EXECUTIONS IN PRUSSIA ARE RARE

Only Eight Per Cent. of Death Sentences Are Carried Out.

BERLIN, Dec. 6.—It is noteworthy that two murderers have recently suffered capital punishment in Prussia, because only some four to eight per cent. of capital sentences are carried

out in Germany, the proportion, in Great Britain being over 50 per cent. The newspapers commonly speak of these German criminals as victims of the ax or block, without much discrimination. By the German law all capital punishments must be carried out by beheading, but it is left to the separate states to choose their own methods. In those districts which are annexed by Napoleon I. the guillotine still prevails. Other regions may use the ax, the sword, or a carving knife if they please. The Prussian method is that the victim, sitting in a chair, is beheaded by a horizontal sweep of a long sword.

Hooked At Church. Mayor Hocken will speak at St. Luke's Men's Club next Tuesday at 8 p.m., on the street railway situation.

ST. MARY'S, Dec. 6.—At a meeting of the water, light and heat board Superintendent Miller stated that from Jan. 1 to Oct. 31 the board had a net profit from the electric light department of \$560. The waterworks department showed a deficit.

Percy Harlow, who lives on the Stratford road, near Mitchell, had a narrow escape from a horrible death Wednesday, when he was pinned down on a revolving circular saw by a pile of rails. An artery was severed and other incisions large enough of themselves to cause death.

The collegiate institute concert and commencement will be held in the town hall on Thursday, Dec. 18. The residence of the late J. Copeland on Peel street, was sold by auction on Saturday for \$285.

Capps and Nethercott have purchased a Toledo electric scale, the first to be used in St. Mary's.

The stores were closed on Wednesday, from 2 to 4 p.m., during the funeral of the late G. H. McIntyre, as a mark of respect to the passing of one of St. Mary's most honored citizens.

Old Courthouse Should Stand. WILKINSON, Ont., Dec. 6.—In discussing at the county council meeting today the work of rebuilding the courthouse, damaged by fire, W. W. Brookfield stated that Charles A. Cobb, a Toronto architect, was here some little time ago taking notes on the architecture of the building, which he proposed applying in the preparation of plans for the new registry office in Toronto. A letter from Mr. Cobb to Mr. Brookfield stated that the old building had some of the finest architectural lines that he had ever seen. "It would be an act of vandalism to in any way destroy the lines or graceful detail which gives it such strength and interest. Every faulty stone and damaged timber should be replaced."

Smoke of Herbs For Catarrh

A Simple, Safe, Reliable Way and it Costs Nothing to Try.

This preparation of herbs, leaves, flowers and berries (containing no tobacco or habit-forming drugs) is either smoked in an ordinary clegh pipe or smoking tube, and by drawing the medicated smoke into the mouth and inhaling into the lungs or sending it out through the nostrils in a perfectly natural way, the worst case of Catarrh can be eradicated.

It is not unpleasant to use, and at the same time it is entirely harmless, and can be used by man, woman or child.

Just as Catarrh is contracted by breathing cold or dust and germ-laden air, just so this balsam antiseptic smoking remedy goes to all the affected part of the air passages of the head, nose, throat and lungs. It can readily be seen why the ordinary treatment, such as sprays, ointments, salves, liquid or tablet medicines fail—they do not and can not reach all the affected parts.

If you have catarrh of the nose, throat or lungs, choked, stopped-up, feeling cold, catarrhal headaches; if you are given to hawking and spitting; this simple but scientific treatment should cure you.

An illustrated book which goes thoroughly into the whole question of the cause, cure and prevention of catarrh will, upon request, be sent you by Dr. J. W. Blosser, 193-E Spadina avenue, Toronto, Canada.

He will also mail you five days' free treatment. You will at once see that it is a wonderful remedy, and as it only costs one dollar for the regular treatment, it is within the reach of everyone. It is not necessary to send any money—simply send your name and address and the booklet and free trial package will be mailed you immediately.

WOMEN HECKLED CALGARY SPEAKERS

CALGARY, Dec. 6.—Five hundred women last night attended a meeting which was addressed by 23 candidates for aldermen. Every aspirant was subjected to vigorous heckling. Following the oratorical display the women enforced 15 candidates. One of the big issues is the perpetuation and encouragement of a public market in which the women are much interested.

FRANCE PLANS TO BEAT JACK JOHNSON

Big Frank Moran Expected to Turn the Trick in Paris.

NEW YORK, Dec. 6.—European sports are apparently just as eager to see Jack Johnson defeated as are American ring fans. It seems that there would be a genuine regret were the conqueror of James J. Jeffries allowed to retire undefeated. Johnson retired himself in this country, and the reputation which preceded him to the other side turned the clubs of Great Britain against any bouts in which Johnson was to be a participant. It is different in France. Boxing has taken the place of fencing, and the French people of both sexes are wildly enthusiastic over the game. During the last three years, since the meteoric rise of George Carpentier to ring fame, many young fellows have developed into clever boxers, and as a coincidence about 90 per cent. of the contests between Frenchmen and colored boxers have resulted in favor of the home-bred athlete. It seems to be the hope of the French people that Johnson will pay the penalty of his long absence from the ring. With the exception of the one bout of nine rounds with Jim Flynn, on July 4th, 1912, Johnson has not engaged in a ring contest or a hard siege of training for three years and five months. Johnson was 36 years old last March, according to his own admission. Jeffries was 35 when Johnson beat him, and John L. Sullivan was 34 when he lost his title to James J. Corbett.

These facts are merely alluding to the fact that a sort of unwritten precedent has been established as an age limit for heavyweights to hold the championship of the ring. Johnson is no different from the rest. Athletes, or those who nurture their physical being are given to much vitality at the start. It can be burned up in ten years, or be nursed and husbanded, and be made to last thirty. Johnson is no fool, but he has been driven from city to city, state to state, and finally fled this country, and has taken up refuge in France, all by his own indiscretion. During this period he has undoubtedly neglected his physical condition, while living on easy life with no matches in view.

Now, the French clubs are planning a match between Johnson and Frank Moran, the blond heavyweight of Brooklyn. Moran has been carefully schooled by Ben Kendrick, who has had him abroad before. Moran beat all the heavyweights he met in Europe, came back to this country, and had a series of conquests, the principal one being a two-round knockout of Al Palmer, the clever young Iowa giant. Moran is clever, fairly fast on his feet, and in his bout with Palmer showed that he possesses the punch of a champion. He is not the finished boxer that Corbett was, nor is he as fast on his feet. First, there is no question that McKentrick will insist on a 24-foot ring, inside measurement. He will train Moran to use that ring, and box Johnson for ten or fifteen rounds, with the expectation of the champion getting leg weary. The faster Moran moves around the ring the harder Johnson will have to work to catch him. All Moran will have to avoid is that sleep-producing right-hand uppercut. Flynn blocked and avoided it for nine rounds, and Moran avoided it half dozen times. Johnson has more class than a half dozen boxers of the Flynn type. If Dan McKentrick can school and train Moran to destroy Johnson, the ring followers of the world will deem it an insupportable favor.

When the match is made, or at least when articles of agreement are ratified, and the conditions are made public, there is no doubt that McKentrick will plan his campaign to win. Moran is built on the lines of Jim Corbett. He is not the finished boxer that Corbett was, nor is he as fast on his feet.
