THE CUSHION FRAME BICYCLE.

An Attractive Display of Novelties in Wheels at Harry Love's Store.

Before buying that new bicycle this spring, better take a look at the fine new store of the National Cycle and Automobile Co., at 191 Yonge-street, in charge of Harry H. Love. This is one of the most attractive windows in town, and if you take a look at it you will be sure to want to go inside and buy one of the many handsome wheels shown there. Here you will find the famous Columbia chainless models, the standard wheel of the world. These wheels are manufactured by special machinery, costing in the neighborhood of a quarter of a million dollars.

The Stearns wheel, well and favorably known to Toronto bicyclists, is also shown here, the lightest and neatest machine offered to the public to-day. The Stearns has an exceptionally narrow tread, and is built to suit the most fastidious wheelman. The latest models for 1900 are greatly improved and are perhaps the prettiest designed wheels in the market.

A bicycle which has an excellent impression in this, its first season in Canada, is the cushion frame. This is the wheel which created such a furore in Buffalo and Detroit. The specialty in this machine is a pneumatic spring directly under the seat post and a carriage spring at the bracket, which gives the rider a feeling of extreme ease and comfort over very rough roads, not unlike that of a canoe on a gentle swell. Already several bicyclists have invested in them, and the demand will doubtless be heavy when they are better known.

The salesmen at this store will be pleased to show visitors the many novelties in wheels for 1900, including the chainless machine with coaster brake, also the chain model Stearns with coaster brake, which only weigh about six ounces extra with this attachment and are very neat.

FIVE YEARS FOR THIEVING.

Alexander Ross Sent to Penitentiary From Barrie for a Lot of Crimes.

Barrie, Ont., May 3.—Alexander Ross, who has been in jail for robberies committed here during the past six months, was this morning sentenced to five years in Kingston Penitentiary.

There were nearly a dozen serious charges against him, to nearly all of which he pleaded guilty. On the first charge of stealing a large quantity of sterling silverware from Mrs. Thompson on Christmas Eve, Police Magistrate Ross sentenced him to five years, and also five years each on the charges of robbing the summer house of Captain Whish, and breaking into Brennan's slaughter house and stealing beef. The sentences will run concurrently. The other counts were not taken up, but the magistrate said they would be held over as a guarantee of future good conduct.

His accomplice and brother-in-law, Robert Harmon, is now in jail awaiting his trial, but Whitebread, the third of the trio, is still at large.

An Increase in Wages.

New York, May 3.—Employes of the Standard Oil Company in Williamsburgh, Green Point and Long Island City, to the number of fully 5000, to-day received advice of an increase in their wages and a reduction of one hour in their working time. The increase of wages is from 5 to 15 per cent.

The Maine Sails Again.

London, May 3.—The American hospital ship Maine, after having been inspected by Lady Randolph Churchill and others of the committee, sailed for South Africa to-day.

YORK COUNTY AND SUBURBS

The Brickmakers of Carlton Wil Hold a Meeting on Monday—Will They Strike?

SUN LIFE COMPANY ISSUES A WRIT

Against the Board of Health at the Junction for Using a Small-pox Hospital.

Toronto Junction, May 3.—The employes of the Motor Cycle Company's works here, yesterday took up a subscription of $45 for the Ottawa-Hull fire sufferers.

A Boy in Trouble.

A boy named William Lappin will appear before Police Magistrate Ellis in the morning on a charge of taking a purse containing a few cents from another boy named Clarke.

Sun Life Sues.

The Sun Life Insurance Company, thru A. H. Royce, their solicitor, to-day took out a writ against members of the Board of Health, for temporarily using the Taylor boarding house, in which to confine smallpox patients. They claim $5000.

The Brickmakers Strike.

The brickmakers of Carlton, Bracondale and Humber Bay will meet at the Heydon House to-morrow night to decide upon whether they will join with the many laborers now on strike in the city, or not. As already reported, a meeting was held on Monday to consider the situation, but to precipitate matters Wakefield's yard yesterday gave the clay diggers notice to quit. The result is that to-day about 30 men are out of employment. Last year the brickmakers struck for a raise of wages and a tariff rate was agreed upon, in which some branches got a raise, whilst others remained as they were and some were decreased. It was, however, expected that with an increased value in the price of brick the wages would be increased as the season advanced. The increase, however, did not materialize, and at to-morrow night's meeting the grievances of the workmen will be fully set forth. Pear's brickyard is the only one at which work had commenced, and to-day the men went out to await the result of to-morrow's meeting.

Town Council.

The Executive Committee of the Town Council met to-night and spent a wearisome time dragging thru many long-drawn-out discussions. After about half an hour's argument, Mr. MacMurchy, for the C.P.R., got the clauses inserted in the agreement with the town, by which the town is to pay $7 a day when water is discontinued and when practicable give the company three hours' notice when water is to be turned off. A communication from City Solicitor Caswell, stating that this was his final letter in the claim for use of the Toronto sewers, was answered to the effect that the town will pay to the city the amount agreed upon up to the time of the expiration of the agreement. The town is paying 2 cents per foot on miles of sewers with which there are no houses connected. A new basis will be asked in future on the lines of a fixed price for each connection. Amos Lee paid $30 for a peddler's license. The same month council reduced the license fee to $15. In consideration of this he was given another year's license. James Bond sent in a bill for extra services and extra responsibility in connection with this year's assessment, which, after the Court of Revision and Court of Appeal had passed upon it, proved so unsatisfactory to the ratepayers. The committee decided to tuck on another $100 to the expenses of the year and granted Mr. Bond that amount. The committee, in view of the smallpox epidemic, which it is now found has cost $5000, concluded they could not spare anything for the Ottawa-Hull fire sufferers, but a meeting will be held on Saturday to see what private citizens will contribute. E. Clarke, who owns half a foot of land in the centre of Argyle-road, wants $100 for it. The council is not anxious to buy the strip. It was nearly 11 o'clock before the committee began to take up the other committee reports, and as the School Boards have not yet put in their estimates it will likely be next week before the rate is struck.

