Agricultural and Kindred
Interests Absorb Technical
Knowledge in Dufferin

Orangeville, March 9.—The series of meetings held this week for the advancement of agriculture, stock raising, dairying, road building and kindred subjects in Dufferin County, arranged for with the assistance of the various branches of the Ontario department of agriculture, assisted by the Women's Institutes of the county and the Orangeville Business Men's Association, concluded last evening with a large mass meeting in the opera house.

Wednesday afternoon the speakers were A. Leitch, B.S.A., of the O.A.C., Joseph, who spoke on "Farm Management," and Prof. H. G. Bell, agronomist of the Middle West Soil Improvement Commission, of Chicago, a former student of the Orangeville High School and a graduate of the O.A.C. Joseph.

Miss S. Campbell, of Toronto, who attracted a large audience of ladies under the auspices of the Women's Institute in the afternoon, also spoke at the opera house in the evening.

Yesterday the regular monthly horse fair attracted an unusually large crowd to town, and a very complete program had been arranged. In the afternoon over 400 representatives of farmers heard three splendid addresses in the opera house. The first address was by J. W. Purcell, of the Hydro-Electric Power Commission, Toronto, on "Farm Power."

E. B. Arkell, assistant live stock commissioner of the Dominion department of agriculture, spoke on the problem of the cost of production and the necessity for efficient methods.

W. J. Bell, live stock expert of the Ontario department of agriculture, spoke on "Live Stock Breeding." The speaker, who is a native of Dufferin County, spoke entirely on the breeding of horses and recommended the farmers to endeavor to produce the heavy grades.

In the evening the speaker was C. P. Bailey, of Toronto, assistant deputy minister of agriculture, who gave an address, illustrated with views, personally secured, on "European Agriculture." The speaker spoke of the co-operative methods employed, and the intensive farming by the agriculturists of the European countries.

SHELL KILLS SISTER OF VISCOUNT FRENCH

Mrs. Harley Meets Death at Monastir, on Mission of Mercy

London, March 9.—Mrs. Harley, sister of Field Marshal Viscount French, commander-in-chief of the home forces, is dead of wounds received at Monastir, Serbia. She was in the town with an ambulance, of which she was in charge, when a shell struck the ambulance.

A fragment of the shell struck Mrs. Harley in the head, killing her instantly, according to the despatch received from Monastir. The despatch adds that Mrs. Harley was the victim of one of several sudden and furious outbreaks of shelling to which Monastir has been subjected by the German and Bulgarian forces during the past few days. On this occasion 88 shells fell in the town, 25 houses were destroyed and several civilians were killed.

Mrs. Harley's two daughters who were attached to the same hospital as their mother, will continue their work.

IMMIGRATION BILL WILL GIVE TROUBLE

New United States Regulation Hits Windsor People Hardest of All

Special to The Toronto World. Windsor, March 9.—Entering Detroit from the Canadian side after May 1 is going to be difficult. Enforcement of the United States new immigration bill, by which all immigrants are to be subjected to the literary test, is going to create congestion and confusion at Detroit. Fully 20,000 people cross from Windsor to Detroit daily. Chicago Immigration Inspector Oliver Frick has sought permission from Washington authorities to give the law a fair trial, and has been granted it. A new hardship requires the payment of eight dollars a head tax. This will be refunded on returning to Windsor. A deputization will go to Ottawa to urge the government to move Washington to modify the law as far as Detroit is affected.

EXODUS FROM ESSEX.

Windsor Board of Trade Ask Government Aid for Farm Drainage.

Special to The Toronto World. Windsor, March 9.—Members of the board of trade at a noon luncheon today supported a resolution to the effect that government aid should be given to Essex farmers in getting proper drainage of farm land. A serious exodus from the county is going on, claimed several speakers, owing to the lack of underdrainage, which rendered farming a poor paying proposition. Oliver Wilcox, M.P., explained that the Ontario Government had always aided farmers with loans for this work in the past, but recently the shortage of money rendered further aid impossible. The matter will be taken up by the board at a special meeting to be called for this purpose.

IF BACHACHY OR KIDNEYS BOTHER

Eat Less Meat, Also Take
Glass of Salts Before Eating
Breakfast

Uric acid in meat excites the kidneys, they become overworked, get sluggish, ache and feel like lumps of lead. The urine becomes cloudy, the bladder is irritated and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Less meat, drink lots of water; also get from any pharmacist four ounces of "Kid Salts," take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness, and stimulating them to normal activity. Mining operations there against our positions resulted only in damage to those of the Italians.

Struck by Street Car.

John Smith, 38 Leonard street, while crossing the intersection at King and Bathurst streets last night, was struck by a street car and injured about the head. He was removed to the Western Hospital in the police ambulance.

THE BLESSING OF A HEALTHY BODY

Has Not Had An Hour's Sick-
ness Since Taking
"Fruit-a-tives"

MR. MARRIOTT.
73 Lees avenue, Ottawa, Ont.
August 9, 1915.

"I think it my duty to tell you what 'Fruit-a-tives' has done for me. Three years ago I began to feel run-down and tired, and suffered very much from liver and kidney trouble. Having read of 'Fruit-a-tives' I thought I would try them. The result was surprising. During the 3½ years past I have taken them regularly, and would not change for anything. I have not had an hour's sickness since I commenced using 'Fruit-a-tives,' and I know now what I haven't known for a good many years—that is, the blessing of a healthy body and clear thinking brain."

THE "WITCHING HOUR."

Special to The Toronto World. Cornwall, March 9.—Emerson St. Pierre, 23 years of age and illiterate, is held here in connection with the death of his father, William St. Pierre, aged 58, whose body was found, after an investigation by detectives, following his disappearance, buried in the cellar of the house on the small farm worked by the family in the Township of Cumberland, about three miles north of Antville.
