GOLD FROM SOVIET
COMING TO CANADA

Russian Agent Says Satisfac-
tory Arrangements Have
Been Made in London.

New York, July 12.—Ludwig C. A.
K. Martens, chief of the Russian sov-
iet bureau here, this morning an-
nounced that he had received a cable-
gram from the soviet embassy in Lon-
don stating that satisfactory arrange-
ments had been made with Canadian
bankers for the transfer of \$10,000,000
in gold to Canada for the purchase of
Canadian goods.
Mr. Martens stated that no further
details in regard to the gold shipment
were given in the cable, but he be-
lieved the arrangements had been
made in London by Santiago Nuereva,
one of the soviet representatives who
recently toured Canada, interviewing
Canadian manufacturers, and who af-
terwards went to London to conduct
negotiations regarding the financing
of contracts with Canadian firms. He
said the gold would be shipped from
Ethiopia or from that deposited by
the soviet government in Scandinavian
banks. It would be sent to the Do-
minion, but he did not know which
Canadian bank would handle it. That
was a matter which was to have been
arranged in London.
At the soviet bureau this morning
the Canadian Press was informed that
plans are still in progress for the
opening of an office in Canada, but
they had not yet reached a stage
where definite announcement of the
arrangements could be made. It is
said that Dr. Ohsol, head of the soviet
commercial department here, will likely
be in charge of the Canadian office.
With regard to the above despatch,
Sir Edmund Walker, president of the
Canadian Bank of Commerce, was not
in the city yesterday, and Sir John
Aird stated that he had heard nothing
of the transaction. Inquiry among the
officers of the other local banks elicited
no definite information as to which
Canadian bank had conducted the re-
ported transaction. Several officials
expressed the opinion that if the re-
port were true, the business would
likely be done thru Montreal by one
of the larger banks.

Moore Defends Course
In Criticizing Drury

Ottawa, July 12.—In defending his
action in criticizing Premier Drury
for appointing a commission of enquiry
into the Ontario Hydro Commission
before permitting the purchase of the
radial system, Mr. Tom Moore, presi-
dent of the Trades and Labor Con-
gress of Canada, said this morning
that anyone ought to know that the
greater the means of transportation
to get their produce to market, Mr.
Moore declares that anyone seeing a
cleavage between labor and farmer
has a very active imagination, and
that it is still possible to criticize. If
two people do not agree it's their privi-
lege to say so, Mr. Moore said.

the boy would probably have been

bruised about the body.

SHOE RETAILERS
WILL MEET TODAY

National Convention and Fair to
Open in City of
Montreal.

Montreal, July 12.—Among the
numerous delegates who have already
arrived in the city to attend the Na-
tional Shoe Retailers' convention,
which opens tomorrow morning, are:
Warren T. Regan, president of the
association; James Heffring, chair-
man of the association in Toronto, and
F. S. Scott, M.P., president of the
Shoe Manufacturers' Association of
Canada.
Sir Lomer Gouin, Sir George Foster
and Mr. W. B. Eccleston of the Thom-
as C. Eaton Company have promised to
speak at the annual banquet, which
will be held on Wednesday evening in
the Windsor Hotel. Peter A. Dolg,
general manager of the association,
stated that this was going to be the
largest event of its kind ever held in
Canada, and that no single industry
in the Dominion has ever had such a
display as will be set forth at the
Coliseum. The object of the fair is
to exhibit the individual products of
Canadian manufacturers, and to stimu-
late the various firms, to stimulate interest
in one of the leading industries of
Canada, second only to the steel in-
dustry in its importance to the people,
and to demonstrate the superiority of
Canadian leather goods to those of
countries which are popularly sup-
posed to be leaders in this line.

SITUATION SERIOUS
BUT NOT DESPERATE

Polish Premier Says Country
Relies on Aid From the
Allies.

Spa, Belgium, July 12.—"This is a
decisive moment for Poland," said
Ladislav Grabsky, the Polish premier,
to 50 correspondents of all countries,
who called upon him by invitation.
"Our army is engaging the mobilized
forces of Russia, with a population six
times our own, an army equipped with
all the most perfected instruments of
war supplied by the allies to the
armies of Denikine, Kolchak and
Yudenitch—armored automobiles,
tanks, machine guns and heavy artil-
lery."
"The Bolshevik army has much more
to fight with than the Polish army,
and of superior quality, besides masses
of cavalry. The Bolshevik offensive
has created for us a serious situation,
but not a desperate one."
The premier had the official com-
munique of July 9, indicating that the
Polish troops were retiring slowly and
counter-attacking on their principal
line between Molodechno and Borisov,
Attempts of the Red army to force
the Beresina near Bobruisk have been
repelled.
"The premier alluded to the unity of
all parties and classes in Poland, to
the universal volunteering for the new
armies in formation and to the con-
fidence of the people in being able to
hold out. He declared that the har-
vests were good.
"But," he added, "besides confidence
in ourselves, we call and rely on the
aid of our allies, military, where pos-
sible, and the moral and diplomatic
support of all."
Premier Grabsky answered all ques-
tions freely. The substance of the
Polish note to the allied governments,
he said, expressed the desire for peace
upon a basis of self-determination.
"Have you asked the allies for
troops?"
"No," he replied.
"For munitions?"
"Yes," he said.
"Have you asked for demobilized
officers?"
"No, but we would be glad to have
them. A few foreign officers are serv-
ing with the Poles, but each is an ex-
ceptional case."
The premier said that the agree-

MOTOR PATHFINDER
RESUMES JOURNEY

P. Gomery, Blazing Trail, Mon-
treal to Vancouver, Leaves
Winnipeg Today.

Winnipeg, July 12.—Driving his
pathfinder car in the first direct
Montreal to Vancouver motor trip,
Percy Gomery, of Vancouver, will
leave Winnipeg for the west tomor-
row. His object is to fix up on a
transcontinental route for motor cars
which will be Canadian to the fullest
possible extent.
From Montreal to Winnipeg occupied
15 days, and 900 miles of the distance
was over United States roads. Mr.
Gomery pointed out today that the
line from Kenora to Port Arthur was
the stumbling block in the "all-red"
route, and he predicted that upon the
completion of this stretch of road large
numbers of cars would travel to the
Canadian Soo, and then, after being
ferried to Port Arthur, would resume
the trip under their own power.

FRANCE MAY HAVE
A VICE-PRESIDENT

President Deschanel's Health
Has Revived Talk of Ap-
pointing One.

Paris, July 12.—The state of Pres-
ident Deschanel's health has revived
talk in the parliamentary lobbies of
the necessity of taking measures to
meet the possibility of a prolonged in-
ability of the president, thru illness,
to discharge the duties of his office.
Immediately after the accident
which befell the president recently, it
was proposed to create the office of
vice-president, which does not exist
under the French constitution, but the
idea was abandoned, as President
Deschanel's period of convalescence
then seemed likely to be short.
This hope has not been realized,
however, and the parliamentarians
are again discussing the situation
which would arise if the president
were forced to remain long absent
from Paris, especially at a time when
so many important questions of for-
eign policy are under discussion. If
an ad interim presidency were en-
trusted to a vice-president, it would
necessitate the meeting of the national
assembly if President Deschanel had
resigned.
Among the names mentioned in the
lobby as possibilities for vice-presi-
dent are those of Premier Millerand,
Leon Bourgeois, Charles Jonnart,
Raoul Peret, Georges Leygues and
General de Castelnau.
