Chicago Pit a Traders' Affair With Dull Speculation Extant

Narrow Fluctuations the Only Feature of American Grain Markets—Liverpool Cables Steady—Winnipeg Firm.

World Office.
Friday Evening, April 1.

Liverpool wheat futures closed to-day ⅛d lower to ⅛d higher than yesterday; corn futures ¼d higher.

May wheat at Chicago closed ¼c higher than yesterday, May corn ⅛c lower, and May oats ¼c lower.

May wheat at Winnipeg closed 1⅛c higher, May oats ⅛c higher.

Chicago car lots to-day: Wheat, 20; contract, 3. Corn, 142, 7. Oats, 76, 16. Barley, 68, 68.

Winnipeg receipts of wheat to-day were 185 cars, against 206 a year ago; last week a holiday. Oats, 3, 61. Flax, 5, 7. Barley, 9, 8.

Primaries.

	To-day.	Yr. Ago.
Wheat receipts	491,000	449,000
Wheat shipments	140,000	159,000
Corn receipts	269,000	296,000
Corn shipments	378,000	386,000
Oats receipts	263,000	.....
Oats shipments	200,000	.....

Argentine Shipments.

Wheat this week, 2,136,000; last week, 1,934,000; last year, 3,806,000; since Jan. 1, 1910, 27,089,000; 1909, 55,368,000.

Corn this week, 41,000; last week, 122,000; last year, 97,000; since May 1, 1909, 86,647,000; since May 1, 1908, 62,004,000.

Visible Supply.

Visible supply in chief ports: Wheat now, 2,360,000; week ago, 2,560,000; year ago, 1,720,000; two years ago, 6,308,000.

Corn now, 122,000; week ago, 157,000; year ago, 366,000; two years ago, 561,000.

Weekly World's Estimates.

Wheat and flour shipments for Monday next, exclusive of North America, will be about 7,600,000, against 7,752,000 actual last week. Of this total, Europe will take about 6,800,000. The total shipments last week were 9,120,000, and 8,464,000 last year. Arrivals of breadstuffs into the United Kingdom will aggregate about 4,400,000. Broomhall predicts that there will be moderate change in the quantity of breadstuffs on passage to the United Kingdom.

India Shipments.

India.—The wheat shipments this week amount to 696,000, against 280,000 last week and 48,000 a year ago. Broomhall predicts that the shipments next week will aggregate 240,000 bushels.

Crop Report.

Modern Miller says: Drought conditions are not fully broken in the winter wheat states. Little rain fell in Kansas and Nebraska, and the crop in these states is still suffering from lack of moisture. Conditions in Missouri are generally unfavorable, with most damage in the central and northern parts of the state. Showers have fallen east of the Mississippi and south of the Ohio Rivers, and reports are more encouraging, but there are also advices of the plant going back. The crop in Texas and Oklahoma was benefited by good rains and prospects are favorable.

Stocks in Liverpool.

LIVERPOOL, April 1.—The following are the stocks of breadstuffs and provisions in Liverpool: Flour, 31,000 sacks; wheat, 1,419,000 centals; corn, 1,295,000 centals; bacon, 14,500 boxes; hams, 4600 boxes; shoulders, 2800 boxes; butter, 1600 cwts; cheese, 60,500 boxes; lard, 2200 tierces of prime western steam, and 1400 tons of other kinds.

Holiday in Chicago on Tuesday.

Chicago Board of Trade will close on Tuesday, April 5, at being election day.

ST. LAWRENCE MARKET.

Receipts light—no grain, and only 12 loads of hay, and a few loads of mixed produce, and a few lots of dressed hogs.

Hay—Fifteen loads sold at unchanged quotations.

Dressed Hogs—Prices easier, at about $12.75 for the bulk.

Market Notes.

Joshua Ingham bought eight dressed hogs at $12.75; 20 dressed calves at $7 to $10 per cwt.

GRAIN AND PRODUCE.

Local grain dealers' quotations are as follows:

Manitoba wheat—No. 1 northern, $1.13; No. 2 northern, $1.11, track, lake ports; ½c over these prices with winter storage.

Oats—Canadian western oats, No. 2, 41c, lake ports; No. 3, 40c; ½c over these prices with winter storage: Ontario, No. 2, 37½c at points of shipment.

Wheat—No. 2 mixed, $1.08; No. 2 white, $1.08½ outside.

