  
 The body of the late Daniel Sperry will  
 be met at the Union Station here by a  
 number of prominent Masons, includ-  
 ing M. W. Bros. E. T. Malone, John  
 Ross Robertson, M. P., the Grand Mas-  
 ter; William Gibson, M. P. These  
 brethren will accompany the body to  
 Barrie for burial at 3 p.m. to-day, the  
 Masonic ritual being performed by the  
 Grand Master.  
 A coincident aspect of the case is in  
 the fact that the Great Priory of Can-  
 ada, Knights Templar, of which decas-  
 held the office of Grand Chancellor,  
 is to meet in Montreal next week. A  
 number of Vermont State brethren are  
 expected.

**Export Duty on Nicaraguan Gold.**  
 Managua, Nicaragua, Aug. 13.—The Nic-  
 araguan Government has suggested to con-  
 gress the enactment of an export duty on  
 gold of \$1 per ounce when from quartz  
 and of \$1.50 when from placers mines, with  
 a forfeiture, as a penalty, of 20 times the  
 amount of the duty and the loss in cer-  
 tain contingents of the mining titles.

Sackman, Commercial Traveler, Belle-  
 ville, writes: "Some years ago I used Dr.  
 Thomas' Electric Oil for Inflammatory  
 Rheumatism, and three bottles effected a  
 complete cure. I was the whole of one  
 summer unable to move without crutches,  
 and every movement caused excruciating  
 pains. I am now out on the road and ex-  
 posed to all kinds of weather, but have  
 never been troubled with rheumatism  
 since. However, keep a bottle of Dr.  
 Thomas' Oil on hand, and I always recom-  
 mend it to others as it did so much for  
 me."
