"Noting the good effects of Postum in my case, I wrote home urging that it be given to my 12-year-old daughter, who was very delicate and frequently ill from a complication of diseases connected with the liver. Well, my people tried it, but were disgusted with it—they didn't make it right. Well, I finally went to Colorado on advice, and found a nice place to board with a family. The man of the house had just returned from a sojourn in California, whither he had gone for heart trouble, but the doctor out there discovered his weak heart was caused by coffee, took it away and gave him Postum. His trouble was quickly dismissed and he came home a well man. He suggested that probably it was coffee affected me. I laughed him to scorn. nevertheless I began gingerly on Postum and found it so rich, and with a nice coffee snap that I liked it immensely.

"From the beginning the Postum Coffee had a beneficial effect on me. I improved in every way, my sleep came back, healthy and refreshing, and in a few weeks I went home a well woman, as I am to this day. I still use Fostum, of course, and will never return to the old kind.