Buckwheat—No. 2, 51½c outside.

Barley—No. 2, 53c to 54c; No. 3X, 52c; No. 3, 47c outside.

Mill feed—Manitoba bran, $22.50 per ton; shorts, $24, track, Toronto; Ontario bran, $23.50 in bags. Shorts, $1 more.

Rye—67c to 68c outside.

Manitoba flour—Quotations at Toronto are: First patents, $5.70; second patents, $5.20; strong bakers', $5; 90 per cent. patents, 29s bid, c.i.f., Glasgow.

Corn—New, kiln-dried corn, 70c; new, No. 3 yellow, 68½c, Toronto freight; No. 3 yellow, opening of navigation, 66½c, c.i.f., Collingwood or Midland; kiln-dried, 69c.

Peas—No. 2, 80c to 81c, outside.

Ontario flour—Wheat flour for export, $4.20 to $4.25, seaboard, car lots, buyers' bags.

Toronto Sugar Market.

St. Lawrence sugars are quoted as follows: Granulated, $5.20 per cwt., in barrels; No. 1 golden, $4.80 per cwt., in barrels; Beaver, $4.90 per cwt., in bags. These prices are for delivery here. Car lots 5c less. In 100-lb. bags, prices are 5c less.

Winnipeg Wheat Market.

Wheat—April $1.05⅝, May $1.06⅜, July $1.07⅝.

Oats—April 35⅝c, May 36⅜c, July 38⅛c.

Chicago Market.

J. P. Bickell & Co., Lawler Building, report the following fluctuations on the Chicago Board of Trade:

	Close Mar. 31.	Open.	High.	Low.	Close

Chicago Gossip.

J. P. Bickell & Co. say at the close: Wheat—Lower. Continued lack of moisture and complaints regarding crop outlook were responsible for rallies during session, but extreme dullness and lack of public interest closed market dull, about ⅛c lower. Situation unchanged, leaders apparently favoring higher markets, but indifferent mood of public is disappointing. Only purchase on good declines.

Erickson Perkins & Co. had the following at the close:

Wheat—Market opened steady to a shade lower. The weather map showed some rains in Texas, but none elsewhere. To-day's market has been a dull affair, with narrow fluctuations. Local professionals bearishly inclined, but run quickly on any signs of good buying.

Corn—A continuance of the heaviness and liquidation, which has been so apparent during the past two days, was the feature in corn to-day.

Liverpool Grain and Produce.

LIVERPOOL, April 1.—Closing—Wheat—Spot dull; No. 2 red western winter, no stock. Futures steady; May 8s 0⅝d, July 8s 0¼d, August 7s 10½d.

Corn—Spot quiet; new American mixed, northern, 5s 4d; old, American, mixed, 5s 8d. Futures dull; July, La Plata, 5s 5½d.

Hams—Short cut strong, 75s.

Lard—Quiet; prime western, 71s 6d; American refined, 71s 9d.

Cheese—Strong; Canadian finest white, 64s 6d; do., colored, 62s 6d.

Linseed oil—Strong, 30s 6d.

New York Dairy Market.

NEW YORK, April 1.—Butter—Unsettled; receipts, 6060; creamery, specials, 24c; extras, 23c; third to first, 20c to 22c.

Cheese—Firm, unchanged; receipts, 477.

Eggs—Steady, unchanged; receipts, 17,992.

CATTLE MARKETS

New York Live Stock.

NEW YORK, April 1.—Beeves—Receipts, 2480; steers more active; fat bulls and fat cows firm; others steady; steers, $5.75 to $8.10; scrubs, $4.75; bulls, $4.50 to $5.60; cows, $2.60 to $5. Liverpool and London cattle steady, at 13½c to 14¼c, dressed weight.

Calves—Receipts, 593; market weak; veals, $7 to $10.50; culls, $5 to $6.50.

Sheep and Lambs—Receipts, 5831; market dull and 25c to 50c lower; unshorn sheep, $5.50 to $8; clipped do., $5 to $7.25; unshorn lambs, $8.25 to $9.75; clipped do., $7.25 to $8.75; unshorn culls, $7.25.

Hogs—Receipts, 347; market steady to strong, at $11.20 to $11.30 for light to heavy.

East Buffalo Live Stock.

EAST BUFFALO, April 1.—Cattle—Receipts, 100 head; slow and steady; prices unchanged.

