\$1,200 REWARD

IIIHE above Reward was recently paid to two residents of Kingston, Ont., as a result of a policy of life insurance of \$1000, held by the late Wm. Skinner, wholesale druggist, Kings-

The following are the circumstances:

Mr. Skinner insured in the Canada Life Assurance Co, in 1867 for \$1000, paying \$16.40 per year. During the 31 years he was insured he paid in premiums \$508.40, and during the same period the Company added profits to his policy amounting to \$718.75. The executors therefore received \$1718.75, which was \$1210.23 more than the premiums paid in-in other words a reward of over \$1200.

This result is in no way exceptional to results on similar policies in the Canada Life, which leads other companies in giving the best results for the lowest premium. It pays to select the best company. It pays to select the oldest, largest and most reliable company in the Dominion-the Canada Life Assurance