Weston.

Weston, May 3.—The Reeve has ordered the Council Chamber to be thrown open on Saturday evening to receive bundles of clothing and other goods for the Ottawa-Hull fire sufferers. The goods will be shipped on Monday.

Mr. John Riches has purchased the boot and shoe business of Mr. W. H. Bartlett.

Mrs. Fee was taken to the hospital today to undergo a surgical operation.

The establishment of more High Schools in Ontario and the granting of $2000 to the Toronto Technical School, has lowered the grants to other High Schools in the province. The Legislature makes the same grant every year for educational purposes, not considering the increased number of institutions among which it is to be divided. Weston's reduction this year is about $25, and it was reduced the year previously.

The Methodist choir, under Mr. George Coppin, will give a musical entertainment on Thursday evening, May 10. Miss Cecelia Rolleri, Robert Spice and George Brown of Toronto and J. S. Hill of Toronto Junction will assist.

York County News.

The G.T.R. has decided to build a new depot at Newmarket.

James Thompson of the Golden Lion, Lansing, left $6010, of which $3933 is in personalty, and $1500 in real estate.

The 20th annual convention of York Township Sunday Schools will be held in the Baptist Church, York Mills, on June 21.

Fire consumed a barn belonging to Geo. Connor near Stouffville this week, also the Egypt school house and Morgan Chapman's barn near Zephyr, with all the horses, cattle, implements and grain it contained.

Stock taking is going on at the Lambton Woolen Mills, which shortly pass into the hands of a syndicate.

Markham fraternal societies will hold a joint church parade on Sunday next, the collection at which will go to the Hull sufferers.

Sergeant Bidwell of the G.G.B.G., Stanley Barracks, marched the Markham contingent to Vinegar Hill and back on Thursday.

North Toronto.

Mr. J. F. Morrish has disposed of his business and store at the corner of Eglinton-avenue to a former resident of Hamilton.

The wife of Mr. John Hall of Eglinton-avenue was in a very low condition of health last night.

The monthly meeting of the Town School Board was held last night, with Trustee Bonnick presiding. Mr. Hofland was absent. Inspector Fotheringham submitted a report of an inspection of the schools in which he said he had found a faithful staff of teachers working hard for the progress of their scholars, but who were hindered in many cases by irregular attendance.

Mr. Brown advocated filling an unused well at the Eglinton school, but it was thought advisable to leave it in its present state.

Acting on a recommendation of the inspector, the Building and Sites Committee was instructed to have necessary trees planted at the Davisville school grounds.

Foundations for two new residences for Mr. W. C. Michell have been started on St. Clair-avenue, Deer Park.

Richmond Hill.

Prize lists for the annual spring fair, on the 24th, are now ready, and copies can be secured from the secretary, Mr. H. A. Nicholls.

The fire brigade will commence practices for the season on Monday evening next.

Mr. George Robinson's thorobred stallion, Monotony, has secured three prizes already this season, viz., first at Clairville and seconds at Thistletown and Toronto.

Rev. E. Dymond, rector of St. Stephen's, Maple, has left for a summer trip to England and the continent.

Miss Lucinda Williams and Mr. Warren Hewison, two popular residents of the village, were united in marriage on Tuesday last. The ceremony was performed in the presence of a few personal friends by the Rev. George Brown, at the residence of the bridegroom's sister, Mrs. Davis, 148 Northcote-avenue, Toronto. Mr. and Mrs. Hewison will take up residence here on Richmond-street.

The program for the concert in aid of the funds of the Methodist Church is now complete, and should prove a big drawing card for the entertainment on Wednesday evening next. Hon. E. J. Davis will be chairman on the occasion, and a special car will serve visitors from Toronto.

Unionville.

The continued dry weather is very favorable to seeding operations and the close of the week will doubtless see the majority of farmers with their work in this line fully completed. Fall wheat has emerged in good shape, while in a majority of cases farmers report grass seeds as a comparative failure. Every season the rainfall appears to grow less, and it is sincerely to be hoped that the coming summer may prove an exception to the general rule.

A great deal of sickness prevails in and around the village at present, la grippe being largely responsible for this unfortunate state of affairs. Mr. James Smith, who has been ill for a considerable time, continues in a very low state. Much sympathy is expressed for Mr. John Lunan, who during the last few weeks has had the misfortune to lose both his cow and horse.

Rossland, B.C., May 3.—As the result of a shooting affray at the Columbia Hotel on First-avenue, Henry McArthur lies in the Sisters' Hospital with a wound in his back, his leg paralyzed and his head terribly beaten in. He will probably die. Refel, alias William Albi, is in jail, charged with shooting with intent to murder him, and M. A. Albi is also in jail, charged with doing McArthur great bodily harm.

LITTLE GIRL FATALLY KICKED.

Three-Year-Old Daughter of Charles Minninken of Innisfil, Simcoe County, the Victim.

Barrie, Ont., May 3.—Yesterday afternoon Mr. Charles Minninken, a farmer living on concession 11, Innisfil, a few miles from here, went to feed his horses at noon. His little daughter, not three years old, started out with him, but stopped on the way to play with the dog in the orchard. She was found in a few minutes in a dying condition, having been fatally kicked by the horse. It is supposed that she had approached too close to the horse, when the faithful dog, seeing the child in danger, had seized the horse by the heels, causing the animal to kick and strike the little girl on the back of the head. She died in about an hour.