Veals—Receipts, 1450 head; opened active; closed slow, $1 lower, $6 to $10.

Hogs—Receipts, 3600 head; active and 5c to 10c higher; heavy, $11.25 to $11.30; mixed, $11.20 to $11.30; yorkers, $10.90 to $11.20; roughs, $10.25 to $10.50; dairies, $11 to $11.15.

Sheep and Lambs—Receipts, 9400 head; slow; ewes steady; others 15c to 25c lower; lambs, $7.25 to $10; a few, $10; yearlings, $9 to $9.25; wethers, $8.25 to $8.50; ewes, $7.50 to $7.75; sheep, mixed, $4 to $8.

British Cattle Markets.

LONDON, April 1.—Liverpool and London cables quote live cattle (American) firm, at 13½c to 14¾c, dressed weight; refrigerator beef firm, at 11c to 11½c per pound.

Total Live Stock.

The total receipts of live stock at the City and Union Stock Yards for the present week were as follows:

	City.	Union.	T'l.
Cars	172	165	337
Cattle	2414	2776	5190
Hogs	4522	1590	6112
Sheep	418	238	656
Calves	316	99	415
Horses	....	249	249

The total receipts for the corresponding week at these yards last year (1909) were:

	City.	Union.	T'l.
Cars	200	115	315
Cattle	3670	2117	5743
Hogs	2408	1042	3450
Sheep	778	136	914
Calves	475	158	633
Horses	6	143	149

The above figures show a total increase at the two yards of 22 carloads—2662 hogs and 100 horses—and a decrease of 563 cattle, 258 sheep and 218 calves.

They also show a decrease at the City Yards of 28 carloads—1212 cattle, 360 sheep, 169 calves and 6 horses—and an increase of 2114 hogs.

They also show an increase at the Union Stock Yards of 50 carloads—659 cattle, 548 hogs, 102 sheep, 106 horses, and a decrease of 59 calves.

Chicago Live Stock.

CHICAGO, April 1.—Cattle—Receipts, 1000; market steady; steers, $6.25 to $8.50; cows, $4.75 to $6.50; heifers, $4.25 to $7; bulls, $4.50 to $6.25; calves, $3 to $9.25; stockers and feeders, $4.75 to $6.75.

Hogs—Receipts, 8000; market steady to 5c higher; choice, heavy, $10.90 to $11; butchers, $10.80 to $10.90; light, mixed, $10.50 to $10.70; choice, light, $10.70 to $10.85; packing, $10.75 to $10.90; pigs, $10.15 to $10.50; bulk of sales, $10.70 to $10.85.

Sheep and Lambs—Receipts, 2500; market steady; sheep, $7.50 to $9.10; lambs, $7.50 to $10.25; yearlings, $7.50 to $9.10.

INTEREST CENTRED IN METAGAMI COAL STRIKE

Coal Possibilities Are Excellent, According to Returned Prospector —Commission Stakes Claims.

NORTH BAY, April 1.—W. J. Baldry, who has just returned from the Metagami River country, where he was sent in charge of a party to investigate the coal possibilities for the T. & N. O. Railway Commission, was in town to-day.

Mr. Baldry stated that, on account of the lateness of the season and the imminence of break-up, his party made a very hurried trip, in order to get out before the ice went. While the shortness of the time at the party's disposal prevented a minute examination and deep digging, still test pits were sunk in one section at intervals of half a mile for several miles, and coal was found each time. The coal was used as a fuel in the camp stoves of the party, the only trouble experienced being that the stoves were of tin and the heat generated by the coal was so intense that the tin melted, causing a discontinuance of the use of the fuel by the party, as a stove is a very precious part of a camp equipment in the north country, and is guarded as if it were so much fine gold.

According to Mr. Baldry, there is at least a section 100 miles in length seamed with coal, and he states that the quality is the same as that found near Edmonton, semi-bituminous coal, which can be used for steam or coking, and which is very popular with the farmers and ranchers of the prairie section where it is found and mined.

The T. & N. O. Railway Commission has staked four square miles along the Metagami River stream, which seems to divide a great bed of coal, the existence of which, in the opinion of those who have examined it, has antedated the appearance of the river in that locality for many years. Part of the coal field is located in the Sudbury mining division, and only a small fraction in the Haileybury mining division, so that all claims have to be recorded in Sudbury, making a very long trip for the prospectors. One mile square represents a coal claim and twenty claims have been recorded this week, including four of the T. & N. O. Railway Commission. Regiol, according to Mr. Baldry, is ninety miles north of the Transcontinental line and west of Cochrane.

