Youth Hauled Before Magistrates Who Disagree on Sentence to Be Imposed.

Newmarket, July 10.—On Thursday evening, about 9 o'clock, a horse and rig belonging to Walter Morton was stolen from the sheds of the Royal Hotel. The loss was immediately discovered, but no diligent search was made until the next day.

The following evening a boy named George Holley was seen driving the rig toward Aurora. Mr. Morton was informed that the conveyance resembled his and started in pursuit, arriving at Lemon's Hotel, in Aurora, while Holley was trying to dispose of the horse and rig.

Magistrate Lloyd and Woodcock, where he pleaded guilty. The magistrates were unable to agree as to the punishment, Magistrate Lloyd favoring a term in the Industrial Home, while Magistrate Woodcock favored this as imposing an obligation on the county. The matter was finally referred to Judge Morgan, who will hold court here tomorrow and will impose sentence. Bail was furnished in the sum of \$200 by the father of the boy.

North Toronto. Eglinton L.O.L., 283, attended divine service at the Eglinton Methodist Church on Sunday morning. The brethren turned out in large numbers and were much impressed by a sermon from Rev. The recently incorporated North Toronto Land Company reports an excellent demand for town property at steadily advancing prices.

Toronto Junction. Toronto Junction, July 10.—The town council met to-night, Mayor Smith presiding. A petition from McCowen and 31 residents of High Park and Pacific avenues was presented by Councilor Hyland, in which the council was asked to do something to abate the "smoke and machinery nuisance" in connection with the lumber yard there and to prevent any further extension of the business in that neighborhood.

At 11 o'clock last night Angus Kerr, proprietor of the Dufferin Hotel, sold his last legal drink over the bar. "What d'ye want boys? It's 11 o'clock," rang out from the bar-keep as the minute hand crawled close to the hour. The drink was served and the gentlemen and bum alike, filed out. The Dufferin Hotel bar is a thing of the past.

No Fatalities Yet. The two dog catchers set chasing hungry looking yellow curs have neither broken bones or scarred faces to show of a mortal combat.

Abused Because They Are Down. There is something in all of us which detests a man who is down another when he's down. You know money on tooth powders, hair tonics, eye lotions, etc., but because they are "are down" you jump on them and tramp on them from morning to night and they squirm and hiss and sweat and fairly cry out in their agony.

REAL SERVICE TO EMPIRE.

One Press Compliment on the 80 Club Banquet. (Canadian Associated Press Cable)

London, July 10.—The Daily Chronicle says the 80 Club has done a real service to the empire by entertaining the Canadian manufacturers, affording thereby an opportunity for frank interchange of views.

The proceeding should do something to convince our Canadian fellow-subjects that pride in the British empire is not confined to one party.

It contrasts Mr. George's oft-repeated statement during the tour that Canada must protect herself against the English manufacturer with what Mr. Chamberlain said at Glasgow, that the colonies will arrange their tariffs for the future in order not to start industries in competition with the industry in existence in the mother country.

TOOK RIFLE TO PICK BERRIES. Small Boy Got It and Companion Will Likely Die.

Strathroy, July 10.—Freddie Brothers, 10 year of age, son of George Brothers of this town was accidentally shot here to-day.

It seems that four boys went out to pick berries in the woods and took a 22 rifle along. One of the older boys laid down the rifle for a minute and charged it, the ball entering little Freddie's head just below the eye and penetrating the brain.

The lad was brought home, and no hope was entertained of his recovery.

meeting of the town council, held here to-night was characterized by an undue amount of acrimony between the members. The cause lay in the failure of the waterworks extension to satisfactorily explain the delay at present existing in the opening of the water supply. COMPLAINT AGAINST CAPTAIN. There is going to be an accident in the neighborhood of the western channel some evening if certain navigators are not more careful. Last evening the tugboat, the Empress, on leaving Captain Conroy of the Macassa, lodged a complaint with the harbor-master against the captain of the Empress, which he says, while the Macassa daily slowed down in approaching the channel, came on without slackening and deviated twice in such a fashion as to make Captain Conroy nervous.

WE DO any number of things for the sake of your good-will, but nothing we've ever attempted compares in size and importance with the new Club Plan of selling housefurnishings. It shows faith in ourselves, faith in Toronto and faith in you. We're not trying to hoodwink you into buying now for the sake of a little extra profit. Prices are not only reduced to a midsummer basis, but responsible people are extended the courtesy of having their accounts charged, with nothing extra to pay in any way for the accommodation.

The Housefurnishing Club is thoroughly co-operative, with no regulations but those you will cheerfully concede.

It applies to churches as well as homes, to offices as well as hotels. We're making it possible for churches of all denominations and business men of all kinds to "fix up," and arrange payments to suit their convenience. It is such a radical departure in department store methods that business is availing in from all over, and every record for July business is being double-discussed.

The Club Plan applies to Carpets, Curtains, Furniture and Pictures, providing goods are bought and delivered now.
