MEXICAN SITUATION IS REGARDED AS SERIOUS

Today the City of Turreon is the Storm Centre and Government Troops are Rushing to the Scene-- U. S. may be Asked to Help in Restoring Order --Soldiers Patrol Streets.

City of Mexico, June 29.—The internal situation in Mexico which developed several days ago along the northern border of the republic, has developed serious features. Today the storm centres around the city of Turreon and in the country between that place and Jara, where bandit bands are operating in conjunction with the insurrectionists. Government troops are rushing to the scene. Already fifteen hundred Federal soldiers have reached Turreon to reinforce the garrison there, two hundred more have reached Jara and Chihuahua soldiers are patrolling the streets and the public-houses and jails are heavily guarded.

WASHED WINDOW WITH THE U. S. FLAG

An Incident Which Resulted in Lively Times for Americans in Panama Canal Zone.

Washington, June 29.—The Americans in Panama have had cause for heated protests recently, not on account of the Panama elections, but because of an incident which called into action a portion of the Panama army. A foreign commercial house in Colon insulted the United States flag, using it to wash the windows of the establishment. Wayne C. Adams, of the Canal zone, as the story goes, witnessed the desecration of the stars and stripes and engaged in a hard fought battle for the possession of one of the flags which were being used to clean windows. He was pursued, according to reports, by a section of the army of Panama, consisting of two policemen and a full lieutenant general in full regalia.

THE EVIDENCE IS STARTLING

(Toronto News.) As a revelation of the loose business methods in vogue at Ottawa the auditor general's evidence before Mr. Justice Casie is startling. That official's lack of faith in the certificates of expenditure sent in by officers of the marine department, the fact that one of them was compiled to refund several hundred dollars entered as "travelling expenses," the overpayment of our old friend Morwin, and the statement that the country has paid \$150,000 for log signals worth \$25,000 are sufficient to make the country do some serious thinking. Surely we have fallen into evil hands, and upon evil days.

VATICAN ORGAN ATTACKS PAN-ANGLICAN CONGRESS

Says Discussion at Congress Show That the Religion Represented There is Intended for This World Only—"The Superlative Poverty of the Pan-Anglican Congress."

Rome, June 29.—The Observatore Romano, the organ of the Vatican, in an editorial concerning the recent Pan-Anglican congress in London, says: "Religion without a legitimate hierarchy, although calling itself Christian, is the religion only for this world, as the questions discussed by the Pan-Anglican congress show. Throughout the centuries all religious have arisen without the seal of the real divine personality and similar to that discussed at the Pan-Anglican congress. All of them aim at securing the largest amount of joy in this life without caring for the other world."

THE TIMES NEW REPORTER

HIRAMS COMMENTS. Mr. Hiram Hovbean has invited the Every Day Club to hold its next series of athletic sports in the Settlement. Hiram was a spectator at the sports on Saturday afternoon, and was somewhat surprised at the small attendance.

was gittin' weaker an' wiser, an' I see by the papers that the boys smokin' me cigarettes every year. Well, sir, I like to see a boy with good will an' muscle. If this country's gonzo be what they tell us it will, I call it somebody's got to be able to stand the march. I like to see young fellers well trained an' ready for any event. Why don't the boys send men to young Lempie sports in London? It orno, I remember when I yelled myself hoarse over the Paris review. This town kin raise as good men as ever it did, if they had a chance to show what's in 'em. I see the'se some talk about layin' out an' croak big playground out where you go to Rockwood Park. That's just what the boys needs. An' while they're waitin' for the people who keep that one down at the Marsh Bridge an' that one on the Shanrock grounds keep all the time. I told one o' them club fellers Saturday for them not to get discouraged. As long as they kin keep the thing goin' they're doin' good work. I was proud of them young fellers Saturday. I told 'em if they'd come out to the Settlement next month we'd show 'em a crowd. We would, too.—By Hen!

A FOOLISH YOUNG MAN

Mr. Peter Binks, jr. is in some respects a somewhat foolish young man. For example, he made a wager with another young man yesterday that if they went for a car ride to Indiantown they would find the flag flying and the grass nicely trimmed on the little square. Of course, Pete lost the wager. There was no flag in sight, and the grass was a foot long. It is wrong to bet on Sunday.

THE WEATHER. Moderate south and west winds, fair and warm today and Tuesday, fog near south coast.