QUEBEC MINING LAWS ATTRACT PROSPECTORS

Copper, Gold and Silver Discoveries East of Abitibi Lakes.

MATHESON, March 31.—That the great Province of Quebec, particularly that section which lies adjacent to the Ontario boundary line, contains incalculable mineral wealth is a fact admitted by all who have prospected or explored that almost unknown region.

The old mining laws which were in force in Quebec before the first of the year permitted any person with money to banket just about as much area as he cared to. By the payment of $3 a square mile every three months, a man could rent any section of land that looked likely to him. One man at one time held a hundred square miles, or what would in Ontario constitute 1600 claims. This old mining system allowed the withdrawal from active prospecting of nearly all the mineral bearing land, in consequence of which the only prospecting ever done was by the two or three men or so employed by each territory-holding syndicate or individual. This naturally has retarded the development of the mineral resources of certain sections of the province, which the railways do not conveniently touch.

But the Quebec Government, realizing the evils of that system, have canceled the old licenses from Jan. 1, 1910, and have put into force new mining laws, which, to a certain extent, parallel the Ontario mineral laws. These laws are calculated by the government to overcome the bad effects generated by the enforcement of the old regulations. According to some prospectors the new mining rules are better than those of Ontario for the man who by hard work and ofttimes unrewarded toil stakes a mining claim. And then again others point out sections which they declare will be detrimental to them. When sufficient opportunity has been given to observe the results of their operation it will most likely be discovered that the Quebec laws are just as effective for good as those of this province.

That these blanketing licenses have kept hidden much valuable land has been amply proven by the fact that former licensees have staked the best parts of their former holdings, or intend to do so immediately, they are accessible, as on each license a man can stake but five claims of 40 acres each. This spring it is expected will see a great rush to stake up the good places known to exist on much of the territory formerly blanketed.

Quite a number of Ontario prospectors have in view certain portions of Quebec which they know to be of worth and they will certainly begin staking when the ice leaves the rivers.

Just at present the country, which lies in a general way east of the Abitibi Lakes, is most prominent. Gold finds have been made that have startled those who have been let in on the quiet.

Whitefish River, Spirit Lake, Lake Lois are getting to be much heard names among the prospectors who have wandered feverishly from one camp to another, and many of them are patiently awaiting the breakup to get in. These waterways are all a short distance east of the Abitibi Lakes and are comparatively easy of access from this place. Steamboats run down to the Black River and along the Abitibi River and lakes, making the far end of the lake at Whitefish River within two days. From there the country where the gold and silver, and lately copper strikes, have been made is easily reached.

In a later article the information which has been gathered regarding these finds will be given.

N. C. Pearce.

FROM BAD TO WORSE

Montreal Lawyer "Cooked" Evidence to Get Him Out of Trouble.

MONTREAL, April 1. — Joseph Drouin, a member of the bar of Montreal, was recently suspended from practice by the council of the bar for improper conduct in dealing with a client. He had his case re-opened to offer new evidence when it was found this evidence was doctored. To-day seven months' suspension was added to the sentence of the bar council making thirteen months in all.

Week's Bank Clearings.

Montreal, $27,780,000, decrease 4.9; Toronto, $23,191,000, increase 4; Winnipeg, $11,716,000, increase 7.1; Vancouver, B.C., $6,250,000, increase 48.3; Ottawa, $2,510,000; decrease 14.5; Quebec, $1,598,000, decrease 12.6; Calgary, $1,938,000, increase 25.2; Halifax, $1,280,000; decrease 4.1; Hamilton, $1,283,000, increase 7.1; St. John, N.B., $1,067,000, decrease 17.8; Victoria, $1,043,000, increase 10.6; London, Ont., $1,013,000, increase 5.4; Edmonton, $970,000, increase 21.2.

Skull Fractured.

ST. CATHARINES, April 1.—(Special.)—This afternoon, John Allen, who works for Roe Motor Company, was thrown from an auto and had his skull fractured. He will probably die.

ELK LAKE

I advise my clientele to watch ELK LAKE. This district is just coming into the shipping list. Several mines have already shipped and a great many others have ore ready for shipment, which will be sent out this summer. This district is destined to equal Cobalt and when you consider that Cobalt has paid over $12,000,000 in dividends in the past five years, you can realize what the possibilities are in store for the ELK LAKE district. I advise the purchase of McKENZIE MINING & EXPLORATION COMPANY stock, a corporation which is owned and controlled by Toronto people.

