### BRITON URGES FOSTERING OF EMPIRE TRADE

Sir J. Pennefather Tells  
British House of  
Needs

#### CITES MIGRATION

Would Have Imperial Conference  
Grapple With Overseas  
Settlement Problem

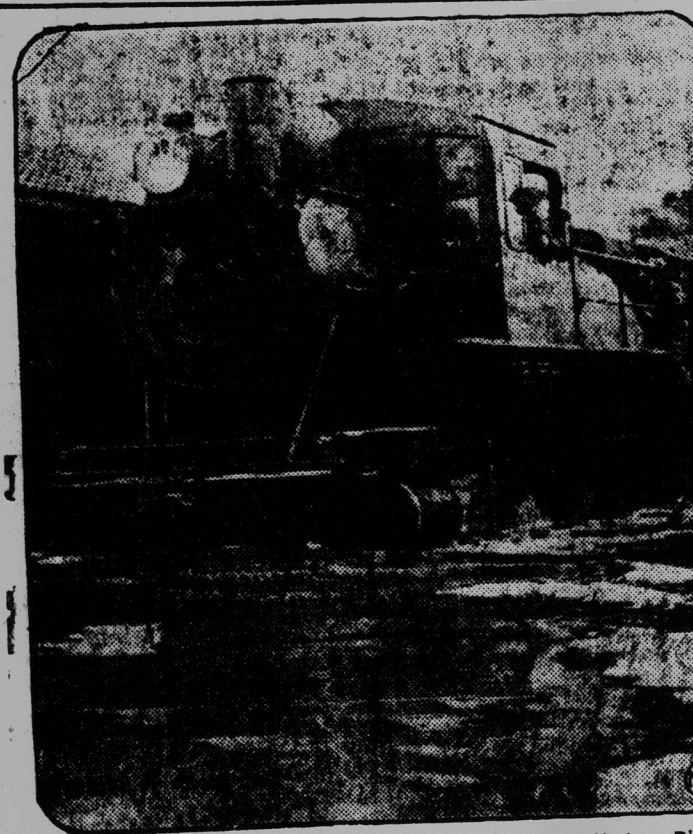

LONDON, April 30.—The slow increase in the population of the Dominions was deplored by Sir John Pennefather, Conservative, in the House of Commons yesterday, in speaking in support of a resolution moved by Robert Waddington, Conservative, urging the need of utilizing every opportunity for developing trade within the Empire. Sir John referred to the Dominions as Great Britain's best markets. He cited figures showing a big falling off in the migration to Canada in the past two years as compared with pre-war migration, and he expressed the opinion that the real problem of overseas settlement had not been grappled with.

The first step that should be taken in the matter of migration, Sir John continued, was to train the industrialized people of Great Britain in rural occupations. There were only two training centres, both of which were confined to unemployed juveniles, totaling 170. The country ought to be preparing emigrants to the number of at least 200,000, he declared. Sir John said he hoped the severity of Canada's restrictions on intending migrants would be dealt with seriously at the next Imperial conference. These restrictions at present ruled out very large numbers, he added.

#### ENDORSES RESOLUTION

Sir Philip Cunliffe-Liter, president of the Board of Trade, expressed sympathy with the resolution and asserted that the government was alive to all the points raised in it. He agreed that the results of migration were relatively small, when contrasted with the amount of money spent thereon. He said he trusted that the migration question

#### 16 GLASSES DAILY

WASHINGTON, April 27.—Driving a brewery wagon in Baltimore in the days before prohibition had advantages that some people would call the height of luxury now, Senator Bruce of Maryland in the debate with Senator Borah over prohibition, told the Senate that in the license days each driver of a brewery wagon in Baltimore was given 16 glasses of beer a day for himself. The Senator offered that as proof that the average man would have to drown himself in beer to get intoxicated.

### AMENDMENTS IN AUTO LICENSE BILL

Owner, Licensed Driver, or  
Chauffeur Permitted to Drive  
Cars in N. B.

FREDERICTON, N. B., April 30.—Any registered owner, holder of a driver's permit, licensed chauffeur or person accompanied by a registered chauffeur, may operate a motor vehicle in New Brunswick, according to the provisions of the bill to amend and consolidate the Motor Vehicle Law as finally amended by the legislature.

The bill was considered yesterday by the House when it was shown that there was some conflict between different sections of the bill relating to those who may operate a motor vehicle. In one section it was set forth that no one but a registered chauffeur should be allowed to drive an automobile while the chauffeur was present.

In reference to this subject, Hon. Mr. Stewart, explained that the owner could drive his car on his license and any other members of his family, over 16 years of age, could get a permit to drive for \$1.

### FASCISM TO STAY

Will Continue to Rule Italy With  
Iron Hand, Declares  
Mussolini

ROME, April 30.—Fascism will continue to rule Italy with its iron hand, Premier Mussolini declared before a special session of the Chamber of Deputies yesterday, devoted to thanks-giving ceremonies for his escape in the recent attempt on his life.

"In no case, or for no reason, will Fascism change its program," Mussolini said. "Everything as this moment is pre-arranged."

The episode which occasioned yesterday's manifestation, he continued, was already distant in his memory. Recalling it, he was merely annoyed, as if confronted by an insane thing.