Write me for special information regarding this company.

DIFFERENCE IN TIME.

Standard time is the time in common use regulating the ordinary affairs of life. It is derived from the sun. Leaving out of account small irregularities of the solar motion that are of no consequence for our present purpose, when that celestial body is on the meridian of any place, we call the time of that place noon, or 12 o'clock. It follows that when it is noon at any given place it is similarly noon at all other places having the same meridian. As the sun rises in the east and sets in the west, it is evident that when it is crossing the meridian of any place it must have already passed that of places to the eastward, and not yet reached that of places to the westward. In other words, when it is noon in the given place it is forenoon in places to the westward and afternoon in places to the eastward.

Now, 15 degrees of longitude correspond exactly to one hour of time difference, and, therefore, the local times of the several standard meridans differ from Greenwich by an even number of hours. In the United States the standard time meridians are those whose longitudes are west of Greenwich 60, 75, 90, 105, 120 degrees. The times of these meridians are, respectively, 4, 5, 6, 7 and 8 hours earlier than Greenwich time, because the sun in traveling across the sky from east to west passes the Greenwich meridian before it reaches the American meridians.

NATURE INTENDED YOU TO BE A STRONG MAN.

Never Say Die. The World Hates a Quitter

Everybody Admires the Strong Man. ARE YOU ONE?

Do you get the pleasures out of life that you should, or is there some weakness interfering? Every man can be strong, can have the energy, health and spirit that he should have if he will heed the appeal here made him.

Build up your strength. I offer you the remedy. No matter whether the trouble comes from a lack of nerve force, weak nerves, inactive stomach, kidneys or liver, rheumatic pains or a depleted vitality, you can be healthy if you will help Nature drive out this weakness. Most of the troubles that affect a man are due to early loss of Nature's great reserve power. You need not suffer from this. Electricity is Nature's greatest remedy—the hope of all weak men.

Dr. McLaughlin's Electric Belt

is the most modern, the most convenient method of applying this remedy. It is the greatest cure in the world—the most wonderful curative device ever introduced. It puts spirit into men who lack it, who are always dull, tired out, lack the ambition they should have. It gives them the health they should have—healthy organs, strong nerves, stops all drains and weakness. It gives the physical machinery the steam it needs to keep the body healthy and strong.

If you are any less a man than you should be, or want to be, you need this treatment, and it will make a man of you. It will cure any case of Nervous Debility, Rheumatism, Lame Back, Lumbago, Sciatica, any case of Kidney Disease that has not gone as far as Bright's Disease, Indigestion, Constipation, or any weakness caused from ignorance of the laws of Nature. It enables men to get the rest from their sleep that they should, gives them the manhood, the vigorous strength they should have. It cannot make an old man young in years, but it can put new energy into his body that will surprise him. There is no false stimulation. Electricity is life, and if you need more life in your system, give it a charge of Electricity every day.

MR. SAMUEL J. HARNETT, North Gower, Ont., says: "I received a Belt from you some four years ago, and I wish to say that it was all it was represented to be, having cured me of indigestion and other ailments, and I now feel like a new man, giving all the credit to your Belt. Anyone giving it a good trial, I know, will feel as I do."

MR. WILLIAM P. MORTER, Box 87, Hawkesbury, Ont., says:—"I am pleased to report a good account as regards my health. I am beginning to find myself stronger in every way. Certainly your Belt does its duty, and its work is sure."

MR. JOHN HUNT, Dawsville, Ont., says:—"I wish to say that your Belt has done me more good than all the medicine I ever took. I used it regularly for three months, and I have not needed it since."

If you haven't any confidence in Electricity, let me treat you at my risk. I will give you the Belt on trial, without one cent of risk to yourself. Give me reasonable security, and I will take your case and you can

PAY ME WHEN CURED.

Send for My Book To-day.

Do you want to feel big, husky and powerful, with your veins full of youthful fire, your eye clear, and your muscles strong and active? If you do, fill out this coupon and send it to me, and I will send you a book which will inspire you with the courage to help yourself. It is full of the things that make people feel like being strong and healthy, and tells of others like yourself who were just as weak once, but are now among nature's best specimens of strong and healthy human beings.
